**The Lambeg and the Bodhrán** Rina Schiller,2001      *The Bodhrán* Colin F. Harte,2023-08-18 In the past fifty years the bodhr n or traditional Irish circular frame drum has undergone a rapid evolution in development Traditionally it is a shallow drum ranging from ten to twenty six inches in diameter covered in goatskin on the top or drum side and open on the other Unlike any other instrument associated with Irish traditional music the bodhr n has been dramatically altered by its confrontation with modern instrument design performance techniques and musical practice Colin Harte s *The Bodhr n* Experimentation Innovation and the Traditional Irish Frame Drum presents a definitive history of the bodhr n from its early origins to its present day resurgence in Irish American folk music The bodhr n has global roots and bears many characteristics of older drums from northern Africa and the Middle East Harte picks up on these basic similarities and embarks on an engaging tour of the instrument s historical and organological development gradual evolution in playing styles and more recent history of performative practice Drawing from a host of interviews over a multi year period with participants primarily located in Europe and North America this work provides a platform for multiple perspectives regarding the bodhr n Participants include bodhr n makers professional performers educators amateur musicians historians and enthusiasts Growing out of rich ethnographic interviews this book serves as the definitive reference for understanding and navigating the developments in the bodhr n s history organology performance practices and repertoire      *Music, Business and Peacebuilding* Constance Cook Glen,Timothy L. Fort,2021-12-21 Business schools are placing more emphasis on the role of business in society Top business school accreditors are shifting to mandating that schools teach their students about the social impact of business including AACSB standards to require the incorporation of business impact on society into all elements of accredited institutions Researchers are also increasingly focused on issues related to sustainability but in particular to business and peace as a field A strong strain of scholarship argues that ethics is nurtured by emotions and through aesthetic quests for moral excellence The arts and music as shown specifically in this book can be a resource to nudge positive emotions in the direction toward ethical behavior and logically then toward peace Business provides a model for positive interactions that not only foster long term successful business but also incrementally influences society This book provides an opportunity for integration and recognition of how music and other art forms can further encourage business toward the direction of peace while business provides a platform for the dissemination and modeling of the positive capabilities of music toward the aims of peace in the world today The primary market for this book is the academic audience Unlike many other academic books however the interdisciplinary nature of the book allows for multiple academic audiences Thus this book reaches into schools of music business political science film studies sports and society studies the humanities ethics and of course peace studies      **Ethnic Dignity and the Ulster-Scots Movement in Northern Ireland** Peter Gardner,2019-12-11 In this book Peter Gardner contends that the production of narratives of ethnic peoplehood is an attempt
