The Land That Never Was:

The Nation That Never Was Kermit Roosevelt, 2022-06-24 Persuasively argues that we must liberate ourselves from our sentimentalized attachment to the Founders and even the Declaration of Independence Sanford Levinson author of *Our Undemocratic Constitution* There s a common story we tell about America that our fundamental values as a country were stated in the Declaration of Independence fought for in the Revolution and made law in the Constitution But with the country increasingly divided this story isn t working for us anymore what s more it s not even true As Kermit Roosevelt argues in this eye opening reinterpretation of the American story our fundamental values particularly equality are not part of the vision of the Founders Instead they were stated in Lincoln s Gettysburg Address and were the hope of Reconstruction when it was possible to envision the emergence of the nation committed to liberty and equality We face a dilemma these days We want to be honest about our history and the racism and oppression that Americans have both inflicted and endured But we want to be proud of our country too In *The Nation That Never Was* Roosevelt shows how we can do both those things by realizing we re not the country we thought we were Reconstruction Roosevelt argues was not a fulfillment of the ideals of the Founding but rather a repudiation we modern Americans are not the heirs of the Founders but of the people who overthrew and destroyed that political order This alternate understanding of American identity opens the door to a new understanding of ourselves and our story and ultimately to a better America An inspiring reexamination of America s past Publishers Weekly Compelling and well worth consideration Kirkus Reviews starred review **The Light That Never Was** Lloyd Biggle, 1999-12-01

Parliamentary Debates New Zealand. Parliament, 1907 Parliamentary Debates (Hansard). New Zealand. Parliament. House of Representatives, 1879 The War That Never Ends: New Perspectives on the Vietnam War David L. Anderson, John Ernst, 2008 More than three decades after the withdrawal of American troops from Southeast Asia the Vietnam War still resonates in political and cultural discourse and still motivates vibrant historical inquiry In this book the editors present the newest perspectives on the war in Vietnam from the homefront to Ho Chi Minh City from the government halls to the hotbeds of activist opposition The seventeen essays compiled by David L. Anderson and John Ernst examine Vietnamese as well as American experiences of the grueling conflict breaking new ground on questions relating to gender religion ideology media and public opinion The book sheds new light on the evolving historical meanings of the Vietnam War its enduring impact and its potential to influence future political and military decision making in times of peace as well as war Dust jacket The Rise and Fall of the Oil Nation Venezuela Carlos A. Rossi, 2023-12-28 This book explains why Venezuela is so rich in natural resources it has been producing oil since 1922 and harbors the largest oil reserves in the world and yet it is also a failed nation of class divided citizens exhibiting deep poverty in a corrupt incompetent state Venezuela is a bipolar nation where two marked poles in the society exist which have historical origins and are mutually exclusive The book provides a critical analysis of Venezuela s history economy and politics and explains the context and

implications of the bipolar poles known as the elite pole and the resentful pole Both it shows have done serious harm to Venezuela s prosperity The author describes the vicious circle of oil wealth corruption inefficiency and world market dependency and gives recommendations for a better future

The Spaces That Never Were in Early Modern Art Jelena Todorović,2019-08-15 Throughout history the research of space has always been an issue of great interest Since classical Antiquity the physical space itself and its imperfect double the illusionary space used in the visual arts have been one of the perpetual obsessions of man However there are very few studies that question the reality of represented space and deal with those liminal phenomena that exist on the blurred boundary between reality and imagination Such spaces were never defined by carefully drawn borders they were usually outlined by the ephemeral and ever changing barriers For that very reason liminal spaces describe those curious worlds confined in gardens and collections they underpin all those dreams of ideal societies and construct visions of unobtainable and distant shores Liminal spaces are the territories not usually found on maps and in atlases they are not subjected to laws of perspective and elude the usual representations They are always beyond and behind the established depiction of space Often they possess yet another layer of signification that transforms a mere image of nature into a political manifesto the lines on precious stones into the shapes of vanished cities and private art collections into a dream of absolute power This book explores different representations and forms of liminal spaces that on the one hand deeply influenced the history of the early modern imagination and on the other established the models for our own understanding of liminal spatial phenomena

The Intimate Empire Gillian Whitlock,2000-02-01 By means of contextualized readings this work argues that autobiographic writing allows an intimate access to processes of colonization and decolonization incorporation and resistance and the formation and reformation of identities which occurs in postcolonial space The book explores the interconnections between race gender autobiography and colonialism and uses a method of reading which looks for connections between very different autobiographical writings to pursue constructions of blackness and whiteness femininity and masculinity and nationality Unlike previous studies of autobiography which focus on a limited Euro American canon the book brings together contemporary and 19th century women s autobiographies and travel writing from Canada the Caribbean Kenya South Africa Australia and New Zealand With emphasis on the reader of autobiography as much as the subject it argues that colonization and resistance are deeply embedded in thinking about the self

Growing Up with the Town Dorothy Schwieder,2005-05 In this unusual blend of chronological and personal history Dorothy Hubbard Schwieder combines scholarly sources with family memories to create a loving and informed history of Presho South Dakota and her family s life there from the time of settlement in 1905 to the mid 1950s Schwieder tells the story of this small town in the West River country with its harsh and unpredictable physical environment through the activities of her father Walter Hubbard and his family of ten children Walter Hubbard s experiences as a business owner and town builder and his attitudes toward work education and family both reflected and shaped the lives of Presho s inhabitants and the town itself While most histories of the Plains focus on farm life Schwieder writes entirely about small town society She uses newspaper accounts state and county histories census data interviews with residents and the childhood memories of herself and her nine siblings to create an entwined first hand social and economic portrait of life on main street from the perspective of its citizens
