Kroll, 2014-07-21 The English Novel Volume II Smollett to Austen collects a series of previously published essays on the early eighteenth century novel in a single volume reflecting the proliferation of theoretical approaches since the 1970s The novel has been the object of some of the most exciting and important critical speculations and the eighteenth century novel has been at the centre of new approaches both to the novel and to the period between 1750 and 1800 Richard Kroll's introduction seeks to frame the contributions by reference to the most significant critical

discussions These include the general importance of sentimentalism as a cultural movement after 1750 its relationship to the emergence of the Gothic novel as a specific genre or mode the rapid rise in the number of women novelists in the later eighteenth century the relationship between the novel as mediator of social relations and the idea of the public sphere the relationship between novelistic codes and the massive growth of a consumerist society the class conflicts of writers like Smollett the effect on the novel of the new British nation and the effects of the French Revolution and the subsequent political debates on writers like Wollstonecraft Godwin and Austen This collection will be of interest to students of the later enlightenment and also to all who are interested in late eighteenth century radicalism and the general relationship between literature history and politics

Out of the Night and Into the Dream Gregory Kent Stephenson, 1991-10-30 The author of *Empire of the Sun* and other acclaimed novels and stories British science fiction writer J G Ballard is here given a penetrating analysis his work being explored in terms of its internal coherence its continuity and development and its mythic and metaphysical aspects Ballard's fiction is widely considered to be a critique of our secular rational technological culture but this study departs from earlier ones that label him a fatalistic or nihilistic writer obsessed with entropy devolution and dissolution in showing him instead to be most deeply concerned with the redemption and regeneration of the human psyche With Ballard's focus so much on visionary perception and mystical transcendence Gregory Stephenson argues for his placement in the Romantic visionary tradition A comprehensive examination of Ballard's work this study traces his output and accomplishments over four decades exploring their thematic development Ballard is considered in relation to a number of British and American writers of the post World War II era within and beyond the often too rigidly applied categorization of science fiction as well as to poets and novelists of the past
