The Last Alternatives A Study Of The Works Of Allen Tate:

The Last Alternatives R. K. Meiners, 1963 *The Last Alternatives; a Study of the Works of Allen Tate* R K (Roger Keith) 1932- Meiners, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Last Alternatives; a Study of the Works of Allen Tate [By] R. K. Meiners* R. K. Meiners, 1973 *Allen Tate and His Work* Radcliffe Squires, 1972-01-01 **Allen Tate** Thomas A. Underwood, 2003-12-22 Despite his celebrity and his fame a series of literary feuds and the huge volume of sources have until now precluded a satisfying biography of Allen Tate Anyone interested in the literature and history of the American South or in modern letters will be fascinated by his life Poetry readers recognize Tate whom T S Eliot once called the best poet writing in America as the author of some of the twentieth century s most powerful modernist verse Others know him as a founder of *The Fugitive* the first significant poetry journal to emerge from the South Tate joined William Faulkner and others in launching what came to be known as the Southern Literary Renaissance In 1930 he became a leader of the Southern Agrarian movement perhaps America s final potent critique of industrial capitalism By 1938 Tate had departed politics and written *The Fathers* a critically acclaimed novel about the dissolution of the antebellum South He went on to earn almost every honor available to an American poet His fatherly mentoring of younger poets from Robert Penn Warren to Robert Lowell and of southern novelists including his first wife Caroline Gordon elicited as much rebellion as it did loyalty Long awaited and based on the author s unprecedented access to Tate s personal papers and surviving relatives *Orphan of the South* brings Tate to 1938 It explores his attempt first through politics and then through art to reconcile his fierce talent and ambition with the painful history of his family and of the South Tate was subjected to and also perpetuated fictional interpretations of his ancestry He alternately abandoned and championed Southern culture Viewing himself as an orphan from a region where family history is identity he developed a curious blend of spiritual loneliness and ideological assuredness His greatest challenge was transforming his troubled genealogy into a meaningful statement about himself and Southern culture as a whole It was this problem that consumed Tate for the first half of his life the years recorded here This portrait of a man who both made and endured American literary history depicts the South through the story of one of its treasured ambivalent and sometimes wayward sons Readers will gain a fertile understanding of the Southern upbringing education and literary battles that produced the brilliant poet who was

Allen Tate *Allen Tate* John V. Glass III, 2016-06-10 Based on the author's Ph D dissertation University of Mississippi 2009

Allen Tate George Hemphill, 1964 *Allen Tate American Writers* 39 was first published in 1964 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions **Hart Crane and Allen Tate** Langdon Hammer, 2017-03-14 Focusing on the vexed friendship between Hart Crane and Allen Tate this book examines twentieth century American poetry's progress toward institutional sanction and professional organization a process in which sexual identities poetic traditions and literary occupations were in question and at stake Langdon Hammer combines biography and formalist analysis to argue that American modernism was a Janus faced phenomenon at once emancipatory and elitist which simultaneously attacked traditional cultural authority and reconstructed it in new forms Hammer shows how Crane and Tate working in relation to each other and to T S Eliot created for themselves the competing roles of genius and poet critic Crane embraced the self authorizing powers of the individual talent at the cost of standing outside the emerging consensus of high modernist literary culture an aesthetic isolation which converged with his social isolation as a gay man Tate turning against Crane linked the modernist defense of tradition to an embattled heterosexual masculinity while he adapted Eliot's stance to a career sustained by criticism and teaching Ending his book with a discussion of Robert Lowell's career Hammer maintains that Lowell's confessional poetry recapitulates the conflict enacted by Crane and Tate Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Unwritten War Daniel Aaron, 2003-01-08 In *The Unwritten War* Daniel Aaron examines the literary output of American writers major and minor who treated the Civil War in their works He seeks to understand why this devastating and defining military conflict has failed to produce more literature of a notably high and lasting order why there is still no masterpiece of Civil War fiction In his portraits and analyses of 19th and some 20th century writers Aaron distinguishes between those who dealt with the war only marginally Henry Adams Henry James William Dean Howells Mark Twain and those few who sounded the war's tragic import Herman Melville Walt Whitman and William Faulkner He explores the extent to which the war changed the direction of American literature and how deeply it entered the consciousness of American writers Aaron also considers how writers especially those from the South discerned the war's moral and historical implications *The Unwritten War* was originally published by Alfred A Knopf in 1973 The New Republic declared This book's major contribution will no doubt be to American literary history In this respect it resembles Edmund Wilson's *Patriotic Gore* and is certain to become an indispensable guide for anyone who wants to explore the letters diaries journals essays novels

short stories poems but apparently no plays which constitute Civil War literature The mass of material is presented in a systematic luminous and useful way *Contemporary Literary Critics* NA NA,2015-12-25 A reference guide to the work of 115 modern British and American critics **Michigan Quarterly Review** ,1973 *Criticism and Literary Theory 1890 to the Present* Chris Baldick,2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth century criticism from decadent aestheticism to feminist deconstructionist and post colonial theories Special attention is given to new perspectives on Shakespearean criticism theories of the novel and models of the literary canon The book will help to define and account for the major developments in literary criticism during this century exploring the full diversity of critical work from major critics such as T S Eliot and F R Leavis to minor but fascinating figures and critical schools Unlike most guides to modern literary theory its focus is firmly on developments within the English speaking world Literature of Tennessee Ray Willbanks,1984 **The Art of the Critic: Middle twentieth century** Harold Bloom,1989 **The Wary Fugitives** Louis D. Rubin, Jr.,1978-06-01 John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren each began his career as one of the coterie of southern poets centered at Vanderbilt University who attracted national attention with their publication of *The Fugitive* magazine in the early 1920s and the celebrated essays in *I'll Take My Stand* Collectively known as the Fugitives or Agrarians as they were later called they became ardent and influential participants in the regionalist proletarian literary controversies of the Depression decades Each of the four poets was personally concerned with the connection between their creative work and the social realities around them In *The Wary Fugitives* Louis Rubin masterfully explores and illustrates the relationships between their poetry novels and literary criticism and their work as social critics He conducts in the process a revealing and provocative inquiry into the connection between American history and the twentieth century South **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States The Rebuke of History Paul V. Murphy,2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published *I'll Take My Stand* The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day

Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II *Guide to American Literature* Valmai Kirkham Fenster,1983 **The Cultural Politics of the New Criticism** Mark Jancovich,1993-11-26 Mark Jancovich examines the development of the New Criticism during the late 1920s and early 1930s and its establishment within the academy Handbook of American Poetry Sabine Sielke,2025-01-27 This handbook offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues
