five families knew their own end was near and took it upon themselves to perform a ritual which would give two chosen members the ability to live nine lifetimes on this earth Their names were Kin and Aoibhinn and they were now alone in a world they did not know or understand With all the traumas of their past still fresh in their mind they must somehow find a way to make it But one thing was for certain they were by no means going to live an ordinary life **The Ultimate Guide to Science Fiction** David Pringle,1995 This edition offers short evaluative descriptions of around 3500 novels brief statements and reviews by critics and a guide to sequels related titles and film versions New to this edition is expanded coverage of books of the late 19th and early 20th centuries Also new is the category novelizations and spin off fiction a section which reflects the tremendous growth in these publications since the 1980s All science fiction movie novelizations are covered as well as a selection of radio and television science fiction novelizations *Flood Legends: Sorted* R. Pilotte,2019-07-16 There are hundreds of ancient flood legends around the world that tells of vast inundations in ancient times caused by catastrophic events It s often assumed that these legends refer to the flood of Noah and his ark Although many do mirror this biblical story some people say these legends simply refer to local floods that only affected the world of the locals not the whole globe There are three types of flood legends global local and a confusion of global mixed with local floods We sorted these legends into categories presented the evidences and exhibited the causes of each type From this discussion emerges a frightful picture of the ancient world where civilizations were affected time and time again by vastly destructive cataclysmic events The world changed mountains rose continents shifted cities and islands sunk species were obliterated and whole populations were wiped off the face of the earth Legends regularly validate others as true histories If the floods they spoke of were not global their effect was This roller coaster ride of evidence will challenge the worldview of ancient and geologic history that have been taught to us Legends of the floods often mentioned God or the gods which were considered to be either responsible for the floods or saved people from them The age when the gods ruled is associated with advanced technology and flood legends Atlantis is considered central in flood legends and many researchers have incorrectly linked its destruction with all flood legends The gods too are related to Atlantis and are frequently tied with floods which necessitated a section devoted to the age of the gods wherein we discover their origins and who they are **Triad Societies: The Hung-Society, or the Society of Heaven and Earth** Kingsley Bolton,Christopher Hutton,2000 This set comprises a comprehensive selection of colonial Western scholarly texts on Chinese secret societies from the early nineteenth century to the mid twentieth century It includes a selection of important papers on Chinese secret societies by a variety of scholars missionaries and colonial officials
