The Last Lion 2 Volumes Alone And Visions Of Glory:

The Last Lion: Volume 2 William Manchester, 2012-11-06 The second volume of William Manchester's masterful account of Winston Churchill's life Alone is the second volume of William Manchester's brilliant three volume biography of Winston Churchill In this volume we witness the war within before the colossal war to come During this period Churchill was tested as few men are relentlessly pursued by creditors disowned by his own party vociferously dismissed by the press as a warmonger and twice nearly lost his seat in Parliament Yet despite his personal and political troubles Churchill managed to assemble a vast underground intelligence network both within the British government and on the continent which provided him with more complete and accurate information on Germany than the British government Recognizing the horrifying truth Churchill stood almost alone against Nazi aggression and the sordid British and French policy of appeasement Manchester's luminous portrait never loses sight of Churchill the man a man with limitations especially his callousness toward others including his supporters and his recklessness which could border on the foolhardy but also a man whose vision was global and whose courage was boundless Here is Churchill as a light in the approaching darkness readying himself for the terrible stand to come

The Last Lion: Volume 1 William Manchester, 2012-11-06 The first volume in William Manchester's masterful magnum opus account of Winston Churchill's life *The Last Lion Visions of Glory* follows the first fifty eight years of Churchill's life the years that mold him into the man who will become one of the most influential politicians of the twentieth century In this the first volume Manchester follows Churchill from his birth to 1932 when he began to warn against the re militarization of Germany Born of an American mother and the gifted but unstable son of a duke his childhood was one of wretched neglect He sought glory on the battlefields of Cuba Sudan India South Africa and the trenches of France In Parliament he was the prime force behind the creation of Iraq and Jordan laid the groundwork for the birth of Israel and negotiated the independence of the Irish Free State Yet as Chancellor of the Exchequer he plunged England into economic crisis and his fruitless attempt to suppress Gandhi's quest for Indian independence brought political chaos to Britain Throughout Churchill learned the lessons that would prepare him for the storm to come and as the 1930's began he readied himself for the coming battle against Nazism an evil the world had never before seen

Major 20th-century Writers ,1991 **Winston Churchill, Myth and Reality** Richard M. Langworth,2017-03-29 Winston Churchill indispensable when liberty was in peril died in 1965 Yet he is still accused of numerous sins from alcoholism and racism to misogyny and warmongering On the Internet he simmers in a stew of imagined misdeeds using poison gas firebombing Dresden causing the Bengal famine and so on Drawing on the author's fifty years of research and writing on Churchill this book uncovers scores of myths surrounding him the popular and the obscure to reveal what he really said and did about many issues Churchill had two personas one that thought deeply about the nature of humanity and one that helped solve seemingly intractable problems In his many decades in public life he made mistakes but his faults were well eclipsed by his virtues *Europe on the Path to Self-Destruction* Jack L. Schwartzwald,2022-07-27 Between the years 1815 and 1945 Europe achieved unrivaled global dominance only to see it shattered by two world wars This frenetic rise and fall was attended by immense societal change In 1815 Europe remained largely agricultural and dependent upon horsepower By 1945 the power of the atom had been unleashed Two industrial revolutions occurred in the interim the first founded upon coal iron and steam the second upon oil steel electricity and internal combustion The implications for humanity were profound This concise yet comprehensive study is divided into three sections In section one the map of Europe emerges in its modern visage as unrestrained nationalist fervor gives rise to an assemblage of new nation states In section two the continent attains global hegemony as massive industrialization fuels a mad scramble for colonial markets and raw materials In section three a cauldron of national ethnic and class hatreds spawn the rise of totalitarianism and the overthrow of European hegemony in two calamitous world wars By tracing the events and undercurrents of this vital period in European history this book offers trenchant insights for the lay reader and the student of history alike Young Titan Michael Shelden,2013-03-12 In modern memory Winston Churchill remains the man with the cigar and the equanimity among the ruins Few can remember that at the age of 40 he was considered washed up his best

days behind him In Young Titan historian Michael Shelden has produced the first biography focused on Churchill s early career the years between 1901 and 1915 that both nearly undid him but also forged the character that would later triumph in the Second World War Between his rise and his fall Churchill built a modern navy experimented with radical social reforms survived various threats on his life made powerful enemies and a few good friends annoyed and delighted two British monarchs became a husband and father took the measure of the German military machine authorized executions of notorious murderers and faced deadly artillery barrages on the Western front Along the way he learned how to outwit more experienced rivals how to overcome bureaucratic obstacles how to question the assumptions of his upbringing how to be patient and avoid overconfidence and how to value loyalty He also learned how to fall in love Shelden gives us a portrait of Churchill as the dashing young suitor who pursued three great beauties of British society with his witty repartee political flair and poetic letters In one of many never before told episodes Churchill is seen racing to a Scottish castle to prepare the heartbroken daughter of the prime minister for his impending marriage This was a time of high drama intrigue personal courage and grave miscalculations But as Shelden shows in this fresh and revealing biography Churchill s later success was predicated on his struggles to redeem the promise of his youth
