The Last Wali Of Swat An Autobiography As Told To Fredrik Barth:

The Last Wali of Swat Miangul Jahanzeb, Fredrik Barth, 1985 The Wali of Swat was born nine years before his father carved out a centralized state in the stateless unruly tribal area of the Swat Pathans on the borders of British India The Wali later ruled Swat for twenty years till it was merged with Pakistan in 1969 His recollections thus span the whole history of Swat State and give a unique insight into its formation and development Jacket **The last Wali of Swat** Fredrik Barth, Miangul Jahanzeb, 1985 **Pakistan** Anatol Lieven, 2011-04-12 An expert s compelling portrait of the complex volatile country now situated at the fulcrum of international concerns **Conquering the maharajas** Harrison Akins, 2023-06-06 Conquering the maharajas demonstrates that the political and military clashes between the Indian and Pakistani governments and the princely states a legacy of the layered sovereignty of British indirect rule in India was a product of the competing ideas of state sovereignty leading up to and following the transfer of power in 1947 **Fredrik Barth** Thomas Hylland Eriksen, 2015-04-20 Fredrik Barth is one of the towering figures of twentieth century anthropology This intellectual history traces the development of Barth s ideas and explores the substance of his contributions In an accessible style Thomas Hylland Eriksen s biographical study reveals the magic of ethnography to professional anthropologists and non practitioners alike Exploring his six decade career it follows Barth from early ecological studies in Pakistan to political studies in Iran to groundbreaking fieldwork in Norway New Guinea Bali and Bhutan Eriksen argues that Barth s voracious appetite for fieldwork holds the key to understanding his remarkable intellectual development and the insights it produced The book raises many of the same questions that emerge from Barth s own work of unity and diversity of culture and relativism of art and science *Polycentricity, Islam, and Development* Anas Malik, 2017-12-26 Development analysts often focus on the role of the state in making the right rules by which to govern society assuming that governance is exclusively or mainly the work of the central government authority The reality in many developing countries particularly those with weak central government authorities is that governance happens through diverse rules and in many centers of decision making in ways that are formal and informal official and unofficial This real world polycentricity can be dysfunctional or productive depending in part on shared understandings between decision making entities about how to relate to each other Those shared understandings come from cultural backgrounds historical interactions and other sources Political economist Anas Malik argues that well functioning polycentricity in developing countries depends in part on the shared understandings between official government entities and unofficial units that provide collective choice in particular arenas In Muslim majority contexts the Islamic tradition contrary to the image of a top down single voiced religious law provides ample resources supporting shared understandings that accommodate diverse rules and collective choice units Pakistan the largest Muslim majority country at its founding provides an important case After building on the development literature to suggest a typology of collective choice units in developing countries Malik explores resources in the Islamic tradition that support

polycentric governance The book then examines major deliberations in Pakistan's history particularly through documented inquiries into serious political crises such as sectarian religious agitation and civil war and through a selective survey of types of jurisdictions and collective choice units Malik argues that there are significant polycentric understandings in Pakistan's historical lineage but that these are heavily contested While there is potential for polycentric development in Pakistan the viability of polycentric order is constrained by countering forces and contextual factors *Baloch Nationalism* Taj Mohammad Breseeg, 2025-07-25 Across the rugged terrains of Pakistan Iran and Afghanistan lives a nation without a state the Baloch *Baloch Nationalism Between History and Resistance* unravels the complex tapestry of a people bound by shared language culture and a fierce sense of identity yet divided by colonial borders and post colonial power plays This book offers a gripping historical and analytical exploration of Baloch nationalism tracing its roots from the early 20th century to the present day From the British Empire's tribal manipulations to the 1948 annexation of Kalat and from grassroots uprisings to political movements like the Anjuman and the National Party it charts the enduring resistance of a marginalized nation More than a chronicle of conflict this work reveals how urbanization a rising educated class and the revival of cultural memory have breathed new life into a resilient political identity With profound implications for contemporary debates on ethnic conflict and self determination this is a must read for anyone seeking to understand the forces that shape nationalist movements in a fractured world Oral Literature of Iranian Languages: Kurdish, Pashto, Balochi, Ossetic, Persian and Tajik: Companion Volume II Ulrich Marzolph, Philip Kreyenbroek, 2010-05-19 A new History of Persian Literature in 18 Volumes Persian literature is the jewel in the crown of Persian culture It has profoundly influenced the literatures of Ottoman Turkey Muslim India and Turkic Central Asia and been a source of inspiration for Goethe Emerson Matthew Arnold and Jorge Luis Borges among others Yet Persian literature has never received the attention it truly deserves A History of Persian Literature answers this need and offers a new comprehensive and detailed history of its subject This 18 volume authoritative survey reflects the stature and significance of Persian literature as the single most important accomplishment of the Iranian experience It includes extensive revealing examples with contributions by prominent scholars who bring a fresh critical approach to bear on this important topic This companion volume deals with two of the most under researched areas of study in the Modern Iranian field the Persian oral and popular literature of Iran Tajikistan and Persian speaking Afghanistan on the one hand and the written and oral literatures of the Kurds Pashtuns Baloch and Ossetians on the other **Heroes of the Age** David B. Edwards, 1996-11 Edwards contends that Afghanistan's troubles derive less from foreign forces and the ideological divisions between groups than they do from the moral incoherence of Afghanistan itself **Living Islam** Magnus Marsden, 2005-12-19 Popular representations of Pakistan's North West Frontier have long featured simplistic images of tribal blood feuds fanatical religion and the seclusion of women The rise to power of the radical Taliban regime in neighbouring Afghanistan enhanced the region's reputation as a place of anti Western militancy Magnus Marsden is an anthropologist who

has immersed himself in the lives of the Frontier s villagers for more than ten years His evocative study of the Chitral region challenges all these stereotypes Through an exploration of the everyday experiences of both men and women he shows that the life of a good Muslim in Chitral is above all a mindful life enhanced by the creative force of poetry dancing and critical debate Challenging much that has been assumed about the Muslim world this 2005 study makes a powerful contribution to the understanding of religion and politics both within and beyond the Muslim societies of southern Asia **Tribes and State Formation in the Middle East** Philip Shukry Khoury, Joseph Kostiner, 1990 Offering a fuller understanding of the complexities and particular patterns of state formation in regions where tribes have exercised a significant influence this volume focuses on the continuing existence of tribal structures and systems in contemporary times within contemporary nation states The contributors offer hypotheses as to why these groups have managed to survive and what impact they have had on modern states backcover Journal of the Research Society of Pakistan Research Society of Pakistan, 2006 *Acta Orientalia* , 1986 A Man For All Seasons: The Life Of K.M. Panikkar Narayani Basu, 2025-08-19 About the Book AN UNFLINCHING LOOK AT ONE OF INDIA S MOST FASCINATING FIGURES THE PUBLIC INTELLECTUAL AND DIPLOMAT WHO HELPED SHAPE A POST COLONIAL INDIA K M Panikkar was a multifaceted man one of India s first public intellectuals as India won its independence His imprint is all over India s colonial and post colonial history from constitutional reform in the princely states where he was a strong advocate for India s current federal model to charting India s maritime policy as a free country He believed in an essential Hindu culture that held his land together yet he was a committed secularist He was Gandhi s emissary and the founder of the Hindustan Times He was independent India s first and most controversial ambassador to both Nationalist China and the People s Republic of China He was Nehru s man in Cairo and France and a member of the States Reorganisation Commission He had enemies in the CIA as well as in India s own Ministry of External Affairs He frustrated his admirers as much as he provoked their reluctant respect From the British Raj to the Constituent Assembly across two world wars and an ensuing Cold War K M Panikkar was India s go to man in all seasons Through it all he never stopped writing on Indian identity nationalism history and foreign policy material that remains as relevant today as it was seven decades ago Yet about the man himself strangely little is known In A Man for All Seasons Narayani Basu bridges that gap Drawing on Panikkar s formidable body of work as well as on archival material from India to England from Paris to China and from Israel to the United Nations as well as on first time interviews with Panikkar s family Basu presents a vivid irresistibly engaging portrait of this most enigmatic of India s founding fathers Featuring a formidable cast of characters from Jawaharlal Nehru Mahatma Gandhi and Sardar Patel to Zhou Enlai Chairman Mao and Gamal Abdel Nasser A Man for All Seasons is as much a sweeping history of a young India finding its place in the world as it is the story of a man who was impossible to ignore then and remains so now **Journal of the Pakistan Historical Society** Pakistan Historical Society, 2007 *Quarterly Journal of the Pakistan Historical Society* Pakistan Historical Society, 2005
