The Cabana Stories Oh Those Childhood Days:

The Cabana Stories Terry Black, 2005-12 the best part about the shore had to be our daytime trips to the beach My cabana days I can clearly see the cabana there in all its majesty Resplendent in its colors of royal blue orange and yellow our beach tent provided us with looks of admiration and envy from those less fortunate beach dwellers with merely an umbrella and a blanket I can still smell that familiar mix of canvas and suntan lotion The cabana was my haven from the elements where I could survey the beach terrain in comfort As viewed through the eyes of a young girl *The Cabana Stories* poignantly illustrates how ordinary events can transform and enlighten not only the main character in the stories but the reader as well Lessons from life resonate through these everyday stories of growing up in South Philadelphia during the 1950s This richly woven collection of tales about the odyssey of youth in a simpler time and world is an engaging experience for all ages to enjoy From the days when she became a spy queen according to her friend Harris to the blustery Christmas when she learned about the love and sacrifices mothers make for their children the memories author Terry Black shares in *The Cabana Stories* will soothe your soul

The Burning Blue Kevin Cook, 2021-06-08 Winner of the American Astronautical Society's 2021 Eugene M Emme Award The untold story of a national trauma NASA's Challenger explosion and what really happened to America's Teacher in Space illuminating the tragic cost of humanity setting its sight on the stars You've seen the pictures You know what happened Or do you On January 28 1986 NASA's space shuttle Challenger exploded after blasting off from Cape Canaveral Christa McAuliffe America's Teacher in Space was instantly killed along with the other six members of the mission At least that's what most of us remember Kevin Cook tells us what really happened on that ill-fated unforgettable day He traces the pressures leading from NASA to the White House that triggered the fatal order to launch on an ice-cold Florida morning Cook takes readers inside the shuttle for the agonizing minutes after the explosion which the astronauts did indeed survive He uncovers the errors and corner-cutting that led an overconfident space agency to launch a crew that had no chance to escape But this is

more than a corrective to a now dimming memory Centering on McAuliffe a charmingly down to earth civilian on the cusp of history The Burning Blue animates a colorful cast of characters a pair of red hot flyers at the shuttle s controls the second female and first Jewish astronaut the second Black astronaut and the first Asian American and Buddhist in space Drawing vivid portraits of Christa and the astronauts Cook makes readers forget the fate they re hurtling toward With drama immediacy and shocking surprises he reveals the human price the Challenger crew and America paid for politics capital P Progress and the national dream of reaching for the stars
