The Killer Within Philip Carlo, 2011-03-01 As research for his acclaimed true crime books Philip Carlo interviewed at length some of the most infamous criminals and killers of our times in prison and on death row He was able to forge a trusting relationship with his subjects enabling him to extract the facts behind their infamy and identify what motivated them to commit their horrific crimes His successful books reveal the truth about notorious characters such as LA serial killer Richard Ramirez The Night Stalker Mafia contract killer Richard Kuklinski The Ice Man and crime family boss

Anthony Casso Gaspipe and working closely with the DEA Carlo also wrote the definitive account of Bonanno Mafia family assassin Tommy Karate Pitera The Butcher Carlo s investigative achievements were remarkable but what wasn t known to his readers was that while working on The Ice Man he learnt he had amyotrophic lateral sclerosis ALS a terminal illness that caused all of the muscles in his body to atrophy over time Suddenly after years of penetrating the minds of killers Carlo was himself being pursued by the grim reaper But rather than lying down and succumbing to the disease Carlo continued to work right up until his death in 2010 and his books were published to critical and commercial acclaim In The Killer Within Carlo documents his difficult experiences with ALS and explains how he managed to continue working as a true crime author in the face of adversity He provides an intimate account of his relationships with Ramirez Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with the numerous challenges that ALS presented as it slowly began to steal his life away

Kill the Killers Within Avin Isaac Dsouza,2018-08-30 It is a common human tendency that we blame the other persons our circumstances our family background lack of qualification etc for our failure to lead a successful life We consider all these as our enemies I too often used to blame my outer conditions for my failures and used to feel helpless Gradually I realized that there is not even single enemy of me outside I realized that my enemies are only found within me These are the enemies cultivated by me because of my ignorance These enemies are so clever that they disguise like friends and try to kill me from becoming a person I should be Your internal enemies are killing you without your knowledge As true to the title this book will help you to kill all your internal enemies and to befriend your internal friends As you read this book you will be able to identify many of your internal enemies and many of those enemies will die while reading this book itself This book also will help you to turn your limitations into opportunities and your weaknesses into strengths You will start appreciating what you were criticizing before and start criticizing what you were appreciating before I believe that whatever your life may be you can change it for the better this very moment
