## **The Killings:**

**The Killing Season** Geoffrey B. Robinson, 2018-02-13 The Killing Season explores one of the largest and swiftest yet least examined instances of mass killing and incarceration in the twentieth century the shocking antileftist purge that gripped Indonesia in 1965-66 leaving some five hundred thousand people dead and more than a million others in detention An expert in modern Indonesian history genocide and human rights Geoffrey Robinson sets out to account for this violence and to end the troubling silence surrounding it In doing so he sheds new light on broad and enduring historical questions How do we account for instances of systematic mass killing and detention Why are some of these crimes remembered and punished while others are forgotten What are the social and political ramifications of such acts and such silence Challenging conventional narratives of the mass violence of 1965-66 as arising spontaneously from religious and social conflicts Robinson argues convincingly that it was instead the product of a deliberate campaign led by the Indonesian Army He also details the critical role played by the United States Britain and other major powers in facilitating mass murder and incarceration Robinson concludes by probing the disturbing long term consequences of the violence for millions of survivors and Indonesian society as a whole Based on a rich body of primary and secondary sources The Killing Season is the definitive account of a pivotal period in Indonesian history It also makes a powerful contribution to wider debates about the dynamics and legacies of mass killing incarceration and genocide

**Behind the Killing Fields** Gina Chon, Sambath Thet, 2011-06-03 In recent history atrocities have often been committed in the name of lofty ideals One of the most disturbing examples took place in Cambodia's Killing Fields where tens of thousands of victims were executed and hastily disposed of by Khmer Rouge cadres Nearly thirty years after these bloody purges two journalists entered the jungles of Cambodia to uncover secrets still buried there Based on more than 1 000 hours of interviews with the top surviving Khmer Rouge leader Nuon Chea Behind the Killing Fields follows the journey of a man who began as a dedicated freedom fighter and wound up accused of crimes against humanity Known as Brother Number 2 Chea was Pol Pot's top lieutenant He is now in prison facing prosecution in a United Nations Cambodian tribunal for his actions during the Khmer Rouge rule when more than two million Cambodians died The book traces how the seeds of the Killing Fields were sown and what led one man to believe that mass killing was necessary for the greater good Coauthor Sambath Thet a Khmer Rouge survivor shares his personal perspectives on the murderous regime and how some victims have managed to rebuild their lives The stories of Nuon Chea and Sambath Thet collide when the two meet While Thet holds Chea responsible for the death of his parents and brother he strives for understanding over revenge in order to reveal the forces that destroyed his homeland in the name of creating utopia In this age of suicide bombers and terror alerts the world is still at a loss to comprehend the violence of zealots Behind the Killing Fields bravely confronts this challenge in an

**The Killing Consensus** Graham Denyer Willis, 2015-03-21 We hold many assumptions about police work that it is the responsibility of the state or that police officers are given the right to kill in the name of public safety or self defense But in *The Killing Consensus* Graham Denyer Willis shows how in São Paulo Brazil killing and the arbitration of normal killing in the name of social order are actually conducted by two groups the police and organized crime both operating according to parallel logics of murder Based on three years of ethnographic fieldwork Willis's book traces how homicide detectives categorize two types of killing the first resulting from resistance to police arrest which is often broadly defined and the second at the hands of a crime family known as the Primeiro Comando da Capital PCC Death at the hands of police happens regularly while the PCC's centralized control and strict moral code among criminals has also routinized killing ironically making the city feel safer for most residents In a fractured urban security environment where killing mirrors patterns of inequitable urbanization and historical exclusion along class gender and racial lines Denyer Willis's research finds that the city's cyclical periods of peace and violence can best be understood through an unspoken but mutually observed consensus on the right to kill This consensus hinges on common notions and street level practices of who can die where how and by whom revealing an empirically distinct configuration of authority that Denyer Willis calls sovereignty by consensus

killings it also denied that the killings could ever be understood as a centralised nation wide campaign Using documents from the former Indonesian Intelligence Agency s archives in Banda Aceh this book shatters the Indonesian government s official propaganda account of the mass killings and proves the military s agency behind those events This book tells the story of the 3 000 pages of top secret documents that comprise the Indonesian genocide files Drawing upon these orders and records along with the previously unheard stories of 70 survivors perpetrators and other eyewitnesses of the genocide in Aceh province it reconstructs for the first time a detailed narrative of the killings using the military s own accounts of these events This book makes the case that the 1965 66 killings can be understood as a case of genocide as defined by the 1948 Genocide Convention The first book to reconstruct a detailed narrative of the genocide using the army s own records of these events it will be of interest to students and academics in the field of Southeast Asian Studies History Politics the Cold War Political Violence and Comparative Genocide *The Killings at A.B.U., Friday, May 23, 1986!* Academic Staff Union of Universities (Nigeria).
