J.G. Ballard's Surrealist Imagination Jeannette Baxter,2016-12-05 Making the case that J G Ballard s fictional and non fictional writings must be read within the framework of Surrealism Jeannette Baxter argues for a radical revisioning of Ballard that takes account of the political and ethical dimensions of his work Ballard s appropriation of diverse Surrealist aesthetic forms and political writings Baxter suggests are mobilised to contest official narratives of postwar history and culture and offer a series of counter historical and counter cultural critiques Thus Ballard s work must be understood as an exercise in Surrealist historiography that is politically and ethically engaged Placing Ballard s illustrated texts within this critical framework permits Baxter to explore the effects of photographs drawings and other visual symbols on the reading experience and the production of meaning Ballard s textual spectacles raise a variety of questions about the shifting role of the reader and the function of the written text within a predominantly visual culture while acknowledging the visual contexts of Ballard s Surrealist writings allows a very different historical picture of the author and his work to emerge **J.G.**

Ballard Andrzej Gasiorek,2024-07-30 This book offers a comprehensive account of the work of J G Ballard regarded by

several critics as one of the most significant fiction writers of recent times Ballard's early science fiction writing earned him plaudits as one of the most innovative and individual voices in the field but his development as a writer has taken him far beyond the confines of any single genre This book traces Ballard's career from his early science fiction short stories and novels to his most recent work particularly his timely reflections on the role of violence in contemporary social life It argues that Ballard's writing is characterised by a distinctive vision of the post war world and its possible futures and suggests that his far reaching analyses of the present age make him one of the indispensable commentators of our time Myth and Gospel in the Fiction of John Updike John McTavish,2018-01-01 Big on style slight on substance that has been a common charge over the years by critics of John Updike In fact however John Updike is one of the most serious writers of modern times Myth as this book shows unlocks his fictional universe and repeatedly breaks open the powerful themes in his literary parables of the gospel Myth and Gospel in the Fiction of John Updike also includes a personal tribute to John Updike by his son David two essays by pioneer Updike scholars Alice and Kenneth Hamilton and an anecdotal chapter in which readers share Updike discoveries and recommendations All in all weight is added to the complaint that the master of myth and gospel was shortchanged by the Nobel committee *Life Writing and the End of Empire* Emma Parker,2024-03-21 The dismantlement of the British Empire had a profound impact on many celebrated white Anglophone writers of the twentieth century particularly those who were raised in former British colonial territories and returned to the metropole after the Second World War Formal decolonisation meant that these authors were unable to go home to their colonial childhoods a historical juncture with profound consequences for how they wrote and recorded their own lives Moving beyond previous discussions of imperial and colonial nostalgia *Life Writing and the End of Empire* is the first critical study of white memoirists and autobiographers who rewrote their memories of empire across numerous life narratives By focussing on these processual homecomings Emma Parker's study asks what it means to be at home in memories of empire whether in the settler farms of Southern Rhodesia or amidst the neon lights of Shanghai's International Settlement These discussions trace the legacies of empire to the habitations and detritus of everyday life from mansions and modest railway huts to empty swimming pools heirlooms and photograph albums Exploring works by Penelope Lively J G Ballard Doris Lessing and Janet Frame this study establishes new connections between authors usually discussed for their fiction and who have been hitherto unrecognised as post imperial life writers Offering close sustained analysis of autobiographies memoirs travel narratives and autofictions and identifying new subgenres such as speculative life writing this book advances rich new readings of autobiographical narrative By tracing the continuing importance of colonialism to white subjectivity the role of imperial memory in Britain and the ways that these unsettling forces move beneath the surface of modern and contemporary literature this study offers new conceptual insights to the fields of life writing and postcolonial studies *J. G. Ballard* Jeannette Baxter,2009-02-12 J G Ballard is one of the most significant British writers of the contemporary period His award winning novels are widely studied

and read yet the appeal of Ballard's idiosyncratic and often controversial imagination is such that his work also enjoys something of a cult status with the reading public. The hugely successful cinematic adaptations of *Empire of the Sun* (Spielberg 1987) and *Crash* (Cronenberg 1996) further confirm Ballard's unique place within the literary, cultural and popular imaginations. This guide includes new critical perspectives on Ballard's major novels as well as his short stories and journalistic writing covering issues of form, narrative and experimentation. Whilst offering fresh readings of dominant and recurring themes in Ballard's writing including history, sexuality, violence, consumer capitalism and urban space, the contributors also explore Ballard's contribution to major contemporary debates including those surrounding post-9/11 politics, terrorism, neo-imperialism, science, morality and ethics.

The Oxford History of Life-Writing Patrick Hayes, 2022. This volume is devoted to life writing in English from 1945 to the present day, a period in which life writing became an increasingly popular and accessible form.

The Oxford History of Life-Writing Patrick Hayes, 2022-01-06. With the growing urgency of questions about how to claim identity and achieve authenticity, life writing started to acquire an unprecedented cultural importance. A range of social and economic developments, from the publishing boom in memoir writing to the rise of the internet, transformed the possibilities for self-expression. By the end of the timespan covered in this book, life writing was no longer something done mainly by important individuals who wrote their autobiography or by sensitive souls who kept a diary. It became a truly ubiquitous phenomenon, part and parcel of the everyday formation of selfhood. Considering a diverse range of texts from across the English-speaking world, this volume places life writing in relation to wider debates about the sociology and philosophy of modern identity and the changing marketplace of publishing and bookselling. Yet in doing so, it seeks above all to credit the extraordinary literary inventiveness which the pursuit of self-knowledge inspired in this period. Major subjects addressed include the aftermath of World War II, including responses to the Holocaust; the impact of psychoanalysis on biography, autofiction, autobiography and changing ideas about authentic self-knowledge; coming out; memoirs and the transformation of sexual identity; feminist exemplary writing and lyric poetry; multilingualism and intercultural life writing; the memoir boom and the decline of intimacy; testimony, narrative and memory; culture; posthumanism in theory and practice; literary biography as an alternative to literary theory; literary celebrity and its consequences for literature; social media and digital life writing.

The Politics of Interpretation Patrick Colm Hogan, 1990-07-26. This interpretive study analyzes the complex politics of literary criticism and professionalism. While affirming the profound importance of political analysis, from the ideological critique of literary texts to the social and economic critique of academic institutions, Hogan reassesses the poststructuralist doctrines that underlie much recent work in this area. He presents extended expositions and criticisms of the views of several influential poststructuralist writers, including Jacques Derrida and Luce Irigaray. In keeping with recent post-structuralist trends in France and elsewhere, Hogan argues for the political necessity of rational inference and empirical enquiry, guided by ethical and more specifically

Kantian considerations In the process he convincingly formulates a general theory of ideology that recognizes the crucial link between literary politics and the concrete political issues that affect the lives of real men and women in the real world of social and material life His study concludes with an economic analysis of the institutions of literary study outlining some anarchist implications for their restructuring *Interpretative Identity and Hermeneutical Community* Mi-Rang Kang,2011 In this study Mi Rang Kang 1969 in Seoul investigates the role of women in Korean church life and society and shows possibilities for their empowerment By transposing Paul Ricoeurs hermeneutics into her own context she wants to contribute to the formation of Korean Christian women s identity Along the lines of the book of Ruth she develops a Bible didactical theory for her own church At the same time the book will also give Western readers an insight into one of the major Presbyterian denominations in Korea little known so far The Certified Public Accountant ,1927 **The International Handbook of Animal Abuse and Cruelty** Frank R. Ascione,2010 Animal abuse as a predictor of abuse against humans has been documented extensively Experts have explored alternatives to identify the early signs and stop the cycle This book offers an up to date compendium that covers the historical legal research and applied issues related to animal abuse and cruelty **The Construction of Korean Culture in Korean Language Textbooks** Dong Bae Lee,2020-11-24 The book examines the themes of cultural values collective identity political ideologies and Korean cultural traditions throughout Korean language textbooks from the last 120 years Through this analysis the author explores the colonial neo colonial and postcolonial contexts that have influenced South Korea This work demonstrates the significant impact of textbooks and how political leaders make use of school curricula to legitimate their regimes **The Inner Man** John Baxter,2011-09-08 An explosive and perceptive biography of the British novelist J G Ballard To many people J G Ballard will always be the schoolboy in Steven Spielberg s movie *Empire of the Sun* struggling to survive as an internee of the Japanese during World War II Others remember him as the author of *CRASH* a meditation on the eroticism of the automobile and the car crash which also became a film and a cause celebre for its frank depiction of a fetish which as this book reveals was no literary conceit but a lifelong preoccupation In this first biography John Baxter draws on an admiration of and acquaintance with Ballard that began when they were writers for the same 1960s science fiction magazines With the help of the few people whom he admitted to his often hermit like existence it illuminates the troubled reality behind the urbane and amiable facade of a man who was proud to describe himself as psychopathic **The Englishwoman's review (of social and industrial questions)** [ed. by J. Boucherett]. Jessie Boucherett,1881
