The Kingdom Of The Shining Ones:

The Kingdom of the Shining Ones Flower A. Newhouse, 2013-10 This is a new release of the original 1955 edition *The Kingdom of the Shining Ones* Flower A. Newhouse, 1955 *The Shining Ones* Aldivan Torres, 2025-08-09 Mary Magdalene is a prostitute Working in a brothel you have known all the rot life can offer Immersed in this sea of mud she no longer hopes that something good will happen Until at some point in his life something happens related to a connection of the past and to an enlightened young man who are the two keys to the discovery of a simply inspiring story However was there any chance of softening her petrified heart and making her reflect Do not miss any scene from *The Shining ones* *The Shining Ones* Philip Gardiner, 2002 For many years now there has been an upsurge in revelation stories and alternative viewpoints on man's history People such as Graham Hancock and Lawrence Gardner have brought to light many new ideas and many new problems Now there is a new theory which is all encompassing and clearly brings into focus a more sinister reason behind the emergence of civilisation In his theory on Atlantis Graham Hancock is receiving much admiration and academic acclaim Standard academic thought is more towards the spontaneous eruption of civilisation across the globe with little or no explanation of why there are so many similarities between the cultures Now Philip Gardiner in his new book *THE SHINING ONES* is set to turn even this upon its head The theory is so simple that it begs the question why has it not been thought of before The reason for universal similarity of architecture language art travel and religious belief is quite simply an ancient and secret religious brotherhood who have hidden themselves deep within the symbols ciphers and codes of our ancient texts for hundreds of years They held a secret knowledge and power base which spread with them across the globe The very title that they have given themselves is hidden within the standard text and religious books we use every day *The Shining Ones* Put like this the whole thing can sound like an X Files conspiracy theory However the author has invested huge amounts of time and energy checking researching and seeking the advice of academics Now the theory is attracting the attention of historians who can see that the patterns are as subtle as this author proposes The fact is this theory does explain away all the problems with dating and variations that people such as Hancock have come up against Many academics and especially Egyptologists are now turning to this way of thinking and with Gardiner's spirit and broad knowledge in history and language the history of the ancients and the secrets that they hold are becoming more clear There are of course dissenters The author has been accosted for his standpoint and there are still those hardened academics and even non academics who refuse to even listen However there is a major TV documentary in pre production stages and with interviews planned across the nation on radio and TV the message may soon be accepted as a credible theory **"The Shining Ones"** Helene E. Hagan, 2001-08-17 The Introduction of the book indicates the necessity to start with the archaeology of the early settlements of the West Bank of the Nile a territory to be considered as the mother or matrix of all Egyptian civilization It establishes the pioneer nature of this Etymological Essay in the English language as most of the studies in keeping with its findings are to be

found in the scholarly literature of Europe and North Africa

- 1 Archaic Terminology The chapter traces the origins of early settlements of the northwestern region of Egypt the desert oases the Fayum the region of the Lakes and the western portion of the delta of the Nile by Saharan and Libyan archaic people with specific emphasis on archaic topography which can be directly related to Modern Amazigh spoken today in North Africa Tamazirt
- 2 The Pillar People The review of a number of terms from the mythology and ceremonial procedures of dynastic Egypt shows the influence of those early settlers named The People of the Pillars Intui on the beliefs and practices perpetuated through centuries in Egypt and the presence of an all pervasive worship of these early origins cult of ancestors
- 3 The Holy rulers of First Princes of Egypt An intensive comparative review of ancient Egyptian and Modern Amazigh terms reveals that the first noble rulers of the area were of Amazigh origin A series of families of terms link quite clearly a number of beliefs and practices to the North African cultural complex
- 4 Tehuti time and the Wisdom of the stars is a chapter delving a little more deeply into the cosmogony and cosmology of the early Egyptians and the roots of that knowledge in archaic practices which have parallel indicators in North Africa
- 5 The Innermost Shrine from The Book of the Dead The geography of the Land of the Beyond Tu at Du Ament and a variety of important indices throughout the Book of the Dead indicate quite clearly that the final return of the defunct to the Blessed Land of the Ancestors was also a step by step description of their claim of descent from these original beings The rule of Ma aa at the organizing principle of an entire civilization for centuries or NTR originated in the area of the Sacred lakes and the ancient settlements of the Fayum and oasis complex Linguistic comparison with Modern Amazigh continues to indicate the kinship of those people with North African Imazighen also known as Berbers
- 6 A Conclusion Notes and an Appendix which is the reproduction of an article published in The Amazigh Voice a publication of the Amazigh Cultural Association in America indicate the pioneer aspect of such a work and the direction in which further linguistic studies could bring increasing light into areas of Egyptian scholarship heretofore deemed as obscure and or of barbarous origin

The Shining One and Poems by Allan Allan Thomas Gibson,2011-10-28 This penetrating story shows the slide of self obsession into hatred for and destruction of anything or anyone else who seems more beautiful or greater What I had thought to be something akin to a medieval myth was in fact a parable a story of faith innocence envy betrayal disillusionment yet hope the whole human condition Some will see it as fantasy others as a religious story it is timeless Anna Buck Winner of numerous poetry awards
