John J. Robinson

The Knights Templar:

The Knights Templar Stephen Howarth, 1982 The age of the Crusades encompassed the rise and fall of a singular Order of fighting men equally devoted to God war and the defense of Palestine After the Crusades the Templars obeyed no one except the Pope and acquired land and castles by gift conquest and purchase becoming a church within the Church They were bankers merchants diplomats and tax gatherers and though they themselves were poor the wealth of their Order was legendary As the nation states arose the Templars were accused of heresy treachery sodomy usury blasphemy and idolatry The author assesses the faults and fine qualities of the brotherhood examining the reasons for its initial allure and eventual ignominious obliteration

The Knights Templar Patrick Masters, 2025-05-15 Formed in the twelfth century to guard pilgrims on the road in the Holy Land the Knights Templar would soon be a major military force in the Crusades and amass enormous sums of wealth However their sudden arrest in the fourteenth century and their leaders execution sent shockwaves throughout Europe Accused of heresy the Order was abolished but the Templars story is still being written today This book explores the history of the infamous warrior monks but also the truth behind the myths and their legacy Did the Templars guard the Holy Grail Are they ancestors of the freemasons The story of the Knights Templar spans into the twenty first century as villainous knights guardians of a great secret and the inspiration behind the Jedi Knights of Star Wars Discover the 900 year story of the Knights Templar from the Crusades to the fantastical myths and their legacy in popular culture

The History of the Knights Templar Charles Addison, 2018-06-21 A richly detailed sometimes challenging work Charles Addison s *The History of the Knights Templar* traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly edited 2018 edition from The Templar Press updates some of Addison s more archaic wording into modern English

Secrets of the Knights Templar Susie Hodge, 2013-12-03 *Secrets of the Knights Templar* is the compelling chronicle of the warrior monks and their fight to defend the Catholic faith and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land and officially sanctioned by the Catholic Church in 1129 the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades They were highly trained well equipped and unafraid to take up the sword to defend the church at the limits of western civilization Though Templar was initially celebrated for their military acumen and acts of bravery the once celebrated order was eventually dismantled in disgrace accused of political crimes as well as crimes against the faith With its concise authoritative and accessible narrative amplified by extensive citations from contemporary sources and accompanied by generously captioned and stunning images of the period *Secrets of the Knights Templar* brings a distant era of history dramatically and vividly to life It is the perfect gift for anyone with a love of medieval religious or military history From the Hardcover edition

Addison,2023-12-27 The history of the Knights Templars is a remarkable story of triumphs and defeats marked with controversies and tragedy From their rise to their demise Charles G Addison captivantly chronicles the various characters that played a role in shaping this powerful military order that reigned for almost two centuries during the Middle Ages Having examined scores of documents and texts and traveled to many of the ruined fortresses and castles of the order Addison was an expert on the Templars history He insightfully details their plight in this volume first published in 1842 Starting with the origins of the brotherhood the foundations and ideals of the order and their chosen symbol of the red cross the author explains their role in protecting pilgrims traveling to the Holy Land their feats during the Crusades the relationships they held with various kings and church leaders their contributions to protecting Europe from Turkish conquest and preserving Christianity in Europe and Asia and their tragic end stripped of their lands tortured and burned at the stake

The Knights Templar on Trial Helen J Nicholson,2011-08-26 The trial of the Templars in the British Isles 1308 1311 is a largely unexplored area of history Unlike the trial in France where the Templars were tortured into confessing to unspeakable activities in the British Isles there were no burnings and only three confessions after torture Several Templars went missing most of whom later reappeared Outsiders told stories of abominable Templar rituals secret meetings and murders at the dead of night but all these tales turned out to be rumour This book is based on extensive research into the records of the trial of trial of the Templars and other unpublished medieval documents recording their arrest imprisonment and trial and the surveys of their property It traces the course of this the first heresy of trial in the British Isles from the arrests in January 1308 to the dissolution of the Order and shows how by judicious selection of material the inquisitors made the scanty evidence against the Templars appear convincing The book includes a list of all the Templars in the British Isles at the time of the arrests and a gazetteer of the Templars major properties in the British Isles *The Knights Templar* Sean

Martin,2004-11-20 Chronicles the rise of the Knights Templar who during the Crusades blended religious fervor with military prowess to become a powerful political force in Europe *The Templars* Piers Paul Read,2014-07-08 The internationally bestselling author of *Alive* explores the rise the catastrophic fall and the far reaching legacy of Knights of the Temple of Solomon This is an engrossing and beautifully written work of popular history that unfolds like a well structured crime novel Booklist In 1099 the city of Jerusalem a possession of the Islamic Caliphate for over four hundred years fell to an army of European knights intent on restoring the Cross to the Holy Lands From the ranks of these holy warriors emerged an order of monks trained in both scripture and the military arts an order that would protect and administer Christendom s prized conquest for almost a century the Knights of the Temple of Solomon or the Templars In this articulate and engaging history Piers Paul Read explores the rise the catastrophic fall and the far reaching legacy of these knights who took and briefly held the most bitterly contested citadel in the monotheistic West Drawing on the most recent scholarship and writing with authority and candor Read chronicles the history of the blood splattered monks who still infiltrate modernity in literature as

the inspiration for secret societies and in the backyard fantasies of any child with access to a stick and a garbage can lid More than armed holy men the Templars also represented the first uniformed standing army in the Western world Sustaining their military order required vast sums of money and to that end a powerful multinational corporation formed The prosperity that European financiers enjoyed from the efficient management of Levantine possessions and from pioneering developments in the field of international banking would help jump start Europe s long slumbering Dark Age economy In 1307 the French king Philip IV expropriated Templar lands unleashing a wave of repression that would crest five years later After Templar leaders broke down and confessed under torture to blasphemy heresy and sodomy Pope Clement V suppressed the Order in 1312 Was it guilty as charged And what relevance has the story to our own times In this remarkable history Piers Paul Read explores the Crusades and the individual biographies of the many colorful characters that fought them *The Knights Templar* Rudolf Steiner,2013-05-16 Founded in the early twelfth century allegedly to protect pilgrims to the Holy Land the Knights Templar became famous for their pioneer banking system crusading zeal and strict vows of obedience chastity and poverty Having grown to some 15 000 men they came to be perceived as a threat by Philip the Fair who in 1307 disbanded the group and tortured their leaders for confessions The French king accused the order of heresy sodomy and blasphemy Recent works of fiction and popular histories have created a resurgence of interest in the mysterious Knights Templar Numerous contradictory and fantastic claims are made about them adding to the enigma that already surrounds the warrior monks of France In this unique collection of lecture material and writings from Rudolf Steiner a new perspective emerges Based on his spiritual perceptions Steiner speaks of the Templars connection to the esoteric tradition of St John their relationship with the Holy Grail and their spiritual dedication to Christ He describes the secret order that existed within the Templars and the strange rituals they performed He also throws light on the Templars attitude to the Roman Church and the spiritual forces that inspired their torture and confessions **Dungeon, Fire and Sword** John J. Robinson,1991 Over the last 1000 years the bloodiest game of king of the hill has been for supremacy on the Temple Mount in Jerusalem This book recounts the stirring saga of the Knights Templar the Christian warrior monks who occupied the sacred Mount in the aftermath of the butchery of the First Crusade Recruited to a life intended to lead only to martyrdom they were totally dedicated to the pious paradox that the wholesale slaughter of non believers would earn the eternal gratitude of the Prince of Peace The Templars amassed great wealth which they used to finance their 200 years of war against Moslems on the desert battlefields The Templar s reward for those two centuries of military martyrdom was to be arrested by Pope and King tortured and finally decreed out of existence But their legend and legacy just would not die *The Knights Templar* Conrad Bauer,2015-11-23 Full of incredible turns of events including secrets deceits lies and betrayals the history of the Knights Templar from their triumphant conquests to their abrupt fall still fascinates Find out the hidden history of the Knights Templar that really lead to their demise The Knights Templar existed officially for less than 200 years Founded to protect

pilgrims who were travelling through the Holy Lands their rise to power was sudden They became some of the most feared warriors in the region they had a mandate from God they controlled perhaps the world s first real banking system and they waged war against anyone who tried to wrestle Christianity s holiest grounds from the control of the Catholic Church Within their short lifespan they quickly became one of the most powerful societies in Europe if not the world But just as they rose to power with relative speed they fell from grace just as fast Forged in the crucible of Middle Eastern conflict their power was soon resented and feared Before they could become even more powerful the greatest nations in Europe and the Church turned on them The once powerful Templars were hunted caught tortured and eventually burned at the stake According to their prosecutors they were a devil worshipping secret society who spat on the cross and plotted against the Pope They were officially disbanded and their members treated with extreme contempt and prejudice Or so goes the official story In this book we will not only look into the official history of the Knights Templar but will examine the various ways their influence and ideas have tunnelled their way into the modern world A group this powerful does not vanish overnight Instead their history has been linked to the Freemasons to vicious curses to the butchery of the Crusades and even to Christian relics such as the Holy Grail For many people the Templars did not vanish and they did not relinquish their tight grip on the power structures of mediaeval Europe Instead they went underground Read on to discover the dark and twisted secret history of the Knights Templar Scroll back up and grab your copy today
