Historical Dictionary of British Cinema Alan Burton, Steve Chibnall, 2013-07-11 British cinema has been around from the very birth of motion pictures from black and white to color from talkies to sound and now 3D it has been making a major contribution to world cinema Many of its actors and directors have stayed at home but others ventured abroad like Charlie Chaplin and Alfred Hitchcock Today it is still going strong the only real competition to Hollywood turning out films which appeal not only to Brits just think of Bridget Jones while busily adding to franchises like James Bond and Harry Potter So this Historical Dictionary of British Cinema has a lot of ground to cover This it does with over 300 dictionary entries informing us about significant actors producers and directors outstanding films and serials organizations and studios different films genres from comedy to horror and memorable films among other things Two appendixes provide lists of award winners Meanwhile the chronology covers over a century of history These parts provide the details countless details while the introduction offers the big story And the extensive bibliography points toward other sources of information

British Movie Entertainments on Vhs and DVD: A Classic Movie Fan's Guide John Howard Reid, 2010-11 Unlike their American colleagues British suppliers were extremely slow to release their country's superb libraries of classic films for movie fans to purchase on either VHS tapes or DVD discs In 2004 little over 100 titles were available But now there are around 700 with promises of many more to come This book details some of the best Over 400 movies in all are described in either minute detail or in summary form The quality or lack of quality in the DVD transfer is fearlessly indicated The author's emphasis is on movies made before 1970 especially those with popular stars such as Glynis Johns Gracie Fields George Formby Margaret Lockwood Arthur Askey Anna Neagle James Mason Patricia Roc Stewart Granger Vivien Leigh Laurence Olivier Will Hay Tommy Trinder Alec Guinness Michael Wilding Peter Finch Christopher Lee Peter Sellers David Niven Kenneth More Kay Kendall John Gregson etc

Hitchcock, Second Edition William Rothman, 2012-08-20 First published in 1982 William Rothman's Hitchcock is a classic work of film criticism Written in an engaging style that is philosophically sophisticated yet free of jargon and using over nine hundred images from the films to illustrate and back up its critical claims the book follows six different Hitchcock films as they unfold moment by moment from first shot to last In addition to a thoughtful new preface and the original readings of *The Lodger* 1927 *Murder* 1930 *The 39 Steps* 1935 *Shadow of a Doubt* 1943 and *Psycho* 1960 this expanded edition includes a groundbreaking new chapter now the book's longest on *Marnie* 1964 Hitchcock's most heartfelt yet most controversial film Hitchcock never tired of quoting Oscar Wilde's line And all men kill the thing they love Dark moods therefore prevail in the five original chapters culminating in the reading of *Psycho* but in demonstrating how *Marnie*

overcomes or transcends the murderous aspect of Hitchcock's art this new chapter balances the scales and gives an important new dimension to the book With exemplary precision Hitchcock Second Edition shows how Hitchcock films express cinematically serious thoughts about such matters as the nature and relationships of love murder sexuality marriage and theater and about their own medium In so doing it keeps faith with the idea that Hitchcock was a master perhaps the master of what he called the art of pure cinema However insofar as it investigates philosophically the conditions of authorship in the medium of film it is an auteurist study unlike any other By attending to the films themselves and to the ways we experience them rather than allowing some theory to dictate what to say about them the book proves the fruitfulness of an approach that is open and responsive to the ways serious films are capable of teaching us how to think seriously about them **Classical**
