The Last Days Of America:

The Last Days of the Schooner America David Gendell, 2024-08-06 2025 BREWINGTON BOOK PRIZE WINNER The schooner America was a technological marvel and a child star In the summer of 1851 just weeks after her launching at New York she crossed the Atlantic and sailed to an upset victory against a fleet of champions The silver cup she won that day is still coveted by sportsmen Almost immediately after that famous victory she began a decades long run of adventure neglect rehabilitations and hard sailing always surrounded by colorful passionate personalities America ran and enforced wartime blockades She carried spies across the ocean And she was on the scene as yachtsmen and business titans spent freely and competed fiercely for the cup she first won By the early twentieth century she was in desperate need of a thorough refit The old thoroughbred floated in brackish water at the United States Naval Academy stripped of her sails and rotting in the sun Refitting America would be a massive project expensive and potentially distracting for a nation struggling to emerge from the Great Depression and preparing for a world war But the project had a powerful sponsor On a windy evening in December 1940 the eighty nine year old America was hauled groaning and complaining up a marine railway at Annapolis the first physical step in a rehabilitation rumored to have been set in motion by President Franklin Roosevelt himself The haul out brought the famous schooner into the heart of the Annapolis Yacht Yard a privately owned company with a staff capable of completing such a project but with leadership determined to convert their facility into a modern warship production plant on behalf of the United States and its allies The Last Days of the Schooner America traces the history of the famous vessel from her design build and early racing career through her lesser known Civil War service and the never before told story of her final days and moments on the ground at Annapolis The schooner s story is set against a vivid picture of the entrepreneurial forces behind the fast focused rise of the Annapolis Yacht Yard as the United States prepares for and enters World War II As wooden warships are built around her America waits for a rehabilitation that would never happen To bring this unique story to life Annapolis sailor David Gendell delves into archival sources and oral histories and interviews some of the last living people who saw America at the Annapolis Yacht Yard

The Last Days of Innocence Meirion Harries, Susie

Harries, 1998-11-24 In the Spring of 1917 America went to war with an innocent determination to re make the world When the smoke lifted in November 1918 the nation emerged with its sense of purpose shattered its certainties shaken and with a new and unwelcome self knowledge Seventy five thousand American soldiers were dead and back home a Pandora s box of suspicions and surveillance had been opened The Last Days of Innocence reveals how the fight to preserve freedom abroad led to the erosion of freedom at home Drawing on American British and French archival material the authors reveal unplanned and uncoordinated field efforts as well as the unsavory activities of anti dissent groups from the Committee for Public Information to the Anti Yellow Dog League including a posse of children organized to listen for antiwar talk among families and friends Here is the story of the fifty billion dollar war that gave birth to the Selective Service Act threatened

labor rights stoked the fires of racial and religious intolerance and concentrated the nation's wealth into fewer hands than ever before. *The Last Days of Innocence* tells the untold story of the war that rudely thrust Americans into an uncertain future, a war whose effects remain with us today. Well-crafted in every way, a vivid and authoritative history. *Cleveland Plain Dealer*. A neatly plaited narrative rich in detail. A splendid history. *Washington Times*. **Despotism, Or, The Last Days of the American Republic** Reuben Vose, 1856 **The Last Days Of America , Descending into Darkness: The Final Days of the Confederate States of America** Pasquale De Marco, 2025-04-17

In the annals of American history the Confederacy stands as a poignant symbol of a nation divided. This comprehensive and meticulously researched volume delves into the final days of the Confederate States of America, shedding light on the intricate factors that led to its downfall. As the year 1865 dawned, the Confederacy found itself teetering on the precipice of collapse. The relentless Union armies, led by the indomitable General Ulysses S. Grant, had relentlessly chipped away at Confederate defenses, their victories culminating in the fall of Atlanta, the Confederacy's vital manufacturing and transportation hub. This strategic blow dealt a crushing blow to Confederate morale, further exacerbating the economic and political turmoil that had plagued the nascent nation since its inception. Beyond the military narrative, this book explores the political machinations, diplomatic efforts, and economic challenges that contributed to the Confederacy's demise. It examines the Confederacy's attempts to gain international recognition and support, the impact of European neutrality on the course of the war, and the role of technology and industrialization in shaping the conflict. The collapse of the Confederacy had far-reaching consequences that reverberated throughout the nation. The war left a trail of devastation in its wake, with cities and towns reduced to rubble, farms abandoned, and families torn apart. The social and economic fabric of the South underwent a profound transformation as the institution of slavery was abolished and a new era of Reconstruction began. This book offers a comprehensive examination of the Confederacy's final days, providing a nuanced understanding of the complex forces that led to its downfall. Through a combination of rigorous research, insightful analysis, and compelling storytelling, it aims to shed new light on this pivotal chapter in American history, offering readers a deeper appreciation for the sacrifices, struggles, and resilience of a nation grappling with its own mortality. Within these pages, readers will find a detailed and engrossing account of the Confederacy's final struggles for survival. From the battlefields of Georgia to the halls of Richmond, the book chronicles the major battles and campaigns that unfolded during this tumultuous period, analyzing the strategic decisions, military tactics, and turning points that ultimately sealed the Confederacy's fate. The Last Days of America Paul Erdman,1983 **The Last Days of the Ottoman Empire** Ryan Gingeras,2022-10-27 A tour de force of accessible scholarship The Guardian Impressive It is a complicated story that still reverberates and Gingeras narrates it with lucid authority New Statesman The Ottoman Empire had been one of the major facts in European history since the Middle Ages Stretching from the Adriatic to the Indian Ocean the Empire was both a great political entity and a religious one with the Sultan ruling over the Holy Sites and as Caliph the successor to Mohammed Yet the Empire s fateful decision to support Germany and Austria Hungary in 1914 doomed it to disaster breaking it up into a series of European colonies and what emerged as an independent Saudi Arabia Ryan Gingeras s superb new book explains how these epochal events came about and shows how much we still live in the shadow of decisions taken so long ago Would all of the Empire fall to marauding Allied armies or could something be saved In such an ethnically and religiously entangled region what would be the price paid to create a cohesive and independent new state The story of the creation of modern Turkey is an extraordinary bitter epic brilliantly told here

The Rapture 2028: America's Countdown to Apocalypse! David Netherton,2015-01-02 A Shocking Bible Discovery found in the Dead Sea Scrolls After forty years of research in the Biblical text this book came about while studying Biblical manuscripts in their original Greek I was given a project by my Greek professor to research the Dead Sea Scrolls This research changed my life my belief about time and the books of the Bible While researching the Dead Sea Scrolls I found two historical books that were in the Bible during Jesus time on this Earth So I ask this question Why did man remove these books The deeper I studied I discovered that our Bible should have seventy books instead of sixty six Six is the number of man and a number representing incompleteness Sixty six doubles its meaning and the number 666 needs no explanations Men do resist God s will today 2 Peter 3 9 While researching the subject I encountered extreme opposition The books of the Bible should be divisible by seven So we are missing one New Testament book and three Old Testament books to make a seventy book Bible Have we been deceived by our religious leaders and science community Does all time truly consist in a 7 007 year window This book is written from the complete seventy book Bible which was revealed in the Dead Sea Scrolls Do the scrolls reveal angels mating with the daughters of Adam Where did the giant human originate Have we all been lied to about Genesis 6 and the events

during the days of Noah Are angels and demons masquerading as aliens and UFOs in a great end of time deception Will the dollar collapse by 2022 Will the U S be destroyed in one day by 2028 However when He the Spirit of truth has come He will guide you into all truth for He will not speak on His own authority but whatever He hears He will speak and He will tell you things to come John 16 13 14 *The Last Days of the Romanovs* Helen Rappaport, 2009-02-03 The brutal murder of the Russian Imperial family was both a human tragedy and a turning point in world history This work gives a riveting moment by moment account of the last 13 days of their lives b w photo insert **The Last Days of the Late Great United States** Richard Pawley, 2009-06 For thousands of years money was real usually gold or silver until the Chinese invented paper money to replace real money They however had such a bad time with it with so many losing everything time and time again that it had been outlawed in China for more than a generation before western bankers thought up the idea and convinced King William in 1694 to replace the gold and silver and copper that Englishmen used with their newly printed paper Thus began a grand experiment that may soon come to an end The use of paper money and a debt based economy once known as colonialism or imperialism then capitalism now called globalization may soon be grinding down to a halt as nations around the world try to keep up with the United States in their printing of money Because of derivatives everyone owes everyone else many times more money than the worth of the entire planet The Kings of this Banker s Kingdom are killing the golden goose of taxpayers who have been supporting their lavish lifestyle for generations So entitled are these super rich that they see nothing wrong with goosing the taxpayers of the world for whatever they want The United States and indeed the nations of the world exist for their benefit If you understand this then so much of what goes on in the world becomes understandable but even they are going to grievously suffer in the near future Everyone is going to be affected The Book of Revelation the last book in the Bible refers to what I believe will be a banking world dictatorship which will require all citizens of earth to carry the world leader s mark micro chip or micro computer in their right hands or forehead in order to buy or sell anything It specifically says that this will be required of even a king which in today s parlance would also include prime ministers and presidents Also Interesting is the mention that this mostly One World Government will be controlled from Babylon Iraq Much will have to happen to bring all this about but events happening right now seem to be leading in that direction Unfortunately fewer and fewer people seem to believe the truths of the Bible or to heed it s warnings Even with the discovery in the late 20th Century of an actual code hidden within the ancient Hebrew text and accessible only by computer a code which seems to contain much of the future existence on this planet scoffers still tend to look on the Bible as merely history or worse yet myth We truly live in interesting times and they are going to get incredibly more interesting very soon We have already passed the tipping point but only a few see it Even with the advice in this book your life is going to be greatly different in less than a decade perhaps by next year Ignore this book entirely and there is a much higher probability that you will be one of the victims of The Last Days of The Late Great United States **A Humorous Account of America's Past** Richard T.
