The White Man's Burden William Easterly,2006-03-16 From one of the world's best known development economists an excoriating attack on the tragic hubris of the West's efforts to improve the lot of the so called developing world Brilliant at diagnosing the failings of Western intervention in the Third World BusinessWeek In his previous book *The Elusive Quest for Growth* William Easterly criticized the utter ineffectiveness of Western organizations to mitigate global poverty and he was promptly fired by his then employer the World Bank *The White Man's Burden* is his widely anticipated counterpunch a brilliant and blistering indictment of the West's economic policies for the world's poor Sometimes angry sometimes irreverent but always clear eyed and rigorous Easterly argues that we in the West need to face our own history of ineptitude and draw the proper conclusions especially at a time when the question of our ability to transplant Western institutions has become one of the most pressing issues we face

Changing Relations Between Churches in Europe and Africa Katharina Kunter,Jens Holger Schjørring,2008 Proceedings from the conference Changing relationships between churches in Africa and Europe in the 20th century Christian identity in the times of political crises which took place October 8 12 2005 at Makumira University College of Tumaini University in Tanzania

Foreign Intervention in Africa Elizabeth Schmidt,2013-03-25 *Foreign Intervention in Africa* chronicles the foreign political and military interventions in Africa from 1956 to 2010 during the periods of decolonisation and the Cold War as well as during the periods of state collapse and the global war on terror In the first two periods the most significant intervention was extra continental The USA the Soviet Union China Cuba and the former colonial powers entangled themselves in countless African conflicts During the period of state collapse the most consequential interventions were intra continental African governments sometimes assisted by powers outside the continent supported warlords dictators and dissident movements in neighbouring countries and fought for control of their neighbours resources The global war on terror like the Cold War increased foreign military presence on the African continent and generated external support for repressive governments In each of these cases external interests altered the dynamics of Africa's internal struggles escalating local conflicts into larger conflagrations with devastating effects on African peoples

The Oxford Handbook of the Cold War Richard H. Immerman,Petra Goedde,2013-01-31 *The Oxford Handbook of the Cold War*

offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war s reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history

Historical Dictionary of United States-Africa Relations

Robert Anthony Waters Jr.,2009-03-20 The image of Africa among Americans at the beginning of the 21st century is tragic America s image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government s support for African governments that treat their people as prey instead of citizens The Historical Dictionary of United States Africa Relations encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations Dealing with Failed States

Harvey Starr,2013-09-13 With the ever increasing interdependence across individuals groups international organizations and nation states an increasingly significant policy concern in the contemporary turbulent world of globalization is the question of state failure There has been a growing academic interest in the determinants of state failure and an acute awareness across the international community of the need for dealing with issues of instability in states The contributors to this volume represent the most recent cutting edge approaches to state failure looking at both conditions of conflict and economic development dealing with the conceptualization causes and consequences of state failure as well as policy oriented analyses as to how state failure can be contained reversed or prevented In order to deal fully with the phenomenon of state failure investigators must be involved in a number of boundary crossing activities The contributors to this volume have addressed

failed states through multiple levels of analysis assessing domestic and cross border phenomena internal and external conflict domestic and international political economy multiple disciplines and interdisciplinary approaches representing political science sociology and economics various methodological approaches including large N empirical analyses case studies and simulations and through both basic and applied research drawing on the work of academics IGOs NGOs and national governments This book was originally published as a special issue of Conflict Management and Peace Science

Conflict and Security in Africa Rita Abrahamsen, 2013 Spanning the period from the cold war to the war on terror examines the political economy dynamics of security and insecurity on the continent as well as its implications for political actions More than any other part of the globe Africa has become associated with conflict insecurity and human rights atrocities In the popular imagination and the media overpopulation environmental degradation and ethnic hatred dominate accounts of African violence while in academic and policy making circles conflict and insecurity have also come to occupy centre stage with resource hungry warlords and notions of greed and grievance playing key explanatory roles Since the attacks of 9 11 there has also been mounting concern that the continent's so called ungoverned spaces will provide safe havens for terrorists intent on destroying Western civilization The Review of African Political Economy has engaged extensively with issues of conflict and security both analysing on going conflicts and often challenging predominant modes of explanation and interpretation This Review of African Political Economy Reader provides a timely comprehensive and critical contribution to contemporary debates about conflict and security on the continent The first section covers some of the continent's main post Cold War conflicts and demonstrates their global connections The articles also discuss the so called resource curse as well as the global arms trade and reveal the complexities of the relationship between the economic and the political The second section focuses on security as part of post Cold War global governance and discusses the effects of liberal peace building as well as the link between development assistance and the war on terror The final section examines life as it continues in conditions of war and shows how insecurity reconfigures urban space transforms social order identities and authority Rita Abrahamsen is Professor in the Graduate School of Public and International Affairs University of Ottawa Canada Published in association with ROAPE ROAPE African Readers Series Editors Tunde Zack Williams Ray Bush

The Political Economy of Economic Growth in Africa, 1960-2000: Volume 1 Benno J. Ndulu, Stephen A. O'Connell, Robert H. Bates, Paul Collier, Chukwuma C. Soludo, 2009-04-30 The period from 1960 to 2000 was one of remarkable growth and transformation in the world economy Why did most of Sub Saharan Africa fail to develop over this period Why did a few small African economies succeed spectacularly The Political Economy of Economic Growth in Africa 1960 2000 is by far the most ambitious and comprehensive assessment of Africa's post independence economic performance to date Volume 1 examines the impact

of resource wealth and geographical remoteness on Africa's growth and develops a new dataset of governance regimes covering all of Sub-Saharan Africa. Separate chapters analyze the dominant patterns of governance observed over the period and their impact on growth, the ideological formation of the political elite, the roots of political violence and reform, and the lessons of the 1960-2000 period for contemporary growth strategy.

Dictionary of African Biography Emmanuel Kwaku Akyeampong, Professor Henry Louis Gates, Jr., 2012-02-02 From the Pharaohs to Fanon. Dictionary of African Biography provides a comprehensive overview of the lives of the men and women who shaped Africa's history. Unprecedented in scale, DAB covers the whole continent from Tunisia to South Africa, from Sierra Leone to Somalia. It also encompasses the full scope of history from Queen Hatsheput of Egypt (1490-1468 BC) and Hannibal the military commander and strategist of Carthage (243-183 BC) to Kwame Nkrumah of Ghana (1909-1972), Miriam Makeba and Nelson Mandela of South Africa (1918-1981).

Power, Patronage and International Norms Valerie Freeland, 2024-06-13 Argues that some of the least powerful countries masquerade as rights promoters, paradoxically concealing the rights-violating effects of their patronage rule.

Wars of Insurgency: Skirmish Warfare in the Modern World Mike Demana Demana, 2017-09-04 Wars of Insurgency is a simple, fast-play set of rules for modern warfare. It gives the flavor of low-intensity or guerrilla warfare without getting bogged down in complexity of trying to simulate every weapon. Players control 3-5 squads of 3-12 miniatures, with each figure representing one man. The rules include a complete campaign ruleset allowing players to take on the role of factions fighting for control of their historical or fictional country. Political schemes, permanent institutions, and a system for eventual victory of one faction give more ways to spice up your miniatures games with a storyline. Three scenarios and guidelines for using historical events to create new ones are included. A complete point system allows Elite, Regular, and Militia troops to be matched up for fair games.

Human Rights and Conflict Transformation in Africa Lawrence Juma, Laurence Juma, 2013 This study maps the interactions between human rights norms and values on the one hand and conflict resolution, post-conflict peace building, and reconstruction on the other. It advances the view, both from a theoretical and practical standpoint, that human rights have a role to play throughout the life of any conflict, from the pre-conflict to the post-conflict and reconstruction stages. Identifying entry points for human rights in the pre-conflict stage leading up to the establishment of the rule of law and societal reconstruction after the conflict, this book uses Sierra Leone and Democratic Republic of Congo experiences to illustrate the obstacles, the successes, and the significance of human rights norms to the overall peace agenda in societies afflicted by conflict.

Towards a New Map of Africa Ben Wisner, 2012-05-23 The big, era-defining questions and at last the subtle, tenable answers teased out without cliché or compromise. A vital volume at a critical moment. Dr. Augustus Casely Hayford, Director Africa 05. This book dispels the myth of a uniformly hopeless, hungry continent. It shows just how extraordinarily diverse Africa is and how much it has changed in the last 20 years. Full of fresh thinking on problems that face Africa and new African approaches to development. Richard Dowden, Director Royal African Society. This ground-breaking book, with a

foreword by former President of Ireland 1997 and UN Human Rights Commissioner 1997-2002 Mary Robinson uniquely distils the complex issues surrounding Africa at the beginning of the 21st century African and Western scholars provide a fascinating map for the reader to navigate between issues such as urban and rural livelihoods the potential of fresh water fishing health the HIV AIDS crisis conflict and efforts at peacemaking Also included are critical assessments of Africa's role in the global economy the growth of regional economic cooperation within Africa the influence of ethnicity on the continent's politics the evolution of its political institutions and the impact of Africa's legal systems on its development A substantial introductory essay by the editors measures the distance Africa has travelled and the lessons it has learned since Africa in Crisis the classic Earthscan book was published in 1985 Ben Wisner is visiting research fellow at DESTIN London School of Economics and at Benfield Hazard Research Centre University College London and visiting professor of environmental studies Oberlin College USA Camilla Toulmin is Director of the International Institute for Environment and Development Rutendo Chitiga is a freelance writer and editor and has a postgraduate degree in environment and development

Trading Secrets Mark Huband, 2012-12-14 Today's intelligence community faces challenges that would have been inconceivable only a dozen years ago Just as al Qaeda's destruction of the Twin Towers heralded a revolution in global diplomacy the events of 9/11 also threw two centuries of spy craft into turmoil because this new enemy could not be bought Gone were the sleepers and moles whose trade in secrets had sustained intelligence agencies in both peacetime and war A new method of intelligence had been born The award winning former Financial Times security correspondent Mark Huband here takes us deep inside this new unseen world of spies and intelligence With privileged access to intelligence officers from Rome to Kabul and from Khartoum to Guantanamo Bay he reveals how spies created secret channels to the IRA deceived Iran's terrorist allies frequently attempted to infiltrate al Qaeda and forced Libya to abandon its nuclear weapons Using accounts from ex KGB officers Huband vividly describes the devastation caused by the West's misreading of Soviet intentions in Africa and explains how ill prepared western intelligence agencies were when the Cold War was replaced by the perception of a new terrorist threat Benefiting from privileged access to intelligence sources across the world Trading Secrets provides a unique and controversial assessment of the catastrophic failure of spies to grasp the realities of the Taliban's grip on Afghanistan and draws upon exclusive interviews with serving officers in assessing the ability of the major intelligence agencies to combat the threat of twenty first century terrorism

Blood on the Stone Ian Smillie, 2010-08-15 Africa's diamond wars took four million lives Blood on the Stone tells the story of how diamonds came to be so dangerous describing the great diamond cartel and a dangerous pipeline leading from war torn Africa to the glittering showrooms of Paris London and New York It describes the campaign that forced an industry and more than 50 governments to create a global control mechanism and it provides a sobering prognosis on its future
