Ludeking, 1929 **american prose** george rice carpenter, 1898 **The Continuum Encyclopedia of American Literature** Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making this comprehensive single volume literary survey is for the student scholar and general reader The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada Composed of more than 1 100 signed biographical critical entries this Encyclopedia serves as both guide and companion to the study and appreciation of American literature A special feature is the topical article of which there are 70 *The Columbia Companion to the Twentieth-Century American Short Story* Blanche H. Gelfant, 2004-04-21 Esteemed critic Blanche Gelfant's brilliant companion gathers together lucid essays on major writers and themes by some of the best literary critics in the United States Part 1 is comprised of articles on stories that share a particular theme such as Working Class Stories or Gay and Lesbian Stories The heart of the book however lies in Part 2 which contains more than one hundred pieces on individual writers and their work including Fitzgerald Hemingway Richard Ford Raymond Carver Eudora Welty Andre Dubus Zora Neal Hurston Anne Beattie Bharati Mukherjee J D Salinger and Jamaica Kincaid as well as engaging pieces on the promising new writers to come on the scene **The Black American Short Story in the 20th Century** Peter Bruck, 1977-01-01 This volume is a collection of essays on black short stories written between 1998 and 1976 It aims to say something about the black short story as a genre and the development of the racial situation in America as well The primary aim is to introduce the reader to this long neglected genre of black fiction In contrast to the black novel the short story has hardly been given extensive criticism let alone serious attention The individual essays of this collection aim at presenting new points of critical orientation in the hope of reviving and fostering further discussions They provide a variety of approaches and a great diversity of critical points of view American Conservative Thought in the Twentieth Century William F. Buckley Jr., 2017-09-04 If America has been an unsympathetic environment for conservatism conservatism has nevertheless demonstrated an extraordinary tenacity in politics literature law religion economics and social thought Conservatism forms a dissent within the liberal tradition and also deserves a hearing from any serious student of American history William F Buckley Jr brought this issue to the forefront in this outstanding collection featuring some of the greatest political thinkers of the twentieth century This volume illuminates many aspects of the elusive conservatism of which so much has been written and helps to explain why it is that conservatism survives in politics economics social sciences and the arts Buckley has drawn from the works of renowned scholars and from those of relatively obscure figures whose contributions he persuasively puts forward as deeply influential in the crystallization of modern conservative thought This collection of essays begins by analyzing the history and

background of American institutions It then goes on to inspect strong American presumption in favor of the private sector and the nature of specific challenges to modern society as well as the response of conservative thought and analysis to those challenges Pluralists will welcome the approach in this book and others will be excited by prestigious authors **From 19th**
