Slaughter of the Innocents David Bakan,1978 The Female Offender--1979-80 United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice,1981 Case Studies in Family Violence Robert T. Ammerman,Michel Hersen,2012-12-06 Since the publication of the first edition in 1991 there has been substantial progress in our understanding of the etiology and associated features of domestic violence As in the first edition this book elucidates and highlights the complex multidisciplinary issues facing clinicians who work with family violence cases Each chapter combines two illustrative cases with a broader discussion of the issues that are encountered by clinicians working with families that engage in abuse or neglect *Four Perspectives on the Status of Child Abuse and Neglect Research* Herner and Company,1977 *Slaughter of the Innocents* Conseil de la radio-television canadienne,1971

Living Nonviolently Gabriel Moran,2011-03-31 Are human beings naturally violent Is war the fate of the human race Despite the depressing record of the past the world s future depends upon avoiding war and drastically reducing violence *Living Nonviolently Language for Resisting Violence* examines carefully the language of violence and war One of the first casualties of violence is language which in turn makes resistance to violence difficult to articulate In the first four chapters Gabriel Moran proposes distinctions for the interconnected ideas of force power aggressiveness violence and war not to invent a new and logical language but to ground the meaning of these terms in our human experience That revitalization of ordinary language depends upon an inclusive language of men and women adults and children human and nonhuman animals The fifth chapter locates the potential for both encouraging violence and resisting violence in the peculiar logic of religion Jesus Sermon on the Mount is commonly invoked by people who say that nonviolence may be an admirable ideal for a few people but it is irrelevant for most people and for all nations in this chapter Moran examines the widely misunderstood sermon in detail to illustrate its potential for resisting violence For a conclusion he discusses practical means of education that are helpful to reaching some understanding of violence and resistance to violence *Living Nonviolently* is written for scholars in peace studies political philosophy or religious studies and for anyone who wishes to understand the roots of violence and war *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 The Spectrum Of Child Abuse R. Kim Oates,2013-10-28 First published in 1996 With so much information available today in the area of child abuse figuring out where to begin quickly becomes overwhelming But the Spectrum of Child Abuse stands out from current literature in its comprehensiveness and balance Dr Oates presents a detailed thoroughly referenced overview of the entire field rather than focusing exclusively on one particular professional viewpoint or facet of the problem The chapters encompass physical abuse sexual abuse emotional abuse and neglect For each of these areas the text offers a clear historical perspective in addition to pertinent data on incidence and epidemiology contributing factors assessment treatment and prevention Moreover a wealth of case studies underscores the important and

meaning of various intervention strategies **Textbook and Color Atlas of Traumatic Injuries to the Teeth** Jens O. Andreasen, Frances M. Andreasen, Lars Andersson, 2013-05-07 Textbook and Color Atlas of Traumatic Injuries to the Teeth encompasses the full scope of acute dental trauma including all aspects of inter disciplinary treatment This fourth edition captures the significant advances which have been made in the subject of dental traumatology since the publication of the last edition more than a decade ago The comprehensive nature of the book is designed to appeal to distinguished clinicians and scholars of dental traumatology whether they be oral surgeons pediatric dentists endodontists or from a related specialist community **Child Abuse: Short- and long-term effects** Byrgen Finkelmann, 1995 *Physical Violence in American Families, 1976* Murray Arnold Straus, Richard J. Samuel Kimball, 2007 This book argues that because existence costs the two words are cognates any living thing must economize shift more of its energy costs onto the world including other living things than its competitors are able to that to economize is therefore to engage in exchanges that are sacrificial at their core and that such economization is infanticidal in its ultimate implications A Samuel Kimball is Associate Professor of English at the University of North Florida **Child Abuse and Neglect Research**, 1976 An extensive collection of information on child abuse and neglect research includes informative abstracts of about 1 100 published documents and descriptions of about 110 on going research projects The publications represent medical legal psychological sociological and many other viewpoints of the child abuse and neglect problem Child Abuse and Neglect Michael L. Lauderdale, Rosalie N. Anderson, Stephen E. Cramer, 1978 **Solidarity and Suffering** Douglas Sturm, 1998-01-01 Developing a concept of justice as solidarity this work addresses a range of urgent social issues from the meaning of human rights and the character of corporate governance to the resolution of social conflict and the moral status of the environment **The Management of Child Protection Services** Robert Sanders, 2019-05-23 First published in 1999 The Management of Child Protection Services is not about child abuse but about child protection It is about the arrangements that professionals from different disciplines make to ensure they operate together effectively to protect the most vulnerable children in society The book examines five different contexts of child protection historical cross cultural structural managerial and professional and consideration of the operation of Area Child Protection Committees In exploring these contexts the book seeks to address such questions as how can universal standards be applied to protect vulnerable children whilst avoiding ethnocentrism and from where are derived historically and cross culturally the models of child protection adopted in the UK today It also seeks to identify the different professional contexts roles and contributions of agencies involved in child protection with a view to promoting interdisciplinary understanding These questions and

understandings are necessary if changes currently being contemplated are to enhance the effectiveness of child protection
