government eventually fell in a bloody military coup on September 11 1973 President Richard Nixon's administration and corporate interests were not sorry to see him go but did U S covert operations actually play a decisive role in Allende's downfall The declassification of thousands of U S government documents over the last several years demands that historians take a new look Since 1973 most observers have maintained that U S machinations were responsible for the success of Gen Augusto Pinochet's coup that forced Allende's fall and suicide This assessment has been based on a thin documentary record of U S activity the myth of an all powerful CIA and the CIA's checkered history of covert action in Latin America However Gustafson convincingly shows the conventional wisdom about the impact of U S actions is badly flawed His meticulous research is based upon an intensive examination of previously unavailable U S records as well as interviews with key figures Hostile Intent is the most comprehensive account to date of U S involvement in Chile and its provocative reinterpretation of this involvement will shape all future debates *The Statesman's Year-Book 1986-87* J. Paxton, 2016-12-22 The classic reference work that provides annually updated information on the countries of the world **The Statesman's Year-Book 1983-84** J.
