Small Family Business In Hong Kong:

Small Family Business in Hong Kong Catherine C. H. Chiu, 1998 This book examines the relationship between work and family in small family business in Hong Kong based on data obtained from in depth interviews on married couples running small retail shops It was found that despite the perceived advantage of flexibility running a small family business did not necessarily result in a working pattern compatible with family needs In studies on small family business the contribution by the wives was often overlooked This book pays special attention to the part played by women in the setting up and running of small family business This book will be a useful reference for people interested in qualitative sociology small business studies family studies and women s studies *The Successful Chinese Family Businesses* Joey Kong Man Ng, 2022-10-03 Well being is a contemporary term used by people around the globe to address how comfortable their lives are The notion is considered significant to business management Nevertheless is well being significant to Chinese family business In response to this inquiry this book demystifies the notion from a critical lens It examines well being in a Chinese family business context of Hong Kong This book consists of an archaeological and anthropological examination The first part of the analysis draws from Foucault s 1979 Archaeology of Knowledge to examine the discursive transformation of well being The second part is an ethnography that focuses on a Chinese perspective regarding the everydayness of life In light of the recent social movements this book not only offers an insight into the core values of Hong Kongers but also dissects various layers of meaning in these values Hopefully this book can lift up the voices of Hong Kongers who was once marginalised in the discourse of well being

Tradition and Transformation in a Chinese Family Business Heung-Wah Wong, Karin Ling-fung Chau, 2019-12-05 Family businesses have been an important part of the economy in Hong Kong Taiwan Singapore and in the Chinese diaspora and since the reforms in mainland China itself Some people have argued that the success of Chinese family businesses occurs because of the special characteristics and approach of such businesses This book examines the nature of Chinese family business and the key issues involved by exploring in detail the case of a leading Hong Kong jewellery company which was established in the early 1960s and which has grown to become one of the biggest jewellery manufacturers exporters and retailers in post war Hong Kong The book considers the motivations of Chinese people to set up their own businesses outlining the strategies adopted including the strategies for raising capital and the qualities of successful Chinese entrepreneurs It discusses the management of the company including relations between family members profit sharing and succession planning and assesses how conflict and crises are coped with and overcome It charts the evolution of the company looking at how it has been transformed into a listed corporation The book concludes by arguing for the importance of studying Chinese family businesses culturally **The Family Business Map** M. Bennesen, J. Fan, 2014-09-29 Combining the expertise of two consultants and academics from East and West this book provides an international guide for family businesses showing how to identify and implement the best governance strategies Packed with case studies and interviews

this is the ultimate guide for family businesses wanting to achieve long term success *The Landscape of Family Business* Ritch L. Sorenson, Andy Yu, Keith H. Brigham, G. T. Lumpkin, 2013-09-30 The editors should be commended for developing a Map of the Landscape of Family Business Outcomes It gives future research direction to the discipline considering both short term profitability and long term sustainability It considers conventional c *Globalization and Competitiveness* Chris Rowley, Malcolm Warner, 2013-09-13 This book evaluates the evolution of Big Business in Asia as we enter the new millennium It focuses on recent issues affecting large corporations both indigenous and foreign owned such as multinational companies and international joint ventures as well as on key events such as the Asian Crisis and its aftermath China s entry into the WTO the recent downturn in the world economy and the onset of SARS A special issue of the journal Asia Pacific Business Review **World Textile Industry** John Singleton, 2013-05-13 This book analyzes the competitive forces which dominate this major sector and traces how the nature of competition has evolved during the last two hundred years Through an analysis of key factors including demand related and supporting industries firm strategy structure and national rivalry chance and government policy the author explains how and why the locus of competitive advantage in textiles and apparel has moved from country to country particularly in the period since 1945 China's Changing Economy Curtis Andressen, 2016-05-20 One of the most dramatic events in the global economy over the past few decades has been the rise of China as a global economic power From humble beginnings in the late 1970s the policy shift in China from a planned to market economy has led to economic growth of tremendous speed This book examines the changes taking place in China s economy today and the impacts of these changes in China and abroad The central theme is that the rapid economic growth has come at a cost as many problems have emerged as a result in China s economy and society including a dramatic rich poor gap labour issues problems in the banking sector and severe inflation in the cost of housing as well as challenges with respect to China s external trade The Chinese government recognizes these problems and is taking steps to rebalance its economy and society The book takes a political economy perspective in order to investigate the interplay between the political system in China and the way in which the economy is structured and the manner in which economic changes take place Demonstrating that in order for China to achieve sustained economic growth and social improvement it must undertake serious policy changes it also highlights that if countries are going to deal with China in a stable and productive manner a thorough understanding of key contemporary developments in that country is vital Covering a range of the most pertinent issues facing China today this book will be of interest to students and scholars of Chinese Economics Economic Development and Political Economy *Women Entrepreneurship in Family Business* Vanessa Ratten, Leo-Paul Dana, Veland Ramadani, 2017-08-04 The purpose of this book is to promote discussion about educational objectives generally and objectives in the teaching of educational psychology in particular To this end Part 1 contains a review of the literature concerned with these two subjects and also reports on investigations into the views of British students teachers college staffs

and educational psychologists on the question of the objectives of educational psychology in teacher preparation A comprehensive bibliography is provided A further important section of Part 1 proposes a method of systematizing teaching objectives and suggests a heuristic device for the generation of objectives at different levels of conceptual generality and complexity of learning An example of this model in the field of educational psychology is presented which illustrates the general approach to the generation of teaching objectives and proposes a specific approach to the production of teaching objectives in educational psychology In Part 2 a selection of readings in the fields of objectives and educational psychology provides the reader with some of the key source material referred to in Part 1 As well as being a valuable and stimulating addition to the current debate on the specifying of educational objectives the arguments in this book about the role of educational psychology in teacher preparation raise some fundamental questions for those concerned with teacher education

Chinese Family Business and the Equal Inheritance System Victor Zheng, 2009-12-17 This book disputes the traditional argument that the equal inheritance system hinders the growth of Chinese family business approaching this not only in terms of economic capital but also in terms of human capital such as education and leadership and social networks Zheng argues that most of the family business patriarchs only focus on the passing on economic capital but give little attention to human capital and social capital when they come to the stage to transfer control to the next level It further elaborates that the equal inheritance system itself isn't the destructive force that weakens family business competitiveness but can assist economic development by generating dynamism and capital Based on extensive primary research the work discusses how equal division encourages sibling comparison analysing how such comparisons initially generate stress and anxiety but will ultimately galvanize competition benefiting the business The author also assesses how family division can offer initial economic human and social capitals that can motivate siblings to start their own businesses and be free from the subjugation sometimes associated with a family firm Through the evaluation of these issues the book argues that the equal inheritance system can be regarded as the origin of the self employment mentality which not only fosters the growth of Chinese family business but also plays a crucial role in promoting economic development Providing a valuable contribution to the field this work will be of great interest to all scholars of Chinese and Asian business
