

# RESPONSIBILITY VS ACCOUNTABILITY

## Responsibility

- Responsible for completing the step in the process
- Many people can be responsible for the action
- "The doer"
- Responsible to the person accountable
- Assigned to do the work
- Work on the activity
- Entrusted with the task
- The person responsible for doing it
- Develops and makes happen
- Facilitates, coordinates, and clarifies

## Accountability

- Accountable for ensuring that the step is completed appropriately.
- Only one person can be accountable for the action
- "Where the buck stops."
- Responsible for ensuring that the work, task, or process is completed to the required standard.
- Make the final decision (sign-off) about the work, including "yes" and "no" authority plus veto power.
- Has ultimate ownership of the activity
- Liable for any faults
- The person is accountable to see that it gets done.
- Accountable signs-off or approves the work responsible provides
- Directs, validates, and approves

# Social Responsibility And Accountability

## **Social Responsibility And Accountability:**

**Social Responsibility and Accountability** Jules Backman, New York University. College of Business and Public Administration, 1975-01-01

**Sustainability and Social Responsibility of Accountability Reporting Systems** Kıymet Tunca Çalıyurt, Roshima Said, 2018-03-01 This book explores sustainability and social responsibility from the point of view of accountability reporting systems. The contributions to this volume open up discussions about the theory and application of sustainability and social responsibility across various corporate sectors and assists the reader in applying sustainable corporate social responsibility reporting across those sectors. As a central theme, the book addresses how the theory and application in sustainability and social responsibility has different dimensions and aspects which are impossible to apply across different sectors. This point of view is supported by chapter contributions from countries around the world including Turkey, Serbia, Malaysia, United States, South Africa, Italy, China, Brasil, Romania, Serbia, Puerto Rico, Algeria. Academics worldwide will discover in *Sustainability and Social Responsibility of Accountability Reporting Systems: A Global Approach* the latest developments about corporate social responsibility and sustainability of accountability reporting systems.

*Corporate Social Responsibility, Accountability and Governance* Istemi Demirag, 2018-10-08 The business case for corporate social responsibility which suggests that socially and environmentally aware companies can expect to reap financial rewards is seemingly gaining widespread acceptance within the business community. This is particularly apparent in the ever increasing number of prominent companies parading their social, ethical and environmental credentials by producing paper or web based social and environmental or sustainability reports. In so doing, reporting companies claim they are demonstrating a clear commitment to transparency and accountability to their key stakeholder groups. However, in the prevailing voluntaristic business case centred climate within which such initiatives are taking place, little thought appears to have gone into the question of how stakeholders other than the capital provider group can actually use corporate disclosures offered in order to hold management accountable for the social and environmental consequences of their actions. While much corporate rhetoric abounds concerning notions of stakeholder dialogue and engagement, rigorous analysis of the governance implications of their claimed commitment to the principles of corporate social responsibility is largely conspicuous by its absence. *Corporate Social Responsibility, Accountability and Governance* seeks to explore this missing link between CSR and associated reporting initiatives and governance mechanisms that are capable of embracing true stakeholder accountability. A wide range of case studies drawing on experiences of both public and private sector initiatives in Europe, the United States, Canada, South America and Asia offer insightful analysis of the complex relationships between the state, the market and civil society in the development of CSR, accountability and sustainable development. The book employs a multidisciplinary perspective in order to analyse the political, social, economic, technological, legal and organisational shaping of CSR. The complexities underpinning the concept are thereby clearly drawn out and the gross oversimplifications inherent in the

prevailing consultancy driven business case literature painfully exposed Above all the book offers a sound practically and theoretically informed contribution to public policy debate and reflects and builds on urgent calls from public and private sector policy makers as well as academics to develop better governance and accountability frameworks for business to deal with the imperatives of social responsibility sustainable development and ethics This book is divided into five parts In Part 1 the complex concepts of responsibility accountability and governance are discussed and in particular the presumed relationships between the state the market and civil society in improving accountability and governance are explored and critiqued Part 2 consists of chapters relating to corporate social responsibility and stakeholder theory Part 3 is concerned with empirical studies covering governance structures networking and corporate social responsibility Part 4 deals with corporate governance and its implications for regulators and civil society Part 5 discusses multinational companies and how they impact on national governance regimes Finally a summary is provided with emerging international patterns of accountability and governance structures Corporate Social Responsibility Accountability and Governance will be essential reading for public and private policy makers and practitioners and academics interested in how CSR can become more than a soundbite and rather a substantial force for better global corporate governance and accountability Accountability and Social Responsibility David Crowther, Linne Lauesen, 2016-07-20 This book investigates how organizational governance is formed around socially responsible and accountable ways of leadership and management It provides new insights into various issues regarding business management and governance and points to ways for businesses to make a real change for the betterment of the world Corporate Social Responsibility, Accountability and Governance Istemi Demirag, 2018-10-08 The business case for corporate social responsibility which suggests that socially and environmentally aware companies can expect to reap financial rewards is seemingly gaining widespread acceptance within the business community This is particularly apparent in the ever increasing number of prominent companies parading their social ethical and environmental credentials by producing paper or web based social and environmental or sustainability reports In so doing reporting companies claim they are demonstrating a clear commitment to transparency and accountability to their key stakeholder groups However in the prevailing voluntaristic business case centred climate within which such initiatives are taking place little thought appears to have gone into the question of how stakeholders other than the capital provider group can actually use corporate disclosures offered in order to hold management accountable for the social and environmental consequences of their actions While much corporate rhetoric abounds concerning notions of stakeholder dialogue and engagement rigorous analysis of the governance implications of their claimed commitment to the principles of corporate social responsibility is largely conspicuous by its absence Corporate Social Responsibility Accountability and Governance seeks to explore this missing link between CSR and associated reporting initiatives and governance mechanisms that are capable of embracing true stakeholder accountability A wide range of case studies drawing on experiences of both public and private sector

initiatives in Europe the United States Canada South America and Asia offer insightful analysis of the complex relationships between the state the market and civil society in the development of CSR accountability and sustainable development The book employs a multidisciplinary perspective in order to analyse the political social economic technological legal and organisational shaping of CSR The complexities underpinning the concept are thereby clearly drawn out and the gross oversimplifications inherent in the prevailing consultancy driven business case literature painfully exposed Above all the book offers a sound practically and theoretically informed contribution to public policy debate and reflects and builds on urgent calls from public and private sector policy makers as well as academics to develop better governance and accountability frameworks for business to deal with the imperatives of social responsibility sustainable development and ethics This book is divided into five parts In Part 1 the complex concepts of responsibility accountability and governance are discussed and in particular the presumed relationships between the state the market and civil society in improving accountability and governance are explored and critiqued Part 2 consists of chapters relating to corporate social responsibility and stakeholder theory Part 3 is concerned with empirical studies covering governance structures networking and corporate social responsibility Part 4 deals with corporate governance and its implications for regulators and civil society Part 5 discusses multinational companies and how they impact on national governance regimes Finally a summary is provided with emerging international patterns of accountability and governance structures Corporate Social Responsibility Accountability and Governance will be essential reading for public and private policy makers and practitioners and academics interested in how CSR can become more than a soundbite and rather a substantial force for better global corporate governance and accountability *Accountability, Social Responsibility and Sustainability* Rob Gray, Carol A. Adams, Dave Owen, 2014 *Accountability Social Responsibility and Sustainability* addresses the broad and complicated interactions between organisational life civil society markets inequality and environmental degradation through the lenses of accounting accountability responsibility and sustainability Placing the way in which organisations are controlled and the metrics by which they are run at the heart of the analysis this text also explores how this system opposes the very concerns of societal well being and environmental stewardship that form the basis of civilised society Gray Adams and Owen offer an in depth and nuanced guide to this theory recognising the crucial role played by scholars and practitioners in approaching these central tensions The theory is extensively supported by analysis of developments in practice and in a real world context Aimed principally at undergraduate and postgraduate Accounting students *Accountability Social Responsibility and Sustainability* will prove invaluable to any student teacher or practitioner with an interest in the central role accounting finance accountability CSR and sustainability play in the future of society and the planet **Corporate Social Responsibility** Bernabé Escobar-Pérez, María del Mar Miras-Rodríguez, 2018 Nowadays the relevance of Corporate Social Responsibility in private firms is undeniable as well as it is increasingly important for public organizations Although the idea

that firms had some responsibilities to society beyond that of making profits has been around for centuries it was not until the end of the last century that CSR became a reality in business and one of the determinant factors that has been taken into account in decision making A good diversity management strategy as well as the development of a suitable accountability policy are decisive for being considered as a socially responsible organization Notwithstanding it seems that in some cultural environments it is no longer enough to be socially responsible Stakeholders demand transparency and to know more about the CSR engagement of each organization In this sense companies should include CSR in their core strategy and go beyond their commitment to CSR and to carry out a proper CSR communication strategy All these sustainable behaviors will have an impact on companies reputations if they are recognized by their stakeholders This book aims to provide more evidence to the field of knowledge through the study of this topic by considering the points of view from diverse fields of knowledge and applying different empirical methodologies

**Transparency, Information and Communication Technology**, 2008

**The Development of Social Responsibility and Accountability in Public Relations** Joseph S. Paul, 1974

**Dictionary of Corporate Social Responsibility** Samuel O. Idowu, Nicholas Capaldi, Matthias S. Fifka, Liangrong Zu, René Schmidpeter, 2015-02-03 This book is a concise and authoritative reference work and dictionary in the field of corporate social responsibility sustainability business ethics and corporate governance It provides reliable definitions to more than 600 terms and concepts for researchers and professionals alike By its definitions the dictionary helps users to understand the meanings of commonly used terms in CSR and the roles and functions of CSR related international organizations Furthermore it helps to identify keynotes on international guidelines codes and principles relevant to CSR The role of CSR in the business world has developed from a fig leaf marketing front into an important and indispensable aspect of corporate behavior over the past years Sustainable strategies are valued desired and deployed more and more by relevant players in business politics and societies all over the world Both research and corporate practice therefore see CSR as a guiding principle for business success

**Corporate Governance and Corporate Social Responsibility: How to Tackle Environmental Imperatives in Company Law?** Christophe George, 2023-10-04 The book first discusses the concepts of corporate governance and corporate social responsibility CSR and provides a new framework to deal with these issues in the context of sustainability It then explores the requirements of an end state of global sustainability and subsequently moves to a detailed analysis of the current governance regime delving into the CSR related liabilities and incentives at stake for both corporations and their directors It concludes with a framework suggesting that there are four normative avenues for addressing environmental and social imperatives in company law which helps reflect on how to tackle the potentiality for a sustainability gap in corporate governance and CSR The author always discusses practical realities and incentives at both the policy and corporate levels in addition to theoretical aspects The thesis on which this book is based received the distinction Summa Cum Laude and the 2023 Law Faculty Prize from the University of Lausanne Dr Christophe George is a Research

Associate at the Centre for Business Research in the University of Cambridge He holds a PhD in Company Law and Management from the University of Lausanne a Master of Law LLM from the University of Cambridge a Master in Management from Harvard University and a Master in Law and Economics from HEC Lausanne

**The New Corporate Accountability** Doreen J. McBarnet, Aurora Voiculescu, Tom Campbell, 2007 This book explores the external social and market forces affecting Corporate Social Responsibility

**Corporate Social Responsibility Across the Globe** Onyeka K. Osuji, Franklin N. Ngwu, Gary Lynch-Wood, 2023-06-01 Corporate Social Responsibility Across the Globe demonstrates many ways that CSR can be applied by law to overcome regulation and governance challenges around the world Using interdisciplinary and comparative models and perspectives the book challenges dominant understandings of CSR such as neoliberal voluntarism and demonstrates the regulatory and governance implications of an interdependent relationship between CSR and the law The book identifies substantive and procedural barriers for CSR in national public and private international law By analyzing deconstructing and reframing CSR in these contexts the book underlines opportunities for more effective application of CSR as a governance mechanism Chapters investigate relevant regulation concepts paradigms and approaches for CSR methods for infusing CSR in corporate governance and ways to facilitate private regulation of CSR in more developed emerging and developing jurisdictions

International Corporate Social Responsibility Ramon Mullerat, 2010-01-01 At present Corporate Social Responsibility CSR for some may not be more than an attitude Can it be more What degree of commitment can we reasonably expect of corporations in the struggle to eradicate poverty promote human rights halt climate change and reverse ongoing environmental destruction It is not a question of power more than half of the world's top 100 economies are corporations not nation states Whatever can be done to fix the world's problems corporations are in the best position to do it Back cover

Corporate Social Responsibility (CSR) As a Determinant for Building Corporate Brand Image BHUMIT ANISHKUMAR SHAH, **Corporate Responsibility and Competitiveness** Gilbert Lensen, Wojciech Gasparski, Boleslaw Rok, Peter Lacy, 2006 This e book draws on papers presented at the European Academy of Business in Society Fourth Annual Colloquium in Warsaw Poland December 2005 The event was hosted by the Leon Kozminski Academy of Entrepreneurship and Management and the Warsaw School of Economics It was part of the EABIS led project The European Platform for Excellence in CSR Research supported by the European Commission's Sixth Framework Research Programme The Colloquium and this e book are an attempt to lift debate to another level on both corporate responsibility and competitiveness in order to push the boundaries of knowledge They are also an attempt to build the platform for serious understanding at the level of corporate strategy and public policy

Globalisation of Corporate Social Responsibility and its Impact on Corporate Governance Jean J. du Plessis, Umakanth Varottil, Jeroen Veldman, 2018-02-01 This book addresses the increasing overlap between Corporate Social Responsibility CSR and law with a particular focus on company law and corporate governance What is the impact of CSR on company law and corporate

governance and vice versa How do these systems impact on CSR Do they enable require or prevent the socially responsible conduct of companies for example through corporate theory directors duties or disclosure laws What is the role of shareholders and directors in the promotion of CSR The theme of the book ensures a sharing of ideas and experiences globally and internationally for all jurisdictions to consider core legal and social aspects of CSR

**Corporate Social Responsibility** Stephen Vertigans, Samuel O. Idowu, 2016-08-02 This book highlights the multi faceted nature of corporate social responsibility and the need for greater engagement across academia to help develop the mechanisms needed to encourage socially responsible approaches across the board The product of a cross disciplinary collaboration of authors from various academic disciplines the book reflects the emergent diversity of academics now studying corporate social responsibility CSR Accordingly it includes contributions from economists to social anthropologists from accountants to philosophers and from clinical psychologists to social geographers Together they provide new insights into aspects that challenge hinder and enable CSR practitioners and corporations with regard to their financial impact and accountability governance and supply chains The book is divided into four parts focusing on the practical sociological theoretical and environmental aspects of corporate social responsibility

**Developing the Prosocial Entrepreneur** Maureen O'Callaghan, Michelle Robinson, 2025-02-14 The research underpinning this book shows that business owners want to know how they can use their entrepreneurial skills to ensure progress for themselves the business and society at a meaningful level

**Politics, Ethics and Social Responsibility of Business:** Murthy, 2009 Spread over 30 chapters in six units Politics Ethics and Social Responsibility of Business is a comprehensive guide to corporate social responsibility CSR It explains how the bases of CSR are politics and ethics without which the role of business in society cannot be understood Though designed for the students of B Com University of Delhi this book will be useful for all students of management as well as practicing managers and professionals
