Social Skills For Nursing Practice

Owen Hargie, Patrick J. McCartan

Social Skills For Nursing Practice:

Social Skills for Nursing Practice Peter French, 1994 Communication Skills in Nursing Practice Lucy Webb, 2019-11-25 Written specifically for student nurses developing their communication and interpersonal skills in any field of nursing The book addresses all the competencies for communication skills outlined in the 2018 NMC standards and features insightful contributions from experienced nurses and healthcare leaders across different clinical fields As communication and interpersonal skills have become essential to modern nursing this book will focus on demonstrating how the theory behind these skills can be successfully applied in practice Helping students to become confident assured communicators when interacting with patients whilst on placement and into their post registration nursing career The new edition includes the following updates A new chapter on person centred care and intercultural communication Further content on modern forms of communication such as social media and other new technologies A new theme Emotional intelligence integrated throughout the book **Social Skills for Nursing Practice** Peter French, 2025-09-17 The acquisition of professional interpersonal skills remains one of the key skills in the practice of nursing Originally published in 1983 and as a second edition in 1994 this established book maintains that social skills can be learnt and that patient care can improve by anticipating and preventing problems The book shows how nurses can develop personally and professionally by actively learning social skills in preference to their haphazard acquisition in practice Drawing on a wide body of writing research and nursing theory each chapter concludes with reflective activities and self evaluation tasks and is preceded by learning objectives Communication Skills for Nursing Practice Catherine McCabe, Fiona Timmins, 2013-11-06 Nurses need highly developed skills in order to communicate sensitively and collaboratively across a wide range of media with patients clients and colleagues from a variety of backgrounds This textbook offers a comprehensive introduction to essential communication skills with an emphasis on practical application within modern healthcare settings Supporting students and practitioners in developing a patient centred and therapeutic framework for communication it features research from a wide range of healthcare contexts and provides exercises and action plans to help nurses integrate psychological and healthcare communication theory into their day to day professional practice Renowned for its clear accessible and engaging guidance this is an indispensable textbook for all undergraduate nursing students New to this Edition A new chapter on collaborative communication New material on diversity Revised and updated throughout to provide contemporary case studies the latest literature original theories and models and skills development **Interpersonal Skills in Nursing** Carolyn M. Kagan, 2025-09-17 Originally published in 1985 this book locates interpersonal skills in nursing in both social psychological and nursing contexts It exposes nurses and nurse educators to different strategies for assessing teaching and evaluating interpersonal skills and examines those aspects of specialised nursing care that raise particular issues in the field of interpersonal skills The book thus combines reports of specific research studies with practical applications Aimed at nurse

educators ranging from tutors and those involved in training in specific nursing specialities to psychologists the book will be of relevance to advanced students interested in interpersonal aspects of nursing and to practitioners

Communication Skills for Adult Nurses Abayomi McEwen, Sarah Kraszewski, 2010-09-16 This book is a real gem useful not only for nurses but for all healthcare professionals students and educators wanting to develop their communication skills One is reminded that it is not always about what is said but how it is said This book will be a great resource for those advocating interprofessional working while keeping the patient's perspective in the reader's mind throughout Dr Susanne Lindqvist Senior Lecturer in Interprofessional Education University of East Anglia Norwich UK This book is slim line and concise but covers a lot of vital points that all nurses and students of nursing should be aware of It is well laid out with activities case studies and vignettes to illustrate key issues I thoroughly recommend this book to nursing students and those who work with people in any context Jo Parham third year adult nursing student at the University of the West of England From a Nursing Student perspective this book is excellent It deals with every aspect of communication from the fundamental skills through the use of technology challenging situations communication in teams to the legal and ethical aspects of communication Conor Hamilton Nursing student Queens University Belfast An essential guide for all nurses With an emphasis on practical application this lively and accessible guide will help nurses to hone and develop their communication skills Full of examples from both a patient and a nurse perspective the book covers Barriers to communication Communication in teams The patient's perspective Making good use of email and phone Managing difficult conversations How good communication underpins the essence of care Examples of both good and poor practice taken from the real life experiences of the authors are included to encourage reflection and integration of theory and practice The book includes common scenarios activity points and suggestions for practice to give nurses the tools to continue to develop and apply effective communication skills Communication Skills for Adult Nurses will support both student nurses learning their craft and also offer a suitable handy reference for qualified nurses undertaking continuing professional development or acting as mentors Contributors Bernard Anderson Jayne Crow Graham Harris Vivian Jellis Mary Northrop Paula Sobiechowska Jill Toocaram

Foundations of Nursing Practice Richard Hogston, Barbara Marjoram, 2011-04-01 This is the key text for introductory level nursing covering all the core areas Practical and great value it is comprehensive and also contains new chapters on cutting edge topics Alongside an all new companion website this is an outstanding edition for CFP study from a tried and trusted team

Nursing: Communication Skills in Practice Lucy Webb, 2011-02-24 Nursing students require a unique guide to communication and interpersonal skills to help them succeed on both placement and in academic work This text presents the theory and practice of communication for all care settings and professional needs during the pre registration course

Communication and Interpersonal Skills in Nursing Alec Grant, Benny Goodman, 2018-12-03 The new edition of this well regarded book introduces the underpinning theory and concepts required for the development of first class communication

and interpersonal skills in nursing By providing a simple to read overview of the central topics students are able to quickly gain a solid evidence based grounding in the subject Topics covered include empathy building therapeutic relationships using a variety of communication methods compassion and dignity communicating in different environments and culture and diversity issues Three new chapters have been added that point readers towards further ways of approaching their communication skills that are less model and technique driven and focusing more on therapeutic considerations as well as looking at the politics of communication

Social Skills Training and Psychiatric Nursing Owen Hargie, Patrick J. McCartan, 2025-09-17 When it was originally published in 1986 this book was one of the few to be written on social skills and mental health specifically for nurses Yet it is nurses who are uniquely placed to improve the skills of those with mental illness since it is they who often have most contact with patients or clients This book examines the place of social skills training in the practice of psychiatric nursing It provides relevant background to the evidence for limited social skills in psychiatric patients and the expanding role of the nurse and considers more practical elements such as selection and assessment of patients for a programme goal setting role play feedback and group versus individual approaches The book also analyses relevant skills themselves such as nonverbal communication and being assertive The book is aimed at both trained and student psychiatric nurses

Tabbner's Nursing Care Gabby Koutoukidis, Rita Funnell, Karen Lawrence, Jodie Hughson, Kate Stainton, 2009 Tabbner's Nursing Care Theory and Practice is the only Australian and New Zealand textbook written specifically for the enrolled nurse student The new 5th edition of this best selling text has been fully revised and updated throughout to reflect the content of the new National Curriculum Unit 1 The evolution of nursing Unit 2 The health care environment Unit 3 Cultural diversity and nursing practice Unit 4 Promoting psychosocial health in nursing practice Unit 5 Nursing individuals throughout the lifespan Unit 6 The nursing process Unit 7 Assessing health Unit 8 Important component of nursing care Unit 9 Health promotion and nursing care of the individual Appendices Provided by publisher

Communication Skills for Nursing Practice Catherine McCabe, Fiona Timmins, 2013-11-06 Nurses need highly developed skills in order to communicate sensitively and collaboratively across a wide range of media with patients clients and colleagues from a variety of backgrounds This textbook offers a comprehensive introduction to essential communication skills with an emphasis on practical application within modern healthcare settings Supporting students and practitioners in developing a patient centred and therapeutic framework for communication it features research from a wide range of healthcare contexts and provides exercises and action plans to help nurses integrate psychological and healthcare communication theory into their day to day professional practice Renowned for its clear accessible and engaging guidance this is an indispensable textbook for all undergraduate nursing students New to this Edition A new chapter on collaborative communication New material on diversity Revised and updated throughout to provide contemporary case studies the latest literature original theories and models and skills development

Compassion, Caring and Communication Jacqui

Baughan, Ann Smith, 2013-11-26 Compassion and caring are at the very heart of nursing possibly that's why you were attracted to the nursing profession in the first place But what does compassionate caring really mean in nursing practice Compassion Caring and Communication Skills for Nursing Practice is a practical book that guides you through the complex dimensions of caring It considers the ways in which you connect with patients families and co workers and the long lasting impact of emotions and feelings Using real life narratives case studies and reflection activities the authors demonstrate how you can develop and maintain the empathy and communication skills you need to create effective compassionate and caring partnerships New to the second edition Comprehensively updated throughout to reflect and highlight current professional pressures and public concerns around nursing practice Includes a broader range of relevant case studies discussions and scenarios to engage students and qualified nurses at all levels Contains new content about the impacts of recent government reports and policies on nursing care developing an awareness of contemporary issues and debates The BOND caring framework has been revised and updated alongside new caring indicators to support the development of compassionate caring skills All references have been updated using the latest sources and evidence based studies **Essential Communication Skills for Nursing** Philippa Sully, Joan Dallas, 2005 This book focusses on the communication skills needed for the development of effective professional and therapeutic relationships It relates the theory of effective and ethical communication to the practice of nursing and provides a framework for developing communication skills to meet a variety of nursing situations Ed Emotional Intelligence in Health and Social Care John Hurley, Paul Linsley, 2018-02-21 While emphasising caring for others this book also places great importance on the practitioner caring for and developing themselves Contemporary care environments place high demands upon students and practitioners of all disciplines We want practitioners to do more than simply survive these environments we want practitioners to thrive and feel enabled to lead themselves and others John Hurley and Paul Linsley in the Preface Emotional intelligence is centred in self awareness empathy and leadership as well as communication relatedness and personal resilience This book adopts a fresh approach to personal and professional development in healthcare by applying emotional intelligence to a range of clinical and educational contexts This practical user friendly guide engages the reader on both an emotional and a cognitive level offering an energising way for healthcare professionals to work more effectively as individuals and as part of a team The activities provided are thought provoking for personal study and ideal for session planning in larger groups Emotional Intelligence in Health and Social Care is recommended for all educators and students of medicine nursing social care and the Allied Health Professions When I began my professional training over forty years ago the curriculum paid no attention to the stuff of the emotions However when faced with the confusion of real people and the uncertainty of decision making I like everyone else had to draw on my emotions feeling my way towards a different kind of knowledge A book like this might have helped me come to a different understanding of what I needed to do to help myself to coexist with work alongside and help others From

the Foreword by Phil Barker *Social and Behavioural Sciences for Nurses* N. H. Groenman, O. D. A. Slevin, M. A. Buckenham, 1992 The series from which this book is taken is designed for the new direction in health care education resulting from the implementation of Project 2000 It brings together relevant material from the various subject areas and provides practical textbooks for health care students Each title in the series includes a variety of study activities to encourage the user and facilitate learning and there are regular summaries and bibliographies for further study and self testing exercises The arrangement of each chapter is as follows introduction presentation of subject material case studies assignments self testing exercises summary and bibliography UCSF General Catalog University of California, San Francisco, 1976 Nursing and Mental Health Care Steve Trenoweth, Terry Docherty, Joseph Franks, Reuben Pearce, 2011-08-30 Improving mental health for all is increasingly important in nursing as more people suffer from mental health issues ranging from stress through to diagnosed illnesses It is crucial that all nurses not just mental health nurses are aware of mental health problems and the impact these have on patients families and carers This book gives a clear overview of mental health in nursing relevant for all fields of practice It explains the core features of the mental health nursing field and explores aspects of mental health that every nurse should understand in order to provide holistic care to their patients

Handbook of Veterinary Communication Skills Carol Gray, Jenny Moffett, 2013-05-23 This is the first definitive textbook on veterinary communication written specifically for students and veterinary professionals by a group of international experts Communication is a core clinical skill and is now taught as a compulsory part of most veterinary degree courses Good communication is crucial to the veterinarian client patient relationship to patient health and ultimately to the success of any veterinary business The book covers all the key areas of communication including the basic framework for the veterinary consultation professional ethical and legal aspects communication with clients and colleagues and coping with end of life and other difficult situations It combines the most up to date research with a wealth of practical information such as Real life case studies to help you apply your learning to real scenarios Simple step by step guidelines showing you how to deal with specific situations Examples of written resources you can use in practice This valuable textbook has been written and edited by a carefully chosen group of specialists comprising veterinary communication lecturers veterinary practitioners training managers and counsellors
