South Asian studies **Land Reform in Developing Countries** Michael Lipton, 2009-06-24 Redistributing land rights is a tricky subject and one that easily becomes controversial as recent experience has shown This new book calmly examines the strengths and weaknesses of different forms of land redistribution Theoretical Study of Ethnogeography Yanbo Guan, 2025-05-29 This book conducts a systematic research on the basic theoretical system of ethnogeography area differentiation and spatial changes of ethnic community national ecological outlook on human land relations geographical distribution of various nationalities in the world and historical geographical background of regional ethnic composition From the perspective of the development of the discipline through comprehensive review of the basic materials development process and research status of ethnogeography the book reveals the basic theoretical issues of the basic concepts subject attributes research objects contents and methods of ethnogeography and initially sets up the basic framework for the study of ethnogeography *Guru Nanak Journal of Sociology* ,1996 **ICSSR Journal of Abstracts and Reviews** Indian Council of Social Science Research, 1997 **Attacking Poverty** ,2000 At the start of each decade the World Development Report focuses on poverty reduction The World Development Report now in its twenty third edition proposes an empowerment security opportunity framework of action to reduce poverty in the first decades of the twenty first century It views poverty as a multidimensional phenomenon arising out of complex interactions between assets markets and institutions This Report shows how the experience of poverty reduction in the last fifteen years has been remarkably diverse and how this experience has provided useful lessons as well as warnings against simplistic universal policies and interventions It shows how current global trends present extraordinary opportunities for poverty reduction but also cause extraordinary risks including growing inequality marginalization and social explosions The World Development Report 2000 2001 explores the challenge of managing these risks in order to make the most of the opportunities for poverty reduction *Loyola Journal of Social Sciences* ,2001 **Research in Education** ,1973 **Police, Military and Ethnicity** Cynthia Enloe, 2024-12-06 This collection of essays describes and analyzes the ways in which government policymakers go about designing police forces and militaries The author includes both wide ranging comparative investigations of the dimensions of the state security phenomenon and specific case studies Dr Enloe uses the sociological concept of ethnicity to demonstrate how the armed forces in several nations have capitalized on racial and ethnic diversity to foster their own goals and those of the government and power elites She examines this idea by focusing on the ethnic factors involved in the evolution of the South African military the military ethnic connection in Malaysia and the role of the armed forces in the conflict in Ulster The author illustrates convincingly that not only individual citizens desire security but that nation states themselves are engaged in the same pursuit What often passes for or is justified in the name of citizen protection is in fact done to strengthen the state itself Militaries are recruited in ethnically skewed ways and increasing numbers of police forces throughout the world have military capacities not to enhance the security of private individuals but to protect the status quo of the central

government and the nation's establishment Dr Enloe covers an assortment of countries within the framework of her central argument which is practically as well as theoretically significant Each chapter can be read on its own and all deal with currently salient political conditions
