Health, Healing and Disease in England, 1750–1950

Social History Of Medicine In England 1750 1950

David Loades

Social History Of Medicine In England 1750 1950:

A Social History of Medicine Joan Lane,2012-11-12 A Social History of Medicine traces the development of medical practice from the Industrial Revolution right through to the twentieth century Drawing on a wide range of source material it charts the changing relationship between patients and practitioners over this period exploring the impact made by institutional care government intervention and scientific discovery The study illuminates the extent to which medical assistance really was available to patients over the period by focusing on provincial areas and using local sources It introduces a variety of contemporary medical practitioners some of them hitherto unknown and with fascinating intricate details of their work The text offers an extensive thematic survey including coverage of institutions such as hospitals dispensaries asylums and prisons midwifery and nursing infections and how changes in science have affected disease control contraception war and the NHS

Medical Services and the Hospital in Britain, 1860-1939 Steven Cherry,1996-06-28 An introduction to the development of medical and hospital services in Britain before 1939

A Companion to Nineteenth-Century Britain Chris Williams,2008-04-15 A Companion to Nineteenth Century Britain presents 33 essays by expert scholars on all the major aspects of the political social economic and cultural history of Britain during the late Georgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading

Medical Negligence in Victorian Britain Kim Price,2015-02-26 Medical Negligence in Victorian Britain is the first detailed exploration of the hundreds of charges of neglect against doctors who were contracted to the new poor law after the Poor Law Amendment Act of 1834 The author moves beyond the hyperbole of Victorian public scandal to use medical negligence as a prism through which to view hidden aspects of poor law doctors and their patients This provides a uniquely grounded perspective from the day to day experience of medical practice for both doctor and patient to the context of the medico political socio legal and cultural processes that underpinned the social construction of negligence at this time The result is a clearly enunciated description of what negligence meant to the Victorians and how they sought to define and deal with negligent care moving the topic from the sidelines of English welfare history to the centre stage role it played in Victorian society Thematically and chronologically arranged in two parts the book uses extensive new archival material with a particular focus on the official inquiries into neglect conducted by poor law inspectors It offers a fresh perspective on the poor laws that has repercussions for wider histories of welfare medicine and legal medicine

Nervous Disease in Late Eighteenth-Century Britain Heather R Beatty,2015-10-06 This study based on extensive use of eighteenth century newspapers hospital registers and case notes examines the experience of suffering from nervous disease a supposedly upper class malady Beatty concludes that nervousness was a legitimate medical diagnosis with a firm basis in eighteenth century medical theory

Locating Health Erika Dyck,Christopher Fletcher,2015-10-06 The essays in this collection focus on the dynamic relationship between health

and place Historical and anthropological perspectives are presented each discipline having a long tradition of engaging with these concepts The resulting dialogue should produce a new layer of methodology enhancing both fields

The Spaces of the Hospital Dana Arnold, 2013-07-24 The Spaces of the Hospital explores the role and significance of hospitals as agents of change in London c1680 1820

Cholera Amanda J Thomas, 2015-09-21 A fusion of science social and medical history fascinating the understanding of and responses to cholera are covered in detail and with sensitivity The Victorian Web Discover the story of the disease that devastated the Victorian population and brought about major changes in sanitation Drawing on the latest scientific research and a wealth of archival material Amanda J Thomas uses first hand accounts blending personal stories with an overview of the history of the disease and its devastating after effects on British society This fascinating history of a catastrophic disease uncovers forgotten stories from each of the major cholera outbreaks in 1831 2 1848 9 1853 4 and 1866 Amanda J Thomas reveals that Victorian theories about the disease were often closer to the truth than we might assume among them the belief that cholera was spread by miasma or foul air The book acts as a complete overview of cholera in Victorian Britain taking a new accessible approach to a topic previously covered predominately by academic researchers Harpenden History

The Dynamics of Text and Framing Phenomena Matti Peikola, Birte Bös, 2020-11-15 This volume explores the complex relations of texts and their contextualising elements drawing particularly on the notions of paratext metadiscourse and framing It aims at developing a more comprehensive historical understanding of these phenomena covering a wide time span from Old English to the 20th century in a range of historical genres and contexts of text production mediation and consumption However more fundamentally it also seeks to expand our conception of text and the communicative spaces surrounding them and probe the explanatory potential of the concepts under investigation Though essentially rooted in historical linguistics and philology the twelve contributions of this volume are also open to insights from other disciplines such as medieval manuscript studies and bibliography but also information studies marketing studies and even digital electronics and thus tackle opportunities and challenges in researching the dynamics of text and framing phenomena in a historical perspective

Emotions and Surgery in Britain, 1793-1912 Michael Brown, 2022-10-20 An innovative analytical account of the changing place of emotions in British surgery in the long nineteenth century

The Demography of Victorian England and Wales Robert Woods, 2000-10-05 The Demography of Victorian England and Wales uses the full range of nineteenth century civil registration material to describe in detail for the first time the changing population history of England and Wales between 1837 and 1914 Its principal focus is the great demographic revolution which occurred during those years especially the secular decline of fertility and the origins of the modern rise in life expectancy But Robert Woods also considers the variable quality of the Victorian registration system the changing role of what Robert Malthus termed the preventive check variations in occupational mortality and the development of the twentieth century class mortality gradient and the effects of urbanisation associated with the significance of distinctive

disease environments The volume also illustrates the fundamental importance of geographical variations between urban and rural areas This invaluable reference tool is lavishly illustrated with numerous tables figures and maps many of which are reproduced in full colour

Drugs and Narcotics in History Roy Porter, Mikulas Teich, 1995 A collection of essays exploring the complex history of drugs and narcotics throughout history from ancient Greece to the present day shows that such substances were sought originally as healing agents both within and without the medical profession However the mood and mind altering characteristics of some have led to the widespread abuse and legal controls we see today

Poverty and Welfare in England, 1700-1850 Steven King, 2000-12-15 As the Blair government launches a new campaign against poverty the notion of the deserving and undeserving poor raises its head again in the media The Poor Law particularly the Old New Poor Law at the junction of the 18th and 19th centuries in England is again the focus of attention This book provides the first accessible and comprehensive overview of the literature on poverty and of the welfare policies of the state as well as the alternative welfare strategies of the poor for the period 1700-1850

Physical Control, Transformation and Damage in the First World War Simon Harold Walker, 2020-11-12 From enlistment in 1914 to the end of service in 1918 British men's bodies were constructed conditioned and controlled in the pursuit of allied victory Physical Control Transformation and Damage in the First World War considers the physical and psychological impact of conflict on individuals and asks the question of who in the heart of war really had control of the soldier's body As men learned to fight they became fitter healthier and physically more agile yet much of this was quickly undone once they entered the fray and became wounded died or harmed their own bodies to escape Employing a wealth of sources including personal testimonies official records and oral accounts Simon Harold Walker sheds much needed light on soldiers' own experiences of World War I as they were forced into martial moulds and then abandoned in the aftermath of combat In this book Walker expertly synthesizes military sociological and medical history to provide a unique top down history of individual soldiers' experiences during the Great War giving a voice to the thousands of missing mutilated and muted men who fought for their country The result is a fascinating exploration of body cultures power and the British army

A Prophet in His Own Country Alastair Robson, 2023-04-28 Henry Lilley Smith 1788-1859 was born and bred in Southam Warwickshire After an apprenticeship to a surgeon apothecary he attended Guy's Hospital where he was a surgical dresser to the distinguished Guy's surgeon Sir Astley Cooper

The Cambridge Urban History of Britain Peter Clark, David Michael Palliser, Martin J. Daunton, 2000 The process of urbanisation and suburbanisation in Britain from the Victorian period to the twentieth century

Objects of Poverty Joseph Harley, Vicky Holmes, 2025-07-24 Objects of Poverty is the first volume dedicated to analysing the material culture of poverty in British history from 1700 to the present The book examines the history of poverty through the objects owned by the poor and those crafted repurposed or simply encountered by them offering critical new insights into the experience of being impoverished This collection brings together leading and emerging scholars who draw on a wide array of objects of poverty from those that

survive today ranging from dolls to whistles to textile samples to those that have long since gone and now only exist in visual and written sources The contributors trace the importance of materiality in eighteenth century and modern life covering objects connected to sustenance home the makeshift childhood animals money workhouses and injury and death In its 23 chapters along with some 77 illustrations the book provides a detailed exploration of the history of poverty in Britain Each of the chapters are based on original research and make a new contribution to the literature This book will be fascinating reading for history enthusiasts to students to established academics across multiple disciplines

The Sensational Past: How the Enlightenment Changed the Way We Use Our Senses Carolyn Purnell, 2017-02-07 Sight smell hearing taste and touch as they were celebrated during the Enlightenment and as they are perceived today Blindfolding children from birth Playing a piano made of live cats Using tobacco to cure drowning Wearing flea colored clothes These actions may seem odd to us but in the eighteenth century they made perfect sense As often as we use our senses we rarely stop to think about their place in history But perception is not dependent on the body alone Carolyn Purnell persuasively shows that while our bodies may not change dramatically the way we think about the senses and put them to use has been rather different over the ages Journeying through the past three hundred years Purnell explores how people used their senses in ways that might shock us now And perhaps more surprisingly she shows how many of our own ways of life are a legacy of this earlier time The Sensational Past focuses on the ways in which small peculiar and seemingly unimportant facts open up new ways of thinking about the past You will explore the sensory worlds of the Enlightenment learning how people in the past used their senses understood their bodies and experienced the rapidly shifting world around them In this smart and witty work Purnell reminds us of the value of daily life and the power of the smallest aspects of existence using culinary history fashion medicine music and many other aspects of Enlightenment life

Fatal Thirst Elizabeth Lane Furdell, 2009 Using unpublished and published sources this book examines the history of diabetes in Britain from the perspective of healer and sufferer alike focusing on medieval treatments Renaissance era diabetology and the centuries long debate among specialists over the site and cure of the disease

[Reader's Guide to British History](#) David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication
