

Social Contract Philosophers

- Thomas Hobbes
- April 5, 1588–Dec 4, 1679
- English philosopher, whose famous 1651 book *Leviathan* set the agenda for nearly all subsequent Western political philosophy.

Social Philosophers

Robert A. Nisbet

Social Philosophers:

Ethical and Social Philosophers Hector Davidson, This book contains ideas and thoughts from these philosophers Martha Nussbaum At the heart of Nussbaum s intellectual journey is the development of the capabilities approach a framework she co created with economist Amartya Sen This approach is centered on the idea that justice should be evaluated based on individuals abilities to function and achieve various important life goals rather than simply on income or wealth The capabilities approach emphasizes human dignity and focuses on the conditions that allow people to live lives they have reason to value It challenges traditional views of social justice by broadening the scope of what constitutes a flourishing life beyond mere economic success Peter Singer Peter Singer is one of the most influential philosophers in contemporary ethics known for his contributions to utilitarianism animal rights global poverty bioethics and environmental ethics His ethical philosophy is grounded in the principle of utilitarianism which holds that the right course of action is the one that produces the greatest overall happiness or well being Singer s work is characterized by a practical results oriented approach focusing on how ethical principles can be applied to real world issues to alleviate suffering and promote well being His influential works such as *Animal Liberation* and *The Life You Can Save* challenge readers to consider the moral implications of their actions in a variety of contexts from how they treat animals to how they engage with global poverty **Man and Man : the Social Philosophers** Saxe Commings,Robert N. Linscott,1966 *The Social Philosophers* Robert A. Nisbet,1973 **The Social Philosophers** Robert A. Nisbet,1993 **Man and Man** Saxe D. Commings,Robert N. Linscott,1980-05

Dictionary of Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought *Biographical Dictionary of Twentieth-Century Philosophers* Stuart Brown,Diane Collinson,Robert Wilkinson,2012-09-10 This Biographical Dictionary provides detailed accounts of the lives works influence and reception of thinkers from all the major philosophical schools and traditions of the twentieth century This unique volume covers the lives and careers of thinkers from all areas of philosophy from analytic philosophy to Zen and from formal logic to aesthetics All the major figures of philosophy such as

Nietzsche Wittgenstein and Russell are examined and analysed The scope of the work is not merely restricted to the major figures in western philosophy but also covers in depth a significant number of thinkers from the near and far east and from the non European Hispanic language communities The Biographical Dictionary also includes a number of general entries dealing with important schools of philosophy such as the Vienna Circle or currents of thought such as vitalism These allow the reader to set the individual biographies in the context of the philosophical history of the period With entries written by over 100 leading philosophy scholars the Biographical Dictionary is the most comprehensive survey of twentieth century thinkers to date Structure The book is structured alphabetically by philosopher Each entry is identically structured for ease of access and covers nationality dates and places of birth and death philosophical style or school areas of interest higher education significant influences main appointments main publications secondary literature account of intellectual development and main ideas critical reception and impact At the end of the book a glossary gives accounts of the schools movements and traditions to which these philosophers belonged and thorough indexes enable the reader to access the information in several ways by nationality by major areas of contribution to philosophy e g aesthetics by major influences on the thinker concerned e g Plato Kant Wittgenstein *The Social Philosophy of Adam Smith* J.R. Lindgren, 2012-12-06 Adam Smith was one of the most important seminal social philosophers of modern times Although his great masterpiece the *Wealth of Nations* is most frequently associated with the field of economics it has exercised a profound and abiding influence not only in that but in all areas of social theory and practice as well In view of this it is not a little puzzling that after nearly two centuries there does not exist a single reliable account of the full range of his social philosophy The circumstances which have contributed to this void in the literature are easily identified All who are at all familiar with Smith's life and writings recognize that he was a philosopher by profession and that all his writings were conceived and executed as works of philosophy During his lifetime his work was viewed from that perspective At about the time of his death in 1790 however Smith's work was eclipsed in the field of philosophy by Hume and Reid in Great Britain and Kant on the continent Thereafter the interpretation of his writings was taken up by those who were profoundly interested in only one aspect of his work viz his political economy In the process of explicating that feature of his thought the social philosophy upon which his political economy was based and of which it was but one application was at first ignored and then represented as rather simplistic

The Social Relevance of Philosophy Colleen K. Flewelling, 2005-01-01 Can philosophy be socially relevant Dating back to Socrates Apology and beyond Marx's argument that pure philosophical theory without practical application was unattainable philosophers have had many diverse views about their work including that it is indispensable that it is socially irrelevant and even that it is harmful Tracing the controversy through history this book examines eleven philosophers' arguments concerning the question of the social relevance of philosophy placing each thinker in the appropriate cultural and historical context Colleen Flewelling focuses particularly on the Frankfurt School as their program was aimed at producing a socially

relevant theory She suggests that philosophical theory and practice are in fact interconnected and that if properly understood some forms of philosophy can be socially relevant The Social Relevance of Philosophy provides a concise yet thorough history of the debate on philosophy's role in society It is essential reading for students and professional philosophers alike

The Catalogue of Extolled Philosophers of the Millettarian Tradition Cometan, 2019-11-26 The Catalogue of Extolled Philosophers of the Millettarian Tradition is the seventy ninth instalment in the Little Blue Book Series and comprises the fifth to thirteenth discourses of the Tetradoxy which is itself the fourth disquisition of the Omnidoxy Astronism's founding text This publication is constituted by a significant list of philosophers who are considered by the Astronist Institution to be distinguished in the field of philosophy and are therefore considered as having made major contributions as all extolled persons are expected to have achieved The Little Blue Book Series was created and first published by Cometan himself as a way to simplify and commercialise the immensity of the two million word length of the Omnidoxy into smaller more bite size publications A successful series from its very first published entry the Little Blue Book Series has gone on to become a symbol of Astronist commercial literature and a way for Cometan's words to reach readers of all ages and abilities who remain daunted by the beauty and yet the sheer extensiveness of the Omnidoxy as the longest religious text in history

The Social Philosophers Robert A. Nisbet, 1983-01 Examines the concept of community in relation to politics religion and revolution as viewed by major Western social philosophers

National Security League United States. Congress. House. Special Committee to Investigate the National Security League, 1918

Philosopher's Story Morton White, 2010-11-01

Social Philosophy Gerald F. Gaus, 1999-03-26 This short and accessible introductory text discusses how people in a pluralistic society such as ours can accept a common social ethic a publicly justified morality It presents clear analyses of the basic concepts including justifications of liberty harm to others private property rights distributive justice environmental harms help to others and offensive behavior Gaus acquaints the reader with the major figures in social philosophy John Stuart Mill Jeremy Bentham Thomas Hobbes John Locke David Hume John Rawls David Gauthier and Joel Feinberg as well as recent communitarian philosophers The basic technical aspects of social philosophy are also introduced game theory social choice theory the ideas rational action rational bargaining and public goods Throughout helpful short examples and stories are used to illustrate the material

Critical Analysis of Organizations Catherine Casey, 2002-01-23 Catherine Casey has written an excellent book that provides a lucid and comprehensive critical analysis of organizations It extends in reach and relevance beyond the specific field of organization studies and the sociology of organizations to encompass broader intellectual developments that have had a significant impact on contemporary sociology and cultural studies Barry Smart Professor of Sociology University of Portsmouth I anticipate that it will prove to be an attractive book in organization studies industrial sociology and general sociology I am sure that this will be a book that will make a major impact Mike Reed Professor of Organization Theory Lancaster University In this comprehensive and scholarly

book the essential critical strands in organizational analysis are explained It examines how central traditions have realigned in relation to the challenge of postmodernism and the new reflexive turn in organizational studies Judicious innovative and written with the needs of students in mind this book offers a renewed and revitalized critical accent in organization studies one that focuses on existing and emerging social tendencies contestations and struggles It will be essential reading for senior students of organization studies and sociology Hitler's Philosophers Yvonne Sherratt,2013-05-21 A gripping account of the philosophers who supported Hitler's rise to power and those whose lives were wrecked by his regime *The Theory of the Cost-of-Living Index* Robert A. Pollak,1989-09-14 Providing a valuable resource for government economists academics and research libraries this volume contains twelve papers by Robert Pollak four previously unpublished that explore the theory of the cost of living index In addition to Pollak's classic paper The Theory of the Cost of Living Index the volume includes papers on subindexes the intertemporal cost of living index welfare comparisons and equivalence scales the social cost of living index the treatment of quality and consumer durables in the cost of living index **A History of Social Philosophy** Charles A. Ellwood,2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work *The Merchants' Magazine and Commercial Review* ,1860 **The SAGE Encyclopedia of Lifespan Human Development** Dr Marc Bornstein,Marc H. Bornstein,2018-01-15 In approximately 800 signed articles by experts from a wide diversity of fields this encyclopedia explores all individual and situational factors related to human development across the lifespan
