Strecker, 2006 Theorizing Rituals Jens Kreinath, Michael Strausberg, 2006 Volume two of Theorizing Rituals mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals Social Intelligence and Interaction Esther N.

Goody, 1995-03-23 There is a growing view that intelligence evolved as a product of social interdependence The unique development of human intelligence was probably linked to the use of spoken language but language itself evolved in the context of social interaction and in its development it has shaped and been shaped by social institutions Taking as their starting point the social production of intelligence and of language scholars across a range of disciplines are beginning to rethink fundamental questions about human evolution language and social institutions This volume brings together anthropologists linguists primatologists and psychologists all working on this new frontier of research **Theorizing**

Rituals, Volume 2: Annotated Bibliography of Ritual Theory, 1966-2005 Jens Kreinath, J.A.M. Snoek, Michael Stausberg, 2007-09-30 Volume two of Theorizing Rituals mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals **Mambila Divination** David Zeitlyn, 2020-02-20 This book offers a major contribution to the study and analysis of divination based on continuing fieldwork with the Mambila in Cameroon It seeks to return attention to the details of divinatory practice using the questions asked and life histories to help understand the perspective of the clients rather than that of the diviners Drawing on a corpus of more than 600 cases David Zeitlyn reconsiders theories of divination and compares Mambila spider divination with similar systems in the area A detailed case study is examined and analysed using conversational analytic principles The regional comparison considers different kinds of explanation for different features of social organization leading to a discussion of the continuing utility of moderated functionalism The book will be of interest to area specialists and scholars concerned with religion rationality and decision making from disciplines including anthropology African studies and philosophy **Language in Late Modernity** Ben Rampton, 2006-02-23 Provides a sociolinguistic account of classroom interaction based on research in an inner city high school **Words and Processes in Mambila**

Ethnographic Chiasmus Ivo Strecker,2011-06-01 The essays assembled in this volume are shaped by conditions both enabling and constraining that can perhaps best be described as an ethnographic chiasmus This expression refers to the surprise and reversal of position that are characteristic of fieldwork and it attends to the fact that transcultural understanding comes about as a meeting touching or crossing Chiasmus also pertains to the relationship between culture and rhetoric in general Culture structures rhetoric rhetoric structures culture Both are coemergent In order to elucidate this process ethnography has to focus on the manifold modes of rhetoric through which culture specific patterns of thought and action are created

Culture Figures Michał Mokrzan,2024-06-01 Ethnographic research anthropological theory and the understanding of the objects of inquiry are co created through figuration using tropes and rhetorical figures and techniques of persuasion Delving into descriptive ethnography and theoretical texts spanning across classical monographs and recent texts in cultural anthropology Culture Figures places rhetoric and rhetoricity as central to the discipline s self understanding It focuses on how understandings of culture and social life are shaped and conveyed in cultural anthropology through textual rhetoric The book demonstrates how processes of using tropes and modes of persuasion underlie the creation of meanings or misunderstandings in society

Humour, Comedy and Laughter Lidia Dina Sciama,2016-04-01 Anthropological writings on humor are not very numerous or extensive but they do contain a great deal of insight into the diverse mental and social processes that underlie joking and laughter On the basis of a wide range of ethnographic and textual materials the chapters examine the cognitive social and moral aspects of humor and its potential to bring about a sense of amity and mutual understanding even among different and possibly hostile people Unfortunately though cartoons jokes and parodies can cause irremediable distress and offence Nevertheless contributors cross cultural evidence confirms that the positive aspects of humor far outweigh the danger of deepening divisions and fueling hostilities
