**Interviewing for Education and Social Science Research** Carolyn Lunsford Mears, 2009-08-03 This volume introduces a fresh approach to research using a narrator centred method which provides a means for researchers to access the often hidden human responses about a situation so that those who make decisions and write policy may become better informed about the true impact of their actions on the individuals involved      **Annals of the American Academy of Political and Social Science** ,1917      **2014 International Conference on Social Science and Environment Protection (SSEP2014)** ,2014-02-11 This conference promises to be both informative and stimulating with a wonderful program Delegates will have a wide range of sessions to choose from and will have a difficult time to choose which session to attend The program consists of invited session technical workshop and discussions covering a wide range of topics in social science including communication culture economics education finance law management politics psychology and society This rich program provides all attendees with the opportunities to meet and interact with one another We hope that your experience with SSEP2014 is a fruitful and long lasting one      **Social Reconstruction** Karen L. Riley, 2006-05-01 Social Reconstruction as a philosophy stream of thought or official program is often synonymous with Depression era Progressivism But Social Reconstruction unlike progressivism enjoyed political stardom The spirit of progressivism at least in terms of education found a home in those enthusiasts who supported a child centered perspective of education Others such as the essentialists viewed their progressive role as one that advanced the view of essential or basic education as the most sound approach to curriculum and teaching Still others more radical in their outlook believed that progress should be framed with questions about social justice and equity Proponents of social reconstruction included Harold Rugg and George Counts although the movement was rich with supporters To date social reconstruction is only a by word in most texts that deal with the Progressive Era or progressive education perhaps because Rugg and Counts the two most visible proponents sought and received the political limelight no matter how glaring In any event the depths of social reconstruction have yet to be plumbed Hence the first book in this series will offer a comprehensive treatment of Social Reconstruction which include chapters that

examine its proponents political nature and social justice programs born of and within the tumultuous context of progressive politics     **Educational Administration Abstracts** ,1966
