Experimental Design and the Analysis of Variance Robert K. Leik, 1997-04-19 Most core statistics texts cover subjects like analysis of variance and regression but not in much detail This book provides clear and comprehensive coverage of the concepts behind ANOVA as well as its technical implementation It emphasizes facilitating students intuitive and common sense understanding of the concepts before delving into computation

Multiple Regression Paul D. Allison, 1999 Presenting topics in the form of questions and answers this popular supplemental text offers a brief introduction on multiple regression on a conceptual level Author Paul D Allison answers the most essential questions such as how to read and interpret multiple regression tables and how to critique multiple regression results in the early chapters and then tackles the less important ones for instance those arising from multicollinearity in the later chapters With this organization readers can stop at the end of any chapter and still feel like they've already gotten the meat of the

Leon-Guerrero, Essentials of Social Statistics for a Diverse Society + Wagner: Using IBM® SPSS® Statistics for Social Statistics and Research Methods, 3e Anna Y. Leon-Guerrero, 2012-03-29 We offer these texts bundled together at a discount for your students. *Essentials of Social Statistics for a Diverse Society* provides students with a briefer, less expensive version of the successful *Social Statistics for a Diverse Society* now in its 6th edition. As in the parent text, this briefer statistics text puts a strong emphasis on the theme of diversity, which is illustrated through the use of real data in examples from contemporary social issues. The book's informational and inviting writing style, coupled with the use of real world examples, makes the book a more accessible and engaging resource for students. *Using SPSS for Social Statistics and Research Methods* Third Edition is ideal as a companion to a statistics or research methods text or as a stand-alone guide. *Using SPSS for Social Statistics and Research Methods* Third Edition uses images and directions drawn directly from SPSS PASW Version 18.0 for both PC and Mac computers to teach undergraduate students how to use the software to manage data or to conduct statistical data analysis. This fully updated pocket size guide addresses a wide variety of data analysis topics, making it useful for the classroom or for independent study, and offers a number of useful insider tips and hints for students. The Third Edition also offers the use of a dataset from the latest version of the General Social Survey GSS. *Methods of Family Research* Theodore N. Greenstein, 2006 This text introduces social science research methods to those who consume research in the study of families and children. It deals with research methods from the perspective of the consumer of research rather than the producer.
