Social Theory Berch Berberoglu, 2017-01-06 Social Theory provides a sophisticated yet highly accessible introduction to classical and contemporary social theories. The author's concise presentation allows students and instructors to focus on central themes. Chapters on Adorno and early feminism, on Habermas and the Frankfurt School, on Foucault, and on globalization and social movements round out contemporary coverage. The book presents and explains key theories just as it provides an introduction to central debates about them.
