## **Social Thought From Lore To Science Volume 2:**

**Main Currents in Sociological Thought: Volume Two** Raymond Aron, 2025-05-06 The second volume of the landmark study examining the work of sociology's defining thinkers from the turn of the nineteenth century to the interwar period. **Main Currents in Sociological Thought** remains a foundational synthesis in the field. In this second and final volume of his classic survey, Raymond Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century: Durkheim, who continued Comte's quest for a science of society and a scientific validation of morality; Pareto, the Italian neo-Machiavellian who emphasized the elitist character of all societies; and Weber, the German sociologist who reflected critically on the prospects for human freedom in an age of disenchantment. Bringing together penetrating intellectual portraits of these great thinkers and close readings of their most consequential texts, **Main Currents in Sociological Thought** highlights the historical and intellectual context within which each man wrote and draws out their works' enduring insights and influence in the field today.

**Main Currents in Sociological Thought: Volume 2** Raymond Aron, 2018-10-03 This is the second of Raymond Aron's classic two-volume survey of the sociological tradition, arguably the definitive work of its kind. Aron explores the work of three figures who profoundly shaped sociology as it entered the twentieth century: Durkheim, who continued Auguste Comte's quest for a science of society and a scientific validation of morality; Vilfredo Pareto, the Italian neo-Machiavellian who emphasized the oligarchic or elitist character of all societies; and the German sociologist Max Weber, who reflected critically on the prospects for human freedom in an age marked by bureaucratization and rationalization. Aron presents rich portraits of these three thinkers, drawing out the enduring insights that remain in their work. At the same time, he reflects critically on Durkheim's project for a science of society, Pareto's critique of humanitarianism, and Weber's tragic pessimism. Above all, the book is remarkable for demonstrating Aron's lifelong indebtedness to, and divergence from, the thought of Max Weber, the sociologist par excellence in Aron's view. This Routledge Classics edition includes an introduction by Daniel J. Mahoney and Brian C. Anderson.

Maier,2017-09-08 This collection of selected essays by Werner J Cahnman brings together out of scattered dispersion his writings about Max Weber Ferdinand Toennies and historical sociology The great theoretical range and depth of his intellect and mastery of sociological thinking is apparent as he discusses the impact of romanticism on modern thought and how Weber and Toennies both analyzed and reacted to modernity Cahnman places Weber 1864 1920 the dominant figure in twentieth century sociology in the midst of the methodological controversies so characteristic of contemporary social science and he fully discusses the overarching importance of Weberian ideal type theory Although less well known than Weber Toennies 1855 1936 was also a sociologist of the first rank He is best remembered for his

enormously influential twin concepts Gemeinschaft and Gesellschaft which contributed to our understanding of the historical and sociological basis for the change from premodern to modern societies The essays in this volume establish Toennies intellectual connections to Karl Marx Max Weber Emile Durkheim and Herbert Spencer and clarify his influence upon American sociology Cahnman stood against strict separations between history and sociology and his essays are all informed by a wonderful admixture of the theoretical and the concrete They demonstrate how a genuine historical sociology not unlike that of Weber and Toennies can find and explain linkages between seemingly disparate events spanning time and place This volume will be of interest to sociologists political scientists and intellectual historians      **Lowell L. Bennion** Mary Lythgoe Bradford, 1995 Lowell L Bennion is legendary in many circles An LDS institute instructor and professor of sociology at the University of Utah he was never content simply to quantify social ills or to preach against them but actively set out to correct what he could He founded and directed the Teton Valley Boys Ranch served as executive director for the Salt Lake City Community Services Council and organized other charities His heart was with the underprivileged He detested Pharisaism and often quoted biblical passages on the topic adapted to a Mormon ear As your treading is upon the poor I hate I despise your fast days and I will not dwell in your solemn assemblies Take thou away from me the noise of thy songs for I will not hear Woe unto them that are at ease in Zion Bennion passed away in 1996 just after this biography was released leaving an enormous void where he had been a beacon to humanitarian and liberation causes in his community
