Socialist Construction and Marxist Theory Philip Corrigan, 1978-06-17 **Socialist Construction and Marxist Theory: Bolshevism and Its Critique** Philip And Others Corrigan, 1978 *Stalinism and the Dialectics of Saturn* Douglas Greene, 2023-03-20 This study examines the complicated legacy of Stalinism in the twentieth century The descent of the Russian Revolution into Stalinism has given rise to an oft accepted truism that revolutions are like Saturn and will devour their own children For anticommunists Stalinism is condemned as a bolt from blue whether an insidious contagion Big Brother or totalitarian reason that socialism cannot escape from On the other end Communists and their fellow travelers have seen Stalinism as a force of historical necessity and the only way for the working class to reach a communist society Both these twin camps accept a Dialectic of Saturn where Stalinism whether for evil or good is the preordained fate of all socialist revolutions However there is another position that views Stalinism as the product of material circumstance and class struggle This position was represented by Leon Trotsky in his seminal work *The Revolution Betrayed* In contrast to those who accept a mystical dialectic of Saturn Trotsky argued that Stalinism can be rationally explained and was not inevitable outcome of socialism **Promissory Notes** Sonia Kruks, Rayna Rapp, Marilyn Blatt Young, 1989 Revolutionary socialist movements have held out the promise in both theory and practice that women can achieve liberation through their participation in the revolutionary process But many women in post revolutionary societies have watched in frustration as this promise has been pushed into the future or dropped from the agenda altogether The essays in *Promissory Notes* renew the debate about the connections between feminism and socialism by examining the position of women in socialist thought from the time of Marx to the present The book looks at the central theoretical formulations of the Woman Question in classical Marxist thought then explores their applications first in the Soviet Union and China then in a series of third world regimes and contemporary Eastern European countries The volume ends with a roundtable debate in which a number of scholars and activists take up the central theoretical issues raised throughout the book Contributors include Joan B Landes Elizabeth Waters Wendy Zeva Goldman Christina Gilmartin Muriel Nazzari Maxine D Molyneux Sonia Kurks and Ben Wisner Christine Pelzer White Amrita Basu Marilyn B Young Mary Buckley Barbara Einhorn Martha Lampland Lourdes Beneria Zillah Eisenstein Delia D Aguilar Delia Davin Kumari Jayawardena and Rayna Rapp **Routledge Library Editions: China Under Mao** Various, 2021-06-23 This 13 volume collection of previously out of print titles reissues some key works in the study of Mao Zedong's huge influence on China its politics economics and development into the power that it is today Foreign policy the Cultural Revolution the fate of opponents Chinese Marxist thought all are covered here and more in this essential reference resource **Chinese Marxism in Flux 1978-84** Bill Brugger, 2018-09-18 This book first published in 1985 considers the state of Marxist thought in China at the time a time when the country's leadership appeared more concerned with attaining modernisation and economic development than Marxist theory It considers the problems that

Chinese Marxist intellectuals were facing and relates them to the actions of the political leadership The Gang of Four their utopianism and dogmatism had been denounced and this book argues that rather than being in retreat Chinese Marxism was in fact enjoying a productive period *Rethinking Theory and History in the Cold War* Richard Saull, 2001 Rethinking Theory and History in the Cold War focuses on what we mean by politics and international relations and how such assumptions have come to determine our understanding of the Cold War Using an historical materialist method the author criticizes conventional conceptions of international politics that tend to focus on the agency of and relations among states and offers an alternative historical sociology of the Cold War through an analysis of the relationship between formal political authority and socio economic production Seen from this perspective the state the modern conceptions of politics can be seen as products of a capitalist modernity in which politics is based on the separation of the spheres of politics in the state and economics in civil society BOOK JACKET

Planning Labour Alina-Sandra Cucu,2019-04-09 Impoverished indebted and underdeveloped at the close of World War II Romania underwent dramatic changes as part of its transition to a centrally planned economy As with the Soviet experience it pursued a policy of primitive socialist accumulation whereby the state appropriated agricultural surplus and restricted workers consumption in support of industrial growth Focusing on the daily operations of planning in the ethnically mixed city of Cluj from 1945 to 1955 this book argues that socialist accumulation was deeply contradictory it not only inherited some of the classical tensions of capital accumulation but also generated its own which derived from the multivocal nature of the state socialist worker as a creator of value as living labour and as a subject of emancipatory politics
