Socialist Parties in Postwar Japan Allan Burnett Cole, George Oakley Totten, Cecil H. Uyehara, 1966 **Studies on Japan's Social Democratic Parties: Socialist parties in postwar Japan** George Oakley Totten, 1966 **Socialist parties in postwar Japan by Allan B. Cole [and others]** George Oakley Totten, 1966 *Studies on Japan's social democratic parties* Allan B. Cole, 1966 **Historical Dictionary of Postwar Japan** William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan *Socialist parties in postwar Japan. With a contrib. chapter by R.P. Dore* ,1966 **Socialist parties in postwar Japan, by A.B.Cole, G.O.Totten** Allan Burnett Cole, **Parties and Politics in Contemporary Japan** Robert A. Scalapino, Junnosuke Masumi, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1962 *The Post-war Roots of Japanese Political Malaise* Dagfinn Gatu, 2015-06-12 Writings on post war Japanese politics have tended to take for granted the dominance of the Liberal Democratic Party LDP as inevitable without questioning how this came about This book analyses the nature of Japanese party politics over the first four decades following the Second World War assessing how the chief contenders the conservative LDP and the socialists JSP Japan Socialist Party competed in terms of their strengths and weaknesses relative to the other Throughout it addresses the questions How effectively were the parties strengths harnessed How did they alter over time To what extent was the winning formula challenged Did the loser have access to strengths with a major potential and if so why did these remain underdeveloped It extends widely to include discussion of the political system the social and economic environment in which parties operated internal party matters especially factions personal support groups special interest groups and the role of government bureaucracy It shows why the Liberal Democratic Party was dominant why the Japan Socialist Party remained out of power and how successive prime ministers conducted policymaking in ways which often resulted in the bureaucracy taking the lead Overall the book shows how precedents for the political system and for policymaking were set in this important period precedents which continue

and which have contributed significantly to the present conservative stance on many key issues

Parties and Politics in Contemporary Japan, 1965 **Parties and Politics in Contemporary Japan** Junnosuke Masumi, The Japanese Party System Ronald J Hrebenar, 2019-07-09 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties *Japan's New Party System* Ronald J Hrebenar, 2019-08-15 The authors of this book have joined together for a third time to produce a book on Japanese political parties and elections The first two books under the title of *The Japanese Party System* were also published by Westview Press in 1986 and 1992 This book *Japan's New Party System* has a different purpose than the previous volumes The first two books had as their task the presentation of a vast amount of material on the various parties of the 1955 1993 party system Since 1955 Japanese politics and parties had been rather uneventful and predictable consequently many Japanese political scientists preferred to study other nations Decade after decade the Liberal Democratic Party LDP ruled Japan while the permanent opposition party the Japan Socialist Party GSP revolved around it but could never even come close to replacing it in power on the national level All of this changed in 1993 after the LOP split new parties emerged and formed a non LOP government and a new party system began This book is about the Second Party System and how Japanese politics has changed from the old LOP dominated First Party System **External Research**, 1964 External Research. ER List United States. Department of State. External Research Division, 1964 Asia ... United States. Department of State.

External Research Division, 1964 The Politics of Labor Legislation in Japan Ehud Harari, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 *Japan at the Crossroads* Nick Kapur, 2018-08-06 In 1960 when Japan revised the postwar treaty that allows a U S military presence in Japan the popular backlash changed the evolution of Japan's politics and culture and its global role Nick Kapur's analysis helps resolve Japan's essential paradox as being innovative yet regressive flexible yet resistant imaginative yet wedded to tradition **Asia** Milton W. Meyer, 2000-01-01 This comprehensive introduction to Asia offers readers a clear overview of the continent from ancient times to the present **Democratizing Japan** Robert E. Ward, Yoshikazu Sakamoto, 2019-03-31 The value of this book resides in the interweaving of Japanese and American scholarship and viewpoints on a number of aspects of the total Occupation experience that are of critical importance to a historical explanation of its accomplishments or shortfalls Attention is given to the new constitution of 1946 1947 the most fundamental institutional change wrought by the Occupation's major programs of institutional and procedural reform and the formation and early development of the conservative and reformist parties
