**Himalayas** Makhan Jha,1996 The present volume throws light on various dimensions of the Himalayan life and culture. There are twelve chapters in the book where various facets of the Himalayan culture viz the needed ethnographic researches, institutions of polyandry, cultural zones and frontiers of the Himalayas, the sacred complexes of the Himalayan shrines, urgent anthropological researches, environmental studies, religion, highland culture, tribal stratification, land holding pattern etc have been scientifically discussed by the specialists and experts of the Himalayan studies. **The Himalayan Glaciers, Climate Change and Society** R. K. Ganjoo, M. N. Koul, 2025-01-20 This book provides detailed information on the Northwestern Himalayas in India. The scientific data compiled in the book is based on more than two decades of field and laboratory studies by the authors. The Ladakh region is a well known cold desert with unique geological and climatic setting. The influence of Westerlies in the region has played a significant role in the Ladakh region to behave much differently than rest of the Himalaya. The Karakoram Anomaly has been a key factor in negating the effect of global climate change in this region of Himalaya. The scientific discussion of some major glaciers of the region as case study are also discussed in this book. The uniqueness of the region with respect to climate shall be elaborated with the help of case studies. *The Himalaya, Nature, Man and Culture* O. P. Singh, 1983 Contributed articles **Culture and the Environment in the Himalaya** Arjun Guneratne, 2009-12-24 This book is concerned with human environment relations in the Himalaya. It explores how different populations and communities in the region understand or conceive of the concept of environment how their concepts vary across lines of gender, class, age, status and what this implies for policy makers in the fields of environmental conservation and development. The chapters in this book analyse the symbolic schema that shape human environment relations whether that of scientists studying the Himalayan environment, public officials crafting policy about it or people making a living from their engagement with it and the way that natural phenomena themselves shape human perception of the world. A new approach to the study of the environment in South Asia, this book introduces the new thinking in environmental anthropology and geography into the study of the Himalaya and uses Himalayan ethnography to interrogate and critique contemporary theorizing about the environment. **Sociology of Indian Society** CN Shankar Rao, 2004-09 The revision comes 10 years after the first edition and completely overhauls the text not only in terms of look and feel but also content which is now contemporary while also being timeless. A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion. Man and Development in the Himalayas A. K. Kapoor, Dharamvir Singh, 1996 Contributed articles **Tourism in Ladakh Himalaya** Prem Singh Jina, 1994 *Marriage in Human Society* Manis Kumar Raha, 2023-01-01 Marriage as an institution was introduced among the human beings possible thousands of years ago. Human being possible started with promiscuity and then moved to the structured forms of marriages. It took no doubt many many years. From one form of marriage is human being diversified marriage form into several. During last couple of century or more several changes have taken place in

marriage pattern forms methods ceremonies etc Still during recent decades only some anthropologists and other social scientists have showed much interest to study marriage These Three Volumes deals with marriage in different parts of the world and its different forms and types in great details But much emphasis has been given on different multiple marriages particularly polyandry its sub types and regions of origin and development of polyandry as practiced in different countries including India Emphasis has also been given on the question of determination and allocation of paternity and decline of polyandry and some other multiple marriages In this study special stress has been given on some of the marriage that is sexuality reproductively and paternity Also provide very good idea about different aspects of marriage and its types and forms The publisher and author of this book will be extremely happy if the reader considers this book as an important contribution to anthropology and other social sciences These volumes are useful for all those who are interested in Sociology Tribal Studies Anthropology and other Social Sciences **Sociological Literature, South Asia ,1992 Eurasia and India**
