

The background of the cover is a detailed illustration. It depicts a man in a light-colored suit and a small cap, seen from behind, sweeping a path. The path is covered with fallen green banknotes. The surrounding area is filled with trees whose leaves are also green banknotes, creating a dense forest of money. The man is holding a long-handled broom that has a large dollar sign (\$) on its head. The overall scene suggests a constant cycle of consumption and the accumulation of wealth.

The Law & Society Reader Richard L. Abel, 1995-05 This book seeks to provide answers to everything you ever wanted to know about the law except what the rules are or ought to be This book seeks to provide answers to everything you ever wanted to know about the law except what the rules are or ought to be For centuries the law has been considered a neutral objective arena that sets societal standards and in which conflicting forces resolve disputes More recently however the interaction between law and society has been recognized as a two way street society clearly exerts a considerable influence on the practice and evolution of law Further the discrepancy between what the law mandates and what the social reality is has served as evidence of the chasm between theory and practice between the abstraction of law and its actual societal effects Examining such issues as the limits of legal change and the capacity of law to act as a revolutionary agent the essays in this book offer a well rounded introduction to the relationship between law and society By focusing on flashpoint issues in legal studies equality consciousness and ideology social control and making ample use of engaging case studies The Law and Society Review provides an invaluable resource for scholars and students alike
