Handbook of Adolescent Psychology, Volume 1 Richard M. Lerner, Laurence Steinberg, 2009-04-06 The study of and interest in adolescence in the field of psychology and related fields continues to grow necessitating an expanded revision of this seminal work. This multidisciplinary handbook edited by the premier scholars in the field Richard Lerner and Laurence Steinberg and with contributions from the leading researchers reflects the latest empirical work and growth in the field.

Handbook of Adolescent Development Sandy Jackson, Luc Goossens, 2020-01-29 Handbook of Adolescent Development fills a gap in the literature on adolescent development and behaviour. All of the authors of the various chapters were invited to include as many findings on European adolescents as possible. Through this specific emphasis the handbook provides a complement to other reviews of the literature that are mostly based on North American samples. The contributors are all eminent researchers in the field and the individual chapters cover their specific areas of expertise. Theories of adolescence along with emotional, physical and cognitive issues are explored. Topics covered include families, peer relations, school and leisure time as well as problem areas such as depression, drug consumption and delinquency. Handbook of Adolescent Development also incorporates a comprehensive review of the literature in the area and considers avenues for future research. This multidisciplinary text will be of interest to those studying and researching in the fields of developmental psychology, sociology, demography, epidemiology and criminology.

Handbook of Adolescent Psychology, Volume 2 Richard M. Lerner, Laurence Steinberg, 2009-04-06 The study of and interest in adolescence in the field of psychology and related fields continues to grow necessitating an expanded revision of this seminal work. This multidisciplinary handbook edited by the premier scholars in the field Richard Lerner and Laurence Steinberg and with contributions from the leading researchers reflects the latest empirical work and growth in the field.

Handbook of Adolescent Psychology Richard M. Lerner, Laurence Steinberg, 2004-04-26 The study of adolescence in the field of psychology has grown tremendously over the last two decades necessitating a comprehensive and up to date revision of this seminal work.
