Shook,[Anonymus AC07494793],Paulo Ghiraldelli,2004 **Medieval Crime Fiction** Anne McKendry,2019-05-14 Combining elements of medievalism the historical novel and the detective narrative medieval crime fiction capitalizes upon the appeal of all three the most famous examples being Umberto Eco's *The Name of the Rose* one of the best selling books ever published and Ellis Peters' endearing *Brother Cadfael* series Hundreds of other novels and series fill out the genre in settings ranging from the so called Celtic Enlightenment in seventh century Ireland to the ruthless Inquisition in fourteenth century France to the mean streets of medieval London The detectives are an eclectic group including weary ex crusaders former Knights Templar enterprising monks and nuns and historical poets such as Geoffrey Chaucer This book investigates the enduring popularity of the largely unexamined genre and explores its social cultural and political contexts **The Rough Collier** Pat McIntosh,2011-09-01 When the peat cutters came to report the dead man Gil Cunningham was up in the roof space of his mother's house teaching his new young wife swordplay They believe the corpse to be that of a local missing man His wife and the widow who runs the local coalmine are sure the body belongs to someone else but then they find themselves accused of having killed him by witchcraft And if the corpse is not the missing man who is it Gil and Alys try to get to the heart of the matter Together they uncover more murders than they bargain for and encounter the chilling secret at the heart of the mystery St Mungo's Robin Pat McIntosh,2011-09-01 The warden of St Serf's has been found dead in the almshouse garden He appears to have been killed on the previous night but there are those who are convinced he was present at that morning's service The elderly residents the almshouse nurse and Humphrey her deranged favourite have all been set against one another by the dead man's scheming and then there is the discarded mistress and almshouse ghost to consider Tracing the dead man's last movements between the Cathedral precinct and the shores of the Clyde Gil Cunningham is both helped and hindered by his two sisters who have come to Glasgow for his wedding to Alys An uncanny event followed by the arrival of Gil's godfather precipitates the crisis Finally it is Alys who helps Gil identify the warden's killer PRAISE FOR PAT MCINTOSH McIntosh's characterisations and period detail are first rate and bode well for future entries in this series Publishers Weekly The next Cunningham adventure is to be welcomed Historical Novels Review *The Fourth Crow* Pat McIntosh,2012-08-14 In the ninth Gil Cunningham mystery set in medieval Glasgow the crime solving notary investigates the slaying of a woman found dead outside a cathedral Tied to St Mungo's Cross by the cathedral to be cured of her madness overnight by the saint a young woman is found in the morning beaten and strangled still tied to the cross Who would flout the saint's protection like this And who is stealing cathedral property The crows are gathering about Glasgow watching the movements of clergy and townspeople Gil Cunningham must investigate the dead woman track down the thieves and identify the watchers in the shadows particularly the elusive fourth person who holds the secret of what

happened in the night While his wife Alys deals with tensions within the family Gil questions cathedral staff and apprentice boys pilgrims and tradesmen but he uncovers only more puzzles And then there is another death How are the murders connected *Manifest Rationality* Ralph H. Johnson, 2012-11-12 This book works through some of the theoretical issues that have been accumulating in informal logic over the past 20 years At the same time it defines a core position in the theory of argument in which those issues can be further explored The underlying concern that motivates this work is the health of practice of argumentation as an important cultural artifact A further concern is for logic as a discipline Argumentative and dialectical in nature this book presupposes some awareness of the theory of argument in recent history and some familiarity with the positions that have been advanced It will be of interest to academics researchers and advanced undergraduate and graduate students in the disciplines of logic rhetoric linguistics speech communication English composition and psychology

An Introduction to Epistemology - Second Edition Jack S. Crumley II, 2009-07-30 The second edition of Jack Crumley's *An Introduction to Epistemology* strikes a balance between the many issues that engage contemporary epistemologists and the contributions of the major historical figures He shows not only how philosophers such as Descartes Hume Locke Berkeley and Kant foreground the contemporary debates but also why they deserve consideration on their own terms A substantial revision of the first edition the second edition is even more accessible to students The new edition includes recent work on contextualism evidentialism externalism and internalism and perceptual realism as well the chapter on coherence theory is substantially revised reflecting recent developments in that area New to this second edition is a chapter on feminist epistemology which includes discussions of major positions and themes such as feminist empiricism feminist standpoint epistemology postmodern epistemology and feminist critiques of objectivity It presents the important contributions of philosophers such as Sandra Harding Helen Longino Genevieve Lloyd and others Each chapter ends with a list of study questions and readings for further study
