**The Herbalist's Bible** Julie Bruton-Seal, Matthew Seal, 2014-09-02 A lost classic of Western herbalism rediscovered and restored with 200 full color images Herbalist to King Charles I John Parkinson 1567 1650 was a master apothecary herbalist and gardener Famous in his own lifetime for his influential books his magnum opus the *Theatrum Botanicum* was published in 1640 and ran to 1 766 large pages The sheer scope and size was perhaps to prove the book's downfall because while it was

much revered and plagiarized it was never reprinted and centuries later has attained the status of an extremely rare and valuable book Parkinson was writing at a time when Western herbalism was at its zenith and his skills as a gardener from his grounds in Covent Garden combined perfectly with his passion for science observation and historical scholarship In the The Herbalist s Bible Julie Bruton Seal and Matthew Seal have beautifully combined selections from Parkinson s book with their own modern commentary on how each plant is used today to create a truly one of a kind comprehensive collection of herbal information old and new Parkinson s clear and lively description of a chosen plant s virtues or healing properties side by side with the editors notes including copious herbal recipes make this the perfect book for students and practitioners of herbalism historians and gardeners all of whom will welcome this restoration of Parkinson s lost classic **The Herbalist's Way**
