MUNRO. CHADWICK, 2018 *The Heroic Age (Classic Reprint)* H. Munro Chadwick, 2015-07-06 Excerpt from The Heroic Age The type of poetry commonly known as heroic is one which makes its appearance in various nations and in various periods of history No one can fail to observe that certain similar features are to be found in poems of this type which are widely separated from one another both in date and place of origin In view of this fact it has seemed worth while to attempt a comparative study of two groups of such poems with the object of determining the nature of the resemblances between them and the causes to which they are due Occasional illustrations have been taken from other groups of poems belonging to the same type The first part of the book deals with the early heroic poetry and traditions of the Teutonic peoples more especially with those stories which were the common property of various Teutonic peoples It is pointed out that these stories all relate to a period with definite limits a period for which a considerable amount of information is available from external sources The subjects discussed include the

distribution of the stories and the relationship between the various versions of them the antiquity of the earliest poems and the conditions under which they were produced Lastly an attempt has been made to estimate the significance of the various elements historical mythical and fictitious of which the stories are composed The second part deals with Greek heroic poetry and traditions These relate to a period for which little or no external evidence is available and consequently they present many problems the bearings of which can hardly be estimated without reference to the existence of similar phenomena elsewhere About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
