

The Hertfordshire Regiment was formed in 1908 from two battalions of Volunteers then existing in the county, which themselves traced their origins to the raising of Rifle Volunteer Corps in 1859-60. In 1961 it proved no longer possible for the regiment to retain its exclusively Hertfordshire title or its unusual constitution as a regiment of infantry of the line represented only in the Territorial Army. Such is the nature of Britain's volunteer forces, however, that the direct descendants of the Hertfordshire Regiment soldier is the present day Territorial Army with almost 130 years continuous service to their credit.

Two important themes run through this book - the regiment's struggle for survival in peacetime and, as if in justification of that struggle, the toil, sacrifice and achievement of officers and men in two world wars. Without claiming to be a 'complete' history, it guides the reader through the complexities of raisings, amalgamations and disbandments and traces the resulting changes in uniform and badges, especially through the illustrations. It records for the first time in a single volume the essentials of the regiment's campaigns and suggested where those who wish to find out more may be able to do so.

The Hertfordshire Regiment - An Illustrated History is not just for serving soldiers or the regiment's 'old and bold'. It will appeal also to those interested in military history and to enthusiasts for so-called 'militaria', but above all it should be read by all those who love Hertfordshire. They will learn that the county can be truly proud of the achievements of its own infantry regiment.

176 pages containing 165 photographs and 12 line drawings plus 2 colour plates.

The Hertfordshire Regiment An Illustrated History

John David Sainsbury

The Hertfordshire Regiment An Illustrated History:

The Hertfordshire Regiment John David Sainsbury,1988 Cassell's illustrated history of India James Grant,1883 A Bibliography of Regimental Histories of the British Army Arthur S. White,2013-02-04 This is one of the most valuable books in the armoury of the serious student of British Military history It is a new and revised edition of Arthur White's much sought after bibliography of regimental battalion and other histories of all regiments and Corps that have ever existed in the British Army This new edition includes an enlarged addendum to that given in the 1988 reprint It is quite simply indispensable

The British Field Marshals, 1736-1997 T. A. Heathcote,2012-10-24 Whether any advantage or benefit will be drawn from the suspension or effective abolition of the rank of Field Marshal is debatable What is certain however is that Dr Tony Heathcote's idea of compiling a definitive biographical dictionary of holders of this illustrious rank since its introduction by George II in 1736 is opportune and inspired Those readers who anticipate a dry recitation of bare facts and statistics are in for a disappointment A reference work this may be but the author by dint of his depth of knowledge has created a shrewd and highly readable commentary as well As General Sir Charles Guthrie the first soldier to be denied promotion to Field Marshal on appointment to Chief of Defense Staff observes in his Foreword this book embraces the history of the British Army over the last 250 300 years It covers not only the careers of key individuals but provides an understanding of their contribution to the successes and failures of our military past The diversity of personalities who have only the honor of wearing the coveted crossed batons in common is fascinating Alongside the household names of the great strategists and distinguished leaders lie little known and forgotten figures who gained their exalted rank by either luck accident of birth or diplomatic gesture *The British Field Marshals* merits a place on the bookshelf of any military historian but is likely to be found on his or her bedside table Whether or not the rank is ever resurrected as it has been in the past and as many will hope it will be again this delightful and useful book will remain the authoritative guide to all those who have held the highest military rank in the British Army The Dardanelles Campaign, 1915 Fred R. van Hartesveldt,1997-11-20 The passage of time has not slowed the production of books and articles about World War I This volume provides a guide to the historiography and bibliography of the Dardanelles Campaign including the Gallipoli invasion It focuses on military history but also provides information on political histories that give significant attention to the handling of the Dardanelles Campaign The opening section of the book provides background information about the campaign discusses the major sources of information and lays out the major interpretative disputes A comprehensive annotated bibliography follows This book nicely complements the two earlier volumes on World War I battles *The Battle of Jutland* by Eugene Rasor and *The Battles of the Somme* by Fred R van Hartesveldt Armies of Empire Allan Converse,2011-04-07 *Armies of Empire* uniquely reflects upon the experience of two divisions from different armies facing similar challenges in the Second World War The 9th Australian Division and the British 50th Northumbrian Division both saw long service and suffered heavy casualties and both

encountered morale discipline and battlefield effectiveness problems In this illuminating comparative study of Australian and British divisions at war Allan Converse draws extensively on primary sources as well as recent scholarship on morale and combat efficiency His fresh approach questions the popular mythology surrounding the Australian Digger and the British Tommy and shows how it was a combination of leadership loyalty and tactics rather than intrinsic national qualities which resulted in victory for Churchill s armies *National Index of Parish Registers* Donald John Steel,A. E. F. Steel,1966

Journal of the Society for Army Historical Research ,1989 *The Illustrated History of the War Against Russia.*
