The Guerrilla Reader Walter Laqueur,1978-01-01 *The Guerrilla Reader* Walter Laqueur,1977 **The Guerilla Reader** Walter Z. Laqueur,1977 **The Soviet Partisan Movement, 1941-1944** Leonid D. Grenkevich,2013-01-11
Partisans and terrorists have dominated military history during the second half of the 20th century Leonid Grenkevich offers an account of the shadowy partisan struggle that accompanied the Soviet Union s Great Patriotic War 1941 1945

Understanding Non-State Actors Eran Zohar,2023-10-24 *Understanding Non State Actors* aims to reduce the scarcity of academic literature on armed non state actors NSAs that have always been a part of world politics and wars This monograph offers possibly for the first time a systematic historical review as well as a substantive theory of NSAs and their arming efforts The world has been astonished by the ability of the well armed Hamas to inflict heavy losses on the powerful Israel Thus from the Jewish rebellion against Rome to the war between the Ukrainian separatists and the Ukrainian government NSAs weapons acquisition has been vital for the build up of their force enabling both the employment of that force and its sustainability While weapons are not necessarily the most important factor in military build up NSAs need weapons to fight and revolts usually erupt after the organizers have acquired a certain number of weapons Conversely many revolts lose momentum and operations are not carried out or turn ineffective due to shortages of arms and ammunition A major theme of this monograph is that in spite of dramatic political and technological changes armed NSAs in different periods have employed similar methods to acquire weapons Self production looting and stealing external support and the arms trade were always the major ways for NSAs to acquire weapons though the importance of each method and the type of arms has changed remarkably over time *Understanding Non State Actors* discusses the factors political social cultural technological and organizational that have both facilitated and constrained the ability of NSAs to acquire arms Especially lecturers and students of Military Terrorism Conflict studies War and peace studies will benefit from this study *Military Review* ,1977

Professional Journal of the United States Army ,1977 **Quarterly Review of Military Literature** ,1977 *Revisiting the Origins of Human Rights* Pamela Slotte,Miia Halme-Tuomisaari,2015-09-11 Did the history of human rights begin decades centuries or even millennia ago What constitutes this history And what can we really learn from the textbook narrative the unilinear forward looking tale of progress and inevitable triumph authored primarily by Western philosophers politicians and activists Does such a distinguishable entity as the history of human rights even exist or are efforts to read evidence in past events of the later evolution of human rights mere ideology This book explores these questions through a collective effort by scholars of history law theology and anthropology Rather than entities with an absolute predefined essence this book conceptualizes human rights as open ended and ambiguous It taps into recent revisionist debates and asks what do we really know of the history of human rights **Gray Ghost** James A. Ramage,1999-08-19 The Civil War Confederate raider is demythologized for the first time in a lucid well researched account of his successful campaign as a

guerrilla fighter and his subsequent post war career as a lawyer and a Republican supporter
