Sleeper Agent Ib Melchior, 2014-07-01 Is another Hitler rising to power Tom Jaeger's war with the Nazis began the day World War II ended During those last days in the bunker Hitler and Bormann created a plan that would perpetuate the cause of Nazism long after they were dead A small band of highly trained agents were to be planted all over the world someday to come together and bring final glory to the Fatherland Rudolph Kessler was one of those sleeper agents He was letter perfect in English incredibly smart and highly resourceful All he had to do was get through the enemy lines once the war was over make his way to the United States and then prepare incognito for the precise moment when the worldwide Fascist movement would once again rear its ugly head And only one man stood in his way Tom Jaeger Only Tom understood the lethal far ranging depths of this daring plan And he couldn't get anyone to listen except for one woman **Einstein and Heisenberg** Konrad Kleinknecht, 2019-02-13 This is a fascinating account of two great scientists of the 20th century Einstein and Heisenberg discoverers respectively of the theory of relativity and quantum mechanics It connects the history of modern physics to the life stories of these two extraordinary physicists These discoveries laid the foundation of modern physics without which our digitized world of computers satellites and innovative materials would not be possible This book also describes in comprehensible terms the complicated science underlying the two discoveries The twin biography highlights the parallels and differences of these two luminaries showing how their work shaped the 20th century into the century of physics
