Secularisation in the Christian World

Michael Snape, 2016-04-01 The power of modernity to secularise has been a foundational idea of the western world Both social science and church history understood that the Christian religion from 1750 was deeply vulnerable to industrial urbanisation and the Enlightenment But as evidence mounts that countries of the European world experienced secularising forces in different ways at different periods the timing and causes of de Christianisation are now widely seen as far from straightforward Secularisation in the Christian World brings together leading scholars in the social history of religion and the sociology of religion to explore what we know about the decline of organised Christianity in Britain Europe the United States Canada and Australia The chapters tackle different strands themes comparisons and territories to demonstrate the diversity of approach thinking and evidence that has emerged in the last 30 years of scholarship into the religious past and present The volume includes both new research and essays of theoretical reflection by the most eminent academics It highlights historians and sociologists in both agreement and dispute With contributors from eight countries the volume also brings together many nations for the first consolidated international consideration of recent themes in de Christianisation With church historians and cultural historians and religious sociologists and sociologists of the godless society this book provides a state of the art guide to secularisation studies

Sidney M. Jourard,1974 *Therapy Thieves* Francis A. Martin,2020-03-13 Acting on what started as a hunch Dr Francis
Martin has cataloged well over 20 000 distinct approaches to counseling and psychotherapy that are advertised on the
webpages of licensed practicing mental health providers No doubt some portion of them are harmful but the sheer volume of
advertised practices and techniques often with names deceptively similar to actual evidence based practices should be cause
for concern among all stakeholders in the helping professions from educators and researchers to policy makers and
insurance companies and especially consumers Based on this significant original study and drawing from other research and
supports Therapy Thieves describes a near universal crisis in the field and recommends ways to rescue mental health care
from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate
themselves and who therefore deliver inadequate if not harmful services In presenting a simple yet powerful indictment of
the field Dr Martin advocates for major reforms in several areas of mental health care including how prospective licensees
are trained supervised and licensed a major reworking of professional ethics and the need to establish regulations for mental
health care providers In short the book calls for major specific and urgently needed reforms **The Professionalization of**
Pastoral Care T. Dale Johnson Jr.,2020-07-21 When the organization and structure of the church in America was altered in
the early 1900s to meet modern demands the role of the pastorate became more specialized to adapt to the burdens of the
new efficient structure In 1920 Gaines Dobbins utilized the business efficiency model at Southern Baptist Theological
Seminary to formulate a distinct ecclesiology Discontent with traditional methods of instruction in theological education
Dobbins sought to implement theories and methodologies from modern educationalists He adopted a psychologized
educational methodology and utilized the psychology of religion as an empirical measure of the soul human nature and
human behavior Use of the social sciences seemed to grant Dobbins as a practitioner academic respectability within the
realm of theological education Both the professionalization that resulted from Dobbins s efficiency standards and a working
theory of human nature derived from psychological models were synthesized into a specialized system of pastoral care
Dobbins followed the new shape of pastoral theology in America adopting Clinical Pastoral Education CPE as the model for
pastoral training As a result CPE became an integral part of the curriculum at Southern Baptist Theological Seminary for
over sixty years and spread to influence many other SBC entities *Religion and Mental Health* ,1980 References to 1836
