Zain, 2014-04-27 This is the third book in the 21 Brotherhood of Light Course series by C C Zain on the Hermetic Sciences Astrology Alchemy Tarot Kabbalah and the Occult In this book the author thoroughly explains the purpose of and methods used in spiritual alchemy and how it relates to evolution of consciousness and the experiences and events of everyday life The ancient alchemist sought transmutation and immortality For the soul to be immortal it must build for itself an imperishable spiritual body in which it can function after the dissolution of both the physical and astral forms Topics include spiritual transmutation how the metals of alchemy relate to events in the life and their astrological associations the Reverberatory Furnace the First Matter the Philosopher's Stone the Elixir Vitae the Great Work and developing higher consciousness The alchemical metals of lead tin iron copper mercury silver and gold are described symbols of the many and varied life experiences the soul must undergo in order to build a spiritual body Remarks Upon Alchemy and the Alchemists Ethan Allen Hitchcock, 2015-06-02 Excerpt from Remarks Upon Alchemy and the Alchemists Indicating a Method of Discovering the True Nature of Hermetic Philosophy Alchemy was a pretended science by which gold and silver were to be made by the transmutation of the baser metals into these substances the agent of the transmutation being called the philosopher's stone Those who professed this Art are supposed to have been either impostors or under a delusion created by impostors and mountebanks This opinion has found its way into works on Science and has been stereotyped in biographical dictionaries and in encyclopedias large and small and in general allusions to Alchemy in histories romances and novels are of but one character and imply that the professors of the Art were either deluders or deluded were guilty of fraud or the victims of it It may be a hopeless task to announce a different persuasion with the expectation of superseding this deeply rooted prejudice but the author thinks it a duty to declare the opinion he has derived from a careful reading of many alchemical volumes and in the following remarks he has taken for his thesis the proposition that Man was the subject of Alchemy and that the object of the Art was the perfection or at least the improvement of Man About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any
