The Hiding House Concept:

Handbook of Research on Methodologies for Design and Production Practices in Interior Architecture Garip, Ervin, Garip, S. Banu, 2020-11-20 Studio environments can be defined as multi dimensional integrated production spaces where basic design trainings take place and where design issues including theoretical notions such as sociological political phenomenological and other dimensions are discussed Present approaches within the literature and social media on this topic gives cause for students to evaluate their future professions over finished and pictorial products rather than ontological and processual means While there are many resources available on the present approaches of aesthetics and visuality of interior spaces there is not much research available on new design methodologies related design processes and new applied methods in interior arcitecture Based on different contexts these methods of design practice have the potential to enrich design processes and create multiple discussion platforms within project studios as well as other design media These different representations and narration methods for research in the context of interior architecture can be effectively used in design processes The Handbook of Research on Methodologies for Design and Production Practices in Interior Architecture proposes new design methodologies and related design processes and introduces new applied method approaches while presenting alternative methods that have been used within design studios in the field of interior architecture The chapters deal with four major sections the design process and interdiciplinary approaches then scenario development and content followed by material texture and atmosphere and concluding with new approaches to design While highlighting topics such as spatial perception design strategies architectural atmosphere and design thinking this book is of interest to architects interior designers practitioners stakeholders researchers academicians and students looking for advanced research on the new design metholodologies and processes for interior architecture

Migration, Settlement, and the Concepts of House and Home Iris Levin, 2015-11-19 How do migrants feel at home in their houses Literature on the migrant house and its role in the migrant experience of home building is inadequate This book offers a theoretical framework based on the notion of home building and the concepts of home and house embedded within it It presents innovative research on four groups of migrants who have settled in two metropolitan cities in two periods migrants from Italy migrated in the 1950s and 1960s and from mainland China migrated in the 1990s and 2000s in Melbourne Australia and migrants from Morocco migrated in the 1950s and 1960s and from the former Soviet Union migrated in the 1990s and 2000s in Tel Aviv Israel The analysis draws on qualitative data gathered from forty six in depth interviews with migrants in their home environments including extensive visual data Levin argues that the physical form of the house is meaningful in a range of diverse ways during the process of home building and that each migrant group constructs a distinct form of home building in their homes houses according to their specific circumstances of migration namely the origin country country of destination and period of migration as well as the historical economic and social contexts around migration

Production Design & the Cinematic

Home Jane Barnwell, 2022-05-10 This book uses in depth case studies to explore the significance of the design of the home on screen The chapters draw widely upon the production designer s professional perspective and particular creative point of view The case studies employ a methodology Barnwell has pioneered for the analysis of production design called Visual Concept Analysis which can be used as a key to decode the design of any given film Through the nurturing warmth of the Browns home in Paddington the ambiguous boundaries of secret service agent homes in *Tinker Tailor Soldier Spy* and the singleton space occupied by Bridget Jones Barnwell demonstrates that the domestic interior consistently plays a key role Whether used as a transition space an ideal a catalyst for change or a place to return to these case studies examine the pivotal nature of the home in storytelling and the production designers significance in its creation The book benefits from interviews with production designers and artwork that provides insight on the creative process Concepts of Space, Ancient and Modern Kapila Vatsyayan, 1991 **Love and Joy** Linda Seed, 2022-07-29 She s jumping into a drastic change of lifestyle He s determined to help her see everything she s been missing Joy Maxwell has a life people envy An upscale Los Angeles condo designer clothes a big following on Instagram and looks other women would die for But it s not easy being in the public eye and when her career as an influencer starts to go south Joy goes north to the small coastal town of Cambria where she plans to blog about her new minimalist lifestyle hoping to parlay it into a book deal Nix Landry sees the tiny house he built with his own hands as more than a place to live it s a statement about sustainability simplicity and being present for what s important in life When Joy applies to be his tenant he s skeptical that this woman with her designer shoes and her salon hairstyle will last more than a week But the more he gets to know her the more he takes it as a challenge to show her how much more fulfilling life can be *Love and Joy* is a stand alone romance in Linda Seed s Otter Bluff series The Bellair House Hauntings Patrick Gunn, 2025-07-30 Discover the mysterious history and eerie legends behind The Bellair House a haunted location filled with ghost stories and paranormal activity This book explores the house s rich past including real historical events and local myths that shape its haunted reputation It examines the architectural features that may hide hidden spirits and how changes over time influence ghostly encounters Learn about modern techniques and equipment used to detect and document paranormal phenomena along with scientific theories explaining haunted experiences Personal encounters and eyewitness testimonies add depth to the chilling narrative while practical strategies guide readers through ghost hunts and evidence analysis The book also delves into the psychology of fear ethical considerations and ways to create immersive haunted experiences Perfect for paranormal enthusiasts and thrill seekers it combines history science and storytelling to bring the legend of Bellair House to life **Applied Acoustics: Concepts, Absorbers, and Silencers for Acoustical Comfort and Noise Control** Helmut V. Fuchs, 2013-01-12 The author gives a comprehensive overview of materials and components for noise control and acoustical comfort Sound absorbers must meet acoustical and architectural requirements which fibrous or porous material alone can meet Basics and applications are demonstrated with representative

examples for spatial acoustics free field test facilities and canal linings Acoustic engineers and construction professionals will find some new basic concepts and tools for developments in order to improve acoustical comfort Interference absorbers active resonators and micro perforated absorbers of different materials and designs complete the list of applications
