The Illustrated Man Ray Bradbury, 2013-04-30 You could hear the voices murmuring small and muted from the crowds that inhabited his body A peerless American storyteller Ray Bradbury brings wonders alive The Illustrated Man is classic Bradbury eighteen startling visions of humankind s destiny unfolding across a canvas of decorated skin In this phantasmagoric sideshow living cities take their vengeance technology awakens the most primal natural instincts Martian invasions are foiled by the good life and the glad hand and dreams are carried aloft in junkyard rockets Provocative and powerful Ray Bradbury s The Illustrated Man is a kaleidoscopic blending of magic imagination and truth as exhilarating as interplanetary travel as maddening as a walk in a million year rain and as comforting as simple familiar rituals on the last night of the world

Shaffer,2017-11-15 This book is a further continuation of the kind of content and format style that you found in this writer s two immediately preceding books Light and Dark 1982 edition revised August 2015 and its slightly younger but bigger sibling Lighter and Darker June 2016 If you read or sampled and liked those books then you ll surely like this one also That same alphabetical arrangement by title used in those productions is used here as well That first one safaried you from Aardvark to Zeitgeist In the second you were invited to learn About Backbones And Breakfast Foods ultimately leading to Zero Heroes In this one you ll go all the way from reminiscently looking at an Afterimage to uncomfortably listening to a Zookeeper s Tale Also in this A through Z arrangement you ll yet again equivocally encounter that same still strange and often epileptically eclectic selection of richly mixed subjects topics and treatments this writer had and still has at various times felt some compelling need to put on paper for his own relief and the possible amusement or edification of imagined others You may already be a member of this group or have promising potential for becoming one If you ve favorably sampled a few then this may be just the book for you or someone you know or once knew But caveat time if you should have an insensitivity let alone active dislike for heavy use of rhyme and alliteration in your random recreational reading matter then this book is definitely not for you As I ve previously advised most especially to any braille reader for whom it might prove toxic to touch put it down immediately and move on to another safer shelf or pile But seriously this collection does offer a rich full spectrum of the silly and the serious often tightly word woven within the blending body of the same composition

making for a medley or mosaic of meanings often in a meandering sometimes mildly morbid but more often I hope musically amusing monolog I characterized my original collection of poem pieces as a runic ragout of wry rhyme writings and this still seems adequately apt for this grouping Of course when it comes to the consumption of ragouts there can be no disputing that it remains a matter of tastes Yes it s still a De gustibus issue So once again may my critics please forbear and accept a little more saucy Ogden Nash hash here and preferably without too much unsavory or dumb disputandum and or fusstibus Do Rats Eat Soap?.
