[Slave Labor in the Capital](#) Bob Arnebeck, 2014-11-18

The little known history of how enslaved African Americans contributed to the building of the White House and other landmarks includes illustrations In 1791 President George Washington appointed a commission to build the future capital of the nation Workers flocked to the city but the commission found that paying masters of faraway Maryland plantations sixty dollars a year for their slaves made it easier to keep their payroll low In 1798 half of the two hundred workers building the two most iconic Washington landmarks the Capitol and the White House were slaves They moved stones for Scottish masons and sawed lumber for Irish carpenters They cut trees and baked bricks These unschooled young black men left no memoirs Based on his research in the commissioners records author Bob Arnebeck describes their world of dawn to dusk work salt pork and corn bread white scorn and a kind nurse and the moments when everything depended on their skills

**Slave Against Slave** Jeff Forret, 2015-11-16 In the first ever comprehensive analysis of violence between slaves in the antebellum South Jeff Forret challenges persistent notions of slave communities as sites of unwavering harmony and solidarity Though existing scholarship shows that intraracial black violence did not reach high levels until after Reconstruction contemporary records bear witness to its regular presence among enslaved populations *Slave against Slave* explores the roots of and motivations for such violence and the ways in which slaves masters churches and civil and criminal laws worked to hold it in check Far from focusing on violence alone Forret s work also adds depth to our understanding of morality among the enslaved revealing how slaves sought to prevent violence and punish those who engaged in it Forret mines a vast array of slave narratives slaveholders journals travelers accounts and church and court records from across the South to approximate the prevalence of slave against slave violence prior to the Civil War A diverse range of motives for these conflicts emerges from tensions over status differences to disagreements originating at work and in private to discord relating to the slave economy and the web of debts that slaves owed one another to courtship rivalries marital disputes and adulterous affairs

Forret also uncovers the role of explicitly gendered violence in bondpeople's constructions of masculinity and femininity suggesting a system of honor among slaves that would have been familiar to southern white men and women had they cared to acknowledge it Though many generations of scholars have examined violence in the South as perpetrated by and against whites the internal clashes within the slave quarters have remained largely unexplored Forret's analysis of intraracial slave conflicts in the Old South examines narratives of violence in slave communities opening a new line of inquiry into the study of American slavery

*The Smell of Slavery* Andrew Kettler, 2020-05-28 Slavery capitalism and colonialism were understood as racially justified through false olfactory perceptions of African bodies throughout the Atlantic World

*Signatures of Citizenship* Susan Zaeske, 2003-12-04 In this comprehensive history of women's antislavery petitions addressed to Congress Susan Zaeske argues that by petitioning women not only contributed significantly to the movement to abolish slavery but also made important strides toward securing their own rights and transforming their own political identity By analyzing the language of women's antislavery petitions speeches calling women to petition congressional debates and public reaction to women's petitions from 1831 to 1865 Zaeske reconstructs and interprets debates over the meaning of female citizenship At the beginning of their political campaign in 1835 women tended to disavow the political nature of their petitioning but by the 1840s they routinely asserted women's right to make political demands of their representatives This rhetorical change from a tone of humility to one of insistence reflected an ongoing transformation in the political identity of petition signers as they came to view themselves not as subjects but as citizens Having encouraged women's involvement in national politics women's antislavery petitioning created an appetite for further political participation that spurred countless women after the Civil War and during the first decades of the twentieth century to promote causes such as temperance anti lynching laws and woman suffrage

*Faith and the Presidency From George Washington to George W. Bush* Gary Scott Smith, 2006-10-12 Publisher description

*University, Court, and Slave* Alfred L. Brophy, 2016-07-18 University Court and Slave reveals long forgotten connections between pre Civil War southern universities and slavery Universities and their faculty owned people sometimes dozens of people and profited from their labor while many slaves endured physical abuse on campuses As Alfred L. Brophy shows southern universities fought the emancipation movement for economic reasons but used their writings on history philosophy and law in an attempt to justify their position and promote their institutions Indeed as the antislavery movement gained momentum southern academics and their allies in the courts became bolder in their claims Some went so far as to say

that slavery was supported by natural law The combination of economic reasoning and historical precedent helped shape a southern pro slavery jurisprudence Following Lincoln s November 1860 election southern academics joined politicians judges lawyers and other leaders in arguing that their economy and society was threatened Southern jurisprudence led them to believe that any threats to slavery and property justified secession Bolstered by the courts academics took their case to the southern public and ultimately to the battlefield to defend slavery A path breaking and deeply researched history of southern universities investment in and defense of slavery University Court and Slave will fundamentally transform our understanding of the institutional foundations pro slavery thought *The Pearl* Josephine F.
