setting the poetry a league ahead of all other modern verse There is a multitude of unparalleled themes that are confronted in this 100 plus collection of verse alongside established forms and topics The list ranging from life to death and ambition to failure is too varied and extensive to list in its entirety Humour is a primary objective of the book and one that is recurrent one fantastic example The damage is already done basks in its own self glory and is truly postmodern in its awareness of its own aptitude and magnitude Love poems are prevalent too within the collection although this is not to say that all of the love poetry is traditional The last ounce Modern day love and Oh don t get pissed again reject the style and content of the canonical love poem for something a little more postmodern As well as a variation in themes forms both traditional and original also vary to best depict or satirise the situation For example A child for the millennium uses free verse and elaborate language to parody its content that is the degenerate youth culture The result is that ironically the uneducated youth is unable to comprehend the issues that are in fact so pertinent to their lives as is the case in real life also This book is guaranteed to taunt you haunt you and leave you questioning your position in the contemporary situations that the author so ingeniously presents
