Slow Dancing At Miss Pollys:

Slow Dancing at Miss Polly's Sheila Ortiz Taylor, 1989 **Lesbian and Gay Voices** Frances A. Day, 2000-06-30 With a foreword by Nancy Garden the highly acclaimed author of Young Adult Fiction this thoughtfully written annotated bibliography reviews picture books young adult fiction short stories nonfiction works and biographies for young readers Entries specify the age level appropriateness of each work as well as literary awards received for the work Each annotation is followed by a list of topics in the work which the user will find cross referenced in the topic index With additional recommendations on books for librarians educators and parents and a set of suggested guidelines for evaluating books this user friendly guide is valuable as both a reader resource and as collection development tool The guide also provides author profiles of selected writers who have made outstanding contributions to this field of literature This information is complemented by inspiring author quotes photographs and lists of their books categorized by age level appropriateness The up to date information on helpful resources for teens and their families found here along with a select bibliography and additional indices make this comprehensive guide a powerful and important reference tool for helping young gay and lesbian readers

Latin American Writers on Gay and Lesbian Themes David William Foster, 1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe

Chicano/Latino Homoerotic Identities David William Foster, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company **Misplaced Objects** Silvia Spitta, 2009-07-01 When things move things change Starting from this deceptively simple premise Silvia Spitta opens a fascinating window onto the profound displacements and transformations that have occurred over the six centuries since material objects and human subjects began circulating between Europe and the Americas This extended reflection on the dynamics of misplacement starts with the European practice of collecting objects from the Americas into Wunderkammern literally cabinets of wonders Stripped of all identifying contexts these exuberant collections including the famous Real Gabinete de Historia Natural de Madrid upset European certainties forcing a reorganization of knowledge that gave rise to scientific inquiry and to the epistemological shift we call modernity In contrast cults such as that of the Virgin of Guadalupe

arose out of the reverse migration from Europe to the Americas The ultimate marker of mestizo identity in Mexico the Virgin of Guadalupe is now fast crossing the U S Mexico border and miracles are increasingly being reported Misplaced Objects then concludes with the more intimate and familial collections and recollections of Cuban and Mexican American artists and writers that are contributing to the Latinization of the United States Beautifully illustrated and radically interdisciplinary Misplaced Objects clearly demonstrates that it is not the awed viewer but rather the misplaced object itself that unsettles our certainties allowing new meanings to emerge The Cambridge Guide to Women's Writing in English Lorna

Archives Linda M. Morra,2020-01-15 The image of the dusty undisturbed archive has been swept away in response to growing interest across disciplines in the materials they house and the desire to find and make meaning through an engagement with those materials Archival studies scholars and archivists are developing related theoretical frameworks and practices that recognize that the archives are anything but static Archival deposits are proliferating and the architects practitioners and scholars engaged with them are scarcely able to keep abreast of them Archives archival theory and archival practice are on the move But what of the archives that were once safely housed and have since been lost or are under threat What of the urgency that underscores the appeals made on behalf of these archives As scholars in this volume argue archives their materialization their preservation and the research produced about them are moving in a different way they are involved in an emotionally engaged and charged process one that acts equally upon archival subjects and those engaged with them So too do archives at once represent members of various communities and the fields of study drawn to them Moving

Archives grounds itself in the critical trajectory related to what Sara Ahmed calls affective economies to offer fresh insights about the process of archiving and approaching literary materials These economies are not necessarily determined by ethical impulses although many scholars have called out for such impulses to underwrite current archival practices rather they form the crucial affective contexts for the legitimization of archival caches in the present moment and for future use
