art class mysteriously switches places with Laura Life begins to unravel Laura then realizes this isn't the first time Shelly has moved into another person's body and fragments of other people's memories have jumped with her including those of Donald's wife Laura begins to grasp that reality or at least humanity's perception of it may be more flexible than anyone wants to admit And though she can't explain how or why she suspects the aliens are behind it and will need Donald's help to stop them In an egocentric society that sleepwalks through the rituals of daily life would people even notice if the world around them suddenly and inexplicably changes Part Jonathan Lethem *Amnesia Moon* and part Kurt Vonnegut *Slaughterhouse Five* Douglas Lain's latest novel uses science fiction's alien invasion rubric to examine and undermine the world we take for granted This deeply unsettling satire places him alongside contemporaries like Jeff VanderMeer and Charles Yu as one of his generation's most exciting and challenging speculative fiction voices
