Great White Way throughout the country's darkest years. In keeping with the Depression and the events leading up to World War II, 1930s Broadway was distinguished by numerous political revues and musicals, including three by George Gershwin: *Strike Up the Band*, *Of Thee I Sing*, and *Let Em Eat Cake*. The decade also saw the last musicals by Gershwin, Jerome Kern, and Vincent Youmans found Richard Rodgers and Lorenz Hart in full flower, and introduced both Kurt Weill and Harold Arlen's music to Broadway. In *The Complete Book of 1930s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway from 1930 through 1939. This book discusses the era's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. It includes such shows as *Anything Goes*, *As Thousands Cheer*, *Babes in Arms*, *The Boys from Syracuse*, *The Cradle Will Rock*, *The Green Pastures*, *Hellzapoppin*, *Hot Mikado*, *Porgy and Bess*, *Roberta*, and various editions of *Ziegfeld Follies*. Each entry contains the following information: Plot summary; Cast members; Names of all important personnel, including writers, composers, directors, choreographers, producers, and musical directors; Opening and closing dates; Number of performances; Critical commentary; Musical numbers and the performers who introduced the songs; Production data, including information about tryouts; Source material; Details about London and other foreign productions. Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and list of published scripts, as well as lists of black-themed and Jewish-themed productions. This comprehensive book contains a wealth of information and provides a comprehensive view of each show. *The Complete Book of 1930s Broadway Musicals* will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

Musical Plays ... Federal Theatre Project (U.S.), Albert Julian, 1937 *Musical Observer*, 1929 **An Index to Articles Published in The Etude Magazine, 1883-1957, Part 2** Pamela Richardson Dennis, 2011-01-01

Annotation: The Index is published in two physical volumes and sold as a set for 250.00. As America's geography and societal demands expanded, the topics in *The Etude* magazine, first published in 1883, took on such important issues as women in music, immigration, transportation, Native American and African American composers and their music, World War I and II, public schools, new technologies, sound recordings, radio, and television, and modern music, jazz, gospel, blues, and early 20th-century composers. In addition to regular book reviews, teaching advice, interviews, biographies, and advertisements, though a valued source particularly for private music teachers with the de-emphasis on the professional elite and the decline in salon music, the magazine ceased publication in 1957. This Index to the articles in *The Etude* serves as a companion to E. Douglas Bomberger's 2004 publication on the music in *The Etude*. Published a little over fifty years after the final issue reached the public, this Index chronicles vocal and instrumental technique, composer biographies, position openings, department store orchestras, the design of a successful music studio, how to play an accordion, recital programs in music schools, and much more. The Index is a valuable tool for research, particularly in the music culture of America in the late nineteenth and early twentieth centuries. With titles of these articles available, the doors are now open for further research in the years to come.
